

## PARENTS TO GET DOPE ON WILLIE'S DOINGS

Faculty Inaugurates Prep School System of Reports to Keep Tab On Underclassmen

Parents of underclassmen will hereafter be notified of the absence of their prodigies.

Dean Straub expects, at the end of this semester, to send to the parents of each Freshman and each Sophomore, a card showing the number of absences made by the student for that semester. No comment will be made except for an explanation of the rule regarding the loss of one-sixteenth of a credit for each cut.

A list of names will be obtained from the instructors of students who are likely to fail at the end of the first semester.

A letter will be sent to the parents during the Christmas vacation advising them to keep their offspring home until the second semester opens. The advantage of this will be that students will be permitted to start in again at the beginning of the second semester. Otherwise a student not making eight hours "flunks out" and can never re-enter this University.

Harvard University opened its 279th year with an enrollment of 5,000. The class of 1918 will number 700 students.

So few underclassmen have shown interest in the customary Freshman-Sophomore scrap at the University of Michigan, that it is probable that there will be no interclass fight this year.

The women of Ohio State University signed a "Declaration of Independence," stating that they refuse to be "queened" at football games. Hereafter they will bunch together in a woman's section of the bleachers and root.

One hundred and thirty prisoners in the federal penitentiary at Leavenworth and the state penitentiary at Lansing are doing correspondence work with the Kansas State Agricultural College.

The Editorial Department of the "Oregonian" wish that all Seniors, Juniors, members of fraternities, sororities and Oregon Club, have their pictures taken at the earliest possible date, ordering one "solio" print for each time the picture is to appear.

In the football games this fall the Princeton players will be numbered. Large figures will be sewed on the backs of the jerseys to enable the spectators to distinguish the players by referring to the lists which will be given them.

Lyle Steiwer, President of the Women's League, said today that a petition had been granted to hold a Women's League Mix on Friday, December 4, but that this date will probably have to be changed, owing to the fact that numerous other affairs are scheduled for the same night.

Phi Delta Theta entertained informally at dancing on Friday evening. Leslie Tooze was a luncheon guest at the Iota Chi house Wednesday.

The members of Kappa Alpha Theta having birthdays in November entertained informally at a birthday party Friday evening.

A new sorority has come into existence. It is the International Association of Dames, and has chapters at Harvard, Princeton, Chicago, Illinois, Kansas, Yale and Cornell. Members must be wives of University professors.

After a motion to do away with the office of high school editor, the secretary of the Kansas Board of Publication, at a recent meeting, had to change his vote to "no," although everyone else voted "yes," to escape the embarrassing task of calling on someone to spell "unanimously" for him.

The Stanford University Freshmen in charge of piling up the annual bonfire have devised an efficient method of getting their classmates to put in a fair share of work on the structure. Each first year man will be given a ticket and will be credited for the number of hours' work by punches on the card.

## Y.M. TO BOOST FOR FACTORIES IN EUGENE

Koyl Sees Economic Outlet for Student Labor in Urban Industries

More factories for Eugene is the slogan of a campaign to be waged by the University Y. M. C. A., under the leadership of Charles Koyl, the development of the University depends on urban industries that will supply work to students wishing to work their way through college.

Koyl says that he knows 100 young men who would gladly come to the University if they knew they could have been assured of work to pay their college expenses. This year there were 98 applicants for work at the Y. M. C. A. employment bureau, and work could be found for only 44. Many of these 44 have been unable to secure regular employment, and it is quite possible that scarcity of work will force some of them to return home before the semester is over.

A young man at Grants Pass said to an alumnus there: "I notice that the graduates of the University of Oregon are always proud of their school. They are so much more enthusiastic than the alumni of other institutions that I suppose they must have more to be proud of."

Dr. W. Claude Adams, ex-'05, who attended the Varsity in 1900-01, and later took his degree of D. D. S. at the University of Denver, is now president of the Portland District Dental Society, and is active in pushing the campaign against the proposed dentistry bill.

Dr. Chester A. Downs, '10, who was graduated from the Medical School at Johns Hopkins last spring, has just taken up work in the Hartford Hospital, Hartford, Conn., where he will be engaged for the next two years. Dr. Downs was called to the coast this summer by the illness of his mother, who died at her home in Portland early in September.

Martin Hawkins, LL. B., '13, now practicing law in Portland, was appointed municipal defender by Judge Stevenson, to act for the week of October 5.

Table Board at Men's Dormitory may be had at \$3.75 per week. Dining room is now open.

Call 944 when you miss your Emerald.

MINNA GOMBEL IN "A PAIR OF SIXES"

"A Pair of Sixes," from all accounts the merriest parcel of hilarity that New York has known in many seasons, is on its way to the Eugene Theatre, where it is scheduled to be disclosed on Wednesday, November 11th. "A Pair of Sixes" does not depend entirely upon its worth as a farce to "get over." The interpreting company is as admirable as the medium. It contains among others, Herbert Sorthell, Oscar Figman, Orlando Daly, Josie Intropidi, Minna Gombel, Bernice Buck, Eleanor Fairbanks, Jack Raffael and Richard Earle. Prices 50, 75, \$1.00, \$1.50.

Have the Emerald sent home.

Although there is no general alumni association at Yale, there is an alumni registrar, who is paid by the University, and an alumni paper, published by a corporation of graduates. The paper is self supporting.

"My supplication is as the bald-headed man's prayer: Oh, Lord, send down the back numbers."—E. N. Blythe, '02. The manager will attend to Mr. Blythe's request, except for those numbers which are out of print.

Bessie Anderson, of the class of 1914, did not quite complete her work at the University last spring. She is now working in San Francisco, but will re-enter college at midyear and take her degree with the class of 1915.

**SAVOY THEATRE**  
Ten Cents  
Saturday Special  
"The Waif," a big six-reel electric feature. It received a page special review in the Picture World. A feature we especially commend.  
Monday and Tuesday
