Membership Is 100; Finance Campaign of \$300.00 Is Contemplated

The Young Women's Christian Association has started a membership campaign to secure 200 members before the year is out. Up to the present time 10 girls have turned in their membership cards. "We have also started a finance campaign," said Miss Gillies Y. W. C. A. Secretary. "We are going to try and raise \$300.00. The members will be divided into teams which will vie with each other in raising funds. The bungalow is open every Sunday at 3:00 for any of the girls. They can use the piano which Mrs. Chambers has so kindly loaned us, or make candy in the kitchen. We want the girls to feel at home. They can also use the bungalow any noon hour to cook cookies."

The Cabinet members of the Association are as follows: President, Jewel Tozier; Vice President Katherine Bridges; Secretary, Caroline Cole; Treasurer, Betsy Wootton; religious meetings, Mabel Miller; social service, Marjorie Cogswell; social, Erna Petzold; music, Marie Churchill; mission, Ruth Sears; house, Lucile Cogswell; Bible study, Vaughn McCormack.

Rev. Wilkinson, of the Methodist church, will speak at the regular meeting Tuesday at four. Special music has been arranged.

SOPHOMORE COMMITTEES DISCUSS MIX PLANS

A joint meeting of all the Sophomore committees to discuss plans for the Freshman-Sophomore mix, was held Thursday evening at the Gamma Phi Beta house.

"Everything is going fine, but we do not feel that we can give out our plans," said Emmett Rathbun, chairman of the Sophomore committee on the mix.

STUDENT BODY FACES PROBLEM OF REDUCING DEFICIT

The Student Body began this year with an outstanding debt of \$2,457.15. The two largest items of this debt were the note of the First National Bank for \$1,650.00, with interest, and \$50.00, with interest, to Mr. Bezdek on his salary for last year. The Student Body could have paid Mr. Bezdek his salary last spring, but it would have been necessary to have paid eight per cent for the money at the bank, and Mr. Bezdek kindly let the amount at six per cent. The payment of this debt has left but a small surplus to begin the active year, and the indications are that the returns from games and concerts will be hardly as large as they were last year. The football schedule is apparently not quite so profitable, and the hard times make the returns from concerts and other events an entirely unknown quantity. With this condition of affairs facing the Student Body, the only method of reducing the debt this year will be through retrenchment wherever possible.

In line with this, not quite so many men will be taken on the Glee Club trips and the club will not leave the state. The trip through Eastern Oregon has been arranged so that the club leaves Monday morning and finishes Saturday evening, thereby cutting out expensive over-Sunday stops. Not quite so many men will be taken on other teams as formerly. The University Band will furnish the music for the Student Body dances, instead of it being necessary to hire a downtown orchestra.

Since the Student Body started the year so much in debt, it must be realized by the students that every expense must be balanced by a return, regardless of the Student Body tax, if the Student Body wishes to end the year with a very much reduced debt. If, however, the tax is required to meet deficits, then the Student Body will find itself in the same position at the beginning of next year as it found itself this year.
