

## CRIPPLED ELEVEN TO FIGHT O.A.C. TO FINISH

### RALLY FULL OF CHILI AND "CON" CLOUDS OF GLOOM EVAPORATE

AFTER A LANTERN DANCE THROUGH THE STREETS, VILLARD IS OVER-CROWDED WITH STUDENTS AND TOWNS PEOPLE WHO SHOW APPRECIATION

### DRAMA IN THREE DRAMS AGGIE COLORS ADORN FIJI HOUSE-BUT IT MEANS MUMPS

Thespic Critics Chortle Over Program and Are Inspired to a Transcendent "Drammer"

#### "SOME PEP AND LOTS OF PIP" A COMEDY-DRAM

By Milton Stoddard and Howard Hall. Time—Last night from 6:45 to 11:00.

Place—Eugene.

Scene: Eleventh and Willamette streets.

Promptly at 6:45 the rally line, in unique formation, four abreast, swinging red lanterns, zigzagged in "snake style" down to Willamette and Eighth streets, where "On, Oregon, On," the new song, was sung, and various yells given.

The Varsity letter men and the band led the strange line, goaded on by feverish exhortations by the "Gutta Percha Kid," Vospers' assistant. At every street intersection a glow of red fire lit the path of the procession. If there were any Eugene citizens who failed to come down on Willamette street, it was because they were confined to their beds like Jake Risley. Everyone else was there. On the Sigma Nu porch "Tick" Malarkey, the injured Irish halfback, unable to join the evening's hilarity, was cheered again and again.

#### ACT TWO

Scene: Villard Hall.

Enter everybody and others with much merriment.

"Plenty of seats left," shouted the ushers, "but they're all taken;" and many have to stand.

Football squad marched in and sat on the stage, the crowd shouting all the while.

Bezdek speaking—"Are we licked?"

Crowd—"No!"

Bezdek—"Are we down-hearted?"

Crowd—"No!"

Bezdek—"Have we a great state?"

Crowd—"Yes!"

And other things the coach said, to which the crowd cheered, and when he spoke of the team, everybody shouted.

Then followed thirteen acts of vaudeville.

(Continued on page 4.)

### THE HEAD OF THE FAMILY HAS HIS TROUBLES

### What the Critics Say Today

Garrett—We will do as we always have done—give them all the fight we have.

Crowell—All we have is the fight and the coach.

Huntington—The tougher it is the better we like it.

Bryant—We are going to win if it takes every man—we have a second team.

Powrie—We'll give them all we've got.

Cossmann—It will be no walk for either team.

Cawley—A good game and a close one. We will all be there.

Cornell—We have had our fill of bad luck, but we will show them the Oregon spirit.

Monteith—I am making no statement.

Spellman—It will be the old Oregon fight.

Malarkey—No Oregon man ever quit.

Graduate Manager Tiffany—We are going to lick them. They never can beat us.

Vospers—We are going to win the game. The boys will be back of Bezdek from start to finish.

Callison—It will take the same old scrap.

Mitchell—We have the hardest game of the year.

Hayward—We have only the remnants of a team. It is the hardest fight with the weakest team of the season. They may beat us, but they can't lick us.

Boyle—We will win, but win, draw or lose, we will all be back of the team, the coaches and the scrubs.

Coach Bezdek—We haven't the team that I would like to see, but the team that goes in will make good.

Dallenbach—It looks bad. The men have a fighting chance and we have confidence that the boys will put up a good fight.

Captain Parsons—We have the Oregon Professor H. C. Howe—The Oregon team has played under unheard of bad luck this season. Bezdek is now training his third successive center, and his fourth successive quarterback. These two positions form the pivot around which the team work is perfected. The team has all sorts of football in it, the heartiest get together spirit, and scads of fight. Only the long succession of setbacks to finished team work has kept it from an unbroken succession of victories, in my opinion. Of course, a team that goes into each game with a new lineup must remain more or less an unknown quantity to the end, but the old Oregon fight will be there, whatever the lineup. I do not look to see O. A. C. make any three touchdowns on us. In fact, they'll have to show me before I will believe they can make any touchdown on this year's Oregon team.

Weist—We will fight to the finish.

Cornwall—We will fight farther than that.

Beckett—You know us, Aggies.

Snyder—We'll be in it every minute.

Cook—I'm not talking.

Philbin—Lots of "pep" will do it.

Mitchell—It wouldn't sound polite in print.

### SOPHOMORES PREPARE TO HOIST NEW FLAG OF VICTORY

If Bezdek's proteges succeed in bringing home the bacon today or the game results in a tie, the event will be celebrated by the flying of the new Oregon victory flag, which has just been purchased by the Sophomore class.

The flag is nine feet in length and six feet in width. The upper half is yellow and the lower half green. In the center of the flag is a large "O." Below it is the word "Victory."

It is the intention to hoist the flag from the flagstaff in front of Villard for three days whenever victory is attained in any branch of athletics.

Two hundred and twenty orphans attend the University of Washington.

### CHAIRMAN OF SOPHOMORE COMMITTEE APPOINTS AIDES

At a business meeting of the decoration committee for the Sophomore dance, Roland Geary appointed the following committee to take charge of the flowers made by the town girls for the coming event: Miriam Tinker, chairman; Myrtle Tobey and Dorothy Wheeler.

Shortly after Thanksgiving a day will be appointed for the girls to assemble at the Y. W. C. A. Bungalow and make the decorations.

The faculty at Colorado State College has sanctioned the so-called new dances that have been accepted by the best society. Only the one request is made, "don't rag."

### OREGON SENDS PATCHED-UP TEAM AGAINST AGGIE CONSTELLATION

FOUR POSITIONS ON ELEVEN ARE YET INDEFINITE; BUT DOPE MAY PROVE FALLACIOUS IN VIEW OF "GOBS OF FIGHT" AND TRADITION

Risley and Cornwall Are Latest Cripples, but the Under Dog Has Often Won

By Harry Kuck.  
Oregon will be represented by a sadly disorganized team against O. A. C. tomorrow. Even Coach Bezdek is not certain what line-up he will start against the Aggies.

The positions which are filled are: Fullback, Bryant; right half, Parsons; left half, Crowell; left end, Weist; left tackle, Beckett; left guard, Snyder; right guard, Cook. The other places are problematical.

Either Sharpe or Huntington will run the team. Sharpe has been improving of late, and "Bez" has been using him at the pivot quite regularly of late.

One of several combinations may be used to fill up the line. Cossmann at center, Philbin at tackle and Hendricks at right end is one. Then Philbin may take a turn at passing the ball and Cossmann or Powrie would fill his tackle berth.

The end that is vacated by the action of the local Athletic Council in declaring Cornwall ineligible on account of his playing with Washington-Jefferson last year, is the hardest to fill. One of three men will grab the prize, Hendricks, Mitchell or Powrie.

No matter which combination the chief mentor chooses, there will be a noticeable lacking of finesse in the team work.

The personnel of the team has been changed so often of late that smooth work could not possibly be attained.

Two things are favorable to the Lemon and Yellow, however. Trainer Hayward says that the men who start that game will be in good condition. The other factor that can be placed upon the resource side is the tradition and the old Oregon spirit. The attitude of Captain Johnnie Parsons may be considered typical. "We may be out of luck, but I'm going to play a
