

## BAND MEN PLAN DANCE

They Say It Will be the Biggest Informal of the Year; Will Play Own Music

A dance that they expect to make the "biggest informal" of the year is being planned by the members of the University Band. "The band will play all the music—something that has never been done before. There will be feature dances and surprises as never before. A crowd of 200 couples as never before. A crowd of 200 couples is expected," say Maurice Hyde, Bert Jerard and Ernest Vesper, who constitute the committee.

The date has not been definitely set, but is about the middle of November.

One purpose of the event is to enable the Student Body to raise funds to cover the cost of the 25 "band" sweaters that have been ordered. These are to be the regular Oregon sweater of blue, and they are to bear a yellow lyre as the band insignia. They are expected to arrive before the O. A. C. game.

In anticipation of a strenuous season, the band is practicing twice a week, on Wednesdays at 7:00 and on Fridays at 4:00.

## DR. MARGOTTE WILL SPEAK AT VESPERS

Is Also to be on Campus Monday. "The Divinity of Christ" Is Subject for Evening of Nov. 2

Dr. Henry Marcotte, of Westminster Church, Portland, will arrive on the campus November 1. He will speak that afternoon at Vespers at 4:30 o'clock, in Villard Hall. At 6:30 he will address a union mass meeting of University students and members of the various Christian Endeavor Societies of Eugene. Monday he will be in residence on the campus and will visit and speak before at least two fraternities. Monday evening he will speak in Villard Hall at 7:15 on "The Divinity of Christ." This meeting is open to the faculty and students of the University.

## ARCHITECTURAL CLUB ORGANIZED THURSDAY

First Meeting Will Be Held October 21; Successful Architects Will Deliver Lectures

The University of Oregon Architectural Club was organized last Thursday at a meeting of the students of the School of Architecture. Kenneth Robinson was elected temporary chairman and he appointed a committee consisting of Ordway Gould, John McGuire and Russell Calkins to draw up a constitution and perfect plans for the organization.

These will be acted upon at the next meeting, which will be held October 21. The club will be a member of the Pacific Coast Architectural Association, and will have as its main object the procuring of successful architects who will lecture at the various meetings of the club. As a member of the large association, it will be able to secure noted men for this purpose, and its members at the same time will be allowed to compete for a thousand dollar scholarship given by the association for certain drawings.

About 18 members have declared their intentions of joining the club. At the meeting a week from Wednesday Allen Eaton and Professor Lawrence will address the members.

## ANNOUNCEMENT

All those interested in literary work are urged to attend the first meeting of the Laurean Society. The meeting will be held Tuesday evening at 7:30, in Dr. Schafer's room in the Library. All of the old members are urged to be present, as the election of the new officers will be held and the society reorganized.

Mrs. Carrie Chapman Catt, Ames '08, a world leader of women, in the will of Mrs. Frank Leslie, widow of the great magazine publisher of other days, is made trustee of the \$2,000,000 estate of Mrs. Leslie, which is to be expended in behalf of equal suffrage.

## SOCCER MUST WAIT

Game With O. A. C. Cannot be Played Till Later; No Others Yet Scheduled

"We are building two soccer fields," said Dr. E. J. Stewart, of the Oregon Agricultural College, to Mr. Dymment, at Corvallis Thursday, "but they are not yet finished. The new turf field that has been completed is being used for inter-collegiate football. As soon as the football season is over I will issue a call for soccer players, and if the response is sufficient, the College will, as soon as possible, play home games with the University.

If enough men do not come out, we will let the game go by this year."

This is as near as Oregon's challenge has come to an answer from O. A. C. Meanwhile, over a score of anxious men are perfecting their form by regular practice on the lower campus. It had been hoped that a game or two could be arranged for this fall, but so far this has been impossible. Contests have not yet been scheduled with Columbia, Willamette or Multnomah. Last year's games were all played after Christmas, and it is probable that the first games this season will be near the first of the second semester.

All of last year's stars are back on the campus, and of these, Ampoker, Dinneen, Pearson, Ford, Ralston, have taken up the regular practice. Hendricks, Nelson, Spellman, Turk, Wilhelm and Boylen are at present engaged in other Student Body work. Of the new men, Merrian, Ford, Nail, Fletcher and Belknap are beginning to emerge from the general rabble. Goreczky, of Columbia, Haseltine, of

P. A., and Sengstake and Crockett, all new on the Oregon squad, but their previous records will give them a long step in the direction of the Varsity team.

"Last year we had to take anyone who would come out," said Mr. Dymment. "Now this year, we have two candidates for every position. Only those who come out will get on the team."

About twenty men have turned out thus far who are regarded as likely material and it is expected that this number will be greatly increased as soon as games have been arranged.

## OREGON CO-ED HAS AMBITION TO BE A ROSEBURG LAWYER

Helen Hamilton Will Become Her Father's Law Partner. Dr. Hope's Only Woman Student

"Hamilton and Hamilton, Attorneys at Law."

No, dear reader, this isn't a classified advertisement of a local barrister—it is a graphic reproduction of a gilt-lettered sign that will adorn the doorway of a modest-looking little law office in Roseburg a few years hence, when Helen Hamilton becomes the legal partner of her father, J. W. Hamilton, a Regent of the University, and Circuit Judge of the Southern Oregon district.

You see, Miss Hamilton is taking the course in law at the University and intends to follow the legal profession as a life career. She enjoys the distinction of being the only co-ed registered in Dr. Hope's department.

Class pipes in stock at Obak's.

*'That Overcoat Certainly Hangswell'*

Such is the customary comment of the purchaser of a Stein-Bloch Overcoat

There's a noticeable out-of-the-ordinary-ness to the hang and drape of a Stein-Bloch overcoat that gives it that "Hangswell" look.

For three-score years Stein-Bloch overcoats have been leaders in stylish comfort and snugness.

May we hang one on you?

The Price? \$25.00 is the average—some are a trifle less, some more.
