

# U. OF W. DEBATERS TRY TO ANSWER

Washington Has Not Replied; Contest With O. A. C. Has Been Arranged

The question for the triangular Pacific Coast debate has not yet been determined, because the University of Washington has not yet made its reply, though Stanford has been heard from.

There will be five contests this year for the Varsity team: one with Washington, one with Stanford, two with O. A. C., and two with Montana. The debate with O. A. C. was arranged yesterday when the representative of that college was in Eugene to see Coach Prescott.

Ten Varsity debaters will be needed this year—five teams. Tryouts will be held in the usual way, but four or five of the old men are practically sure of their places says Mr. Prescott.

As soon as the question is decided, work on debate will start, preparatory to the first tryout.

The year's debating schedule has not yet been arranged.

## JOHN KELLY, '12, WRESTLER, VISITS FRATERNITY BROTHERS

John Kelly, who for the past two years has held the New England championship in wrestling, was a guest of his fraternity brothers at the Sigma Chi house last week-end.

Kelly was graduated from Oregon University in February, 1912, and he then entered the Boston School of Technology. At that school he was, for two years, captain and director of the wrestling class. When he was graduated from there in 1914, he held the championship of New England. He is now at Bonneville, Oregon, on the Columbia river, where he is employed at the fish hatcheries. Next year he will probably coach the wrestling team at Washington High School in Portland.

Henry and Charles Fowler and Dave Hawkins were also among the alumni at the Sigma Chi house.

Henry Fowler is city editor of the Albany Democrat, and Charles is teaching school at Oakville, Oregon.

Dave Hawkins, ex-'15, is traveling for the Blumauer-Frank Drug Co., of Portland.

## WAR DOES NOT AFFECT LOCAL GERMAN CLUB

The initial meeting of the German Club was held at the Kappa Kappa Gamma house Tuesday evening. The large number present indicated the interest manifest thus early. President Rose Seiler expressed herself as much pleased and voiced hope that the meetings should be of great educational and social value.

Sam Bullock rendered two selections on the piano, which were highly appreciated. Professor O'Donnell read a paper, giving a vivid picture of the causes of the present war. Dr. Jean DuBuoy, a guest of the club, spoke at length, indicating clearly Germany's position.

Refreshments were served. The next meeting will be held at the Gamma Phi Beta house.

## PROF. COLIN V. DYMENT LEAVES FOR TRIP SOUTH

Professor Colin V. Dymont, who left this noon to attend the meeting of the State Editorial Association at Oregon City, will not return to the campus for a week or ten days. Mr. Dymont has been called south on personal business. From California he expects to make a brief trip into Nevada to see the University of Nevada, which has just come under the administration of his college friend, A. W. Hendrick, as president. Dr. Hendrick recently visited Mr. Dymont in Eugene.

There is to be a graduate famine at the University of Kansas in 1916. Not a famine in Seniors, but of graduate tubes in the chemistry department, because price upon a shipment of such tubes increased, on account of the war, from \$18 to \$175.

Oxford, Oct. 15—Oxford University will open as usual, in spite of the war, and F. J. Willie, Oxford Secretary of the Rhodes Trust, has cabled Rhodes scholars to report for study.
