WOMEN'S GLEE CLUB AT EUGENE THEATRE JAN. 8

EVEN TWO DOZEN CO-ED MEL-BAS TO APPEAR IN ANNUAL CONCERT THURSDAY

VARIED PROGRAM ANNOUNCED

Quartettes, Solos and Stunts Included in Repertoire of Director Lyman's Troupe

The Women's Glee Club Concert will be given Friday night at 8:30 o'clock, in the Eugene Theatre.

The program will be divided into two parts and will consist of vocal solos, quartet selections and numbers by the club, as well as of a piano rendition by Mona Dougherty, and several skits and stunts.

The club is practicing nightly for the concert, which Professor Lyman expects to be the best in the history of the organization.

Twenty-four voices will sing the ensemble parts.

The program will be as below:

PART ONE.

Two Oregon songs—

"Alma Mater Song," Hendricks-Forbes.

"Songs of My Oregon," Howe-McCosh.

Soprano Solo—"April Morn," (vocal waltz) Batten—Virginia Peterson.

"Fairy Lullaby,"—Sherwood.

Quartette—"An Indian Lullaby"—Vogt—Eva Brock, Martha Tinker, Charlie Fenton, Leah Perkins.

Two Spring Songs—

"Spring Time"—Mendelssohn—Root.

"The Year's at the Spring,"—Mrs. H. H. A. Beach.

PART TWO.

"The Dragon Flies"—Graben-Hoffman.

Contralto Song—"My Heart at Thy Sweet Voice," (from Samson and Delilah)—Saint-Saens.

Leah Perkins.

"One Chance in a Thousand"—Geo. Tyner.

Piano Solo—"La Casthenetta"—H. Ketten.

Mona Dougherty.

Barcarolle—Offenbach-Sherwood.

EXPLODING TIRE INJURES FRESHMAN'S RIGHT HAND

The exploding of an automobile tire in Salem Sunday afternoon so lacerated Bert Ford's right hand so severely that amputation of the index finger will probably be necessary. The accident occurred about 3:00 o'clock in the afternoon, when Ford was attempting to remove a tire without first letting out the air. The tire exploded, crushing the hand with the flying rim. Bert was injured only a short time before he was to return to college. His mother writes that he will be able to be in college in a few days unless unforeseen complications arise.

Bert is a Freshman at Oregon, and pledged to the Kappa Sigma fraternity.

HERMAN OBERTEUFFER MARRIES MILDRED HEALY

After a three-year college romance, Mildred Healy, '15, and Herman Oberteuffer, '14, were married New Year's eve at the home of the bride in Spokane, Washington.

Mildred Healy, a Kappa Alpha Theta, was in college two years, and in her Sophomore year was secretary of her class, '15.

Herman Oberteuffer, a Beta Theta Pi, who graduated last year, was a member of the Varsity tennis team. City High School. Mr. and Mrs. Oberhe is now principal of the Junction teuffer will make their home in Junction City.

TO BE TAKEN FOR FROSH IS LAST STRAW, SAYS DORRIS

Senior Commander-in-Chief Seems to Make Unlooked for Impression on Visitors

Ben Dorris, Commander-in-chief of the Senior forces, came scurrying up the walk in an endeavor to overtake a man who was just ahead of him.

"Sorry to be late, Doctor," puffed Benjamin, "I was hunting for my cap but couldn't find it, so I had to wear this roof."

The Doctor, who was a stranger in Eugene, turned and took in, with one swift glance, Ben's handsome headgear. A brown felt hat shielded the learned brow and protected the artistic dome.

"But," quoth the Doctor, and fear for his friend rang in his voice, "won't the Sophomores throw you in the race if you don't wear your green cap?"

He who is chief among the wearers of the sombrero wilted in dismay.

"Mistaken for a Freshman! Wow!!"

SEVEN QUALIFY IN FINAL DEBATE TRYOUT

Absences and Sickness Put the Squad Behind in Coach Prescott's Schedule

Seven of the eight men who competed in the final tryout for the Varsity debate team successfully passed the decision of Coach Prescott. The contest was held on December 17. Those who now compose the team are Peter Crockett, Victor Morris, Fred Hardesty, Bert Lombard, Nicholas Jauregui, Cloyd Dawson and Prentiss Brown.

Absences from town and sickness have prevented the members of the team from accomplishing the work they expected to have done by this time. Mr. Prescott intended that the team have the analysis and brief nearly finished by the end of vacation, but as it is, they have just started to work upon the brief, so that work upon the speeches will not start for at least a week.

"So far," said Mr. Prescott, "all the members of the team are showing up about the same. It is just a question of ability to keep in the race," he says, "which will determine who will make up the teams in the big contests, and they are really all to be big contestants."

MUMPS VICTIMS FEWER

Five Are Taken Down During Vacation Weeks. Several Previous Cases Persist

The epidemic of mumps, that caused the early dismissal of school before the Christmas holidays, has slackened, but it has not wholly disappeared. Five cases, developed during the latter part of the vacation, have been reported, and some of the more serious of the earlier cases are still occasioning the absence of a few students.

Earl Blackaby, Mary Chambers, Glenn Wheeler, Myrtle Smith and Donald Roberts are those who were taken sick during the holidays.

Jessup Strang has returned to college after an absence of over six weeks. His was one of the first cases in school to develop.

A mot of those having new cases have had them for some time, it is not thought that they will be absent from college much longer.

The basketball game between the Sophomore and Freshman women's teams will be played Friday, January 8, at 5:00 o'clock, in the Women's Gymnasium.

WINGER IS VICTIM OF CUPID'S DARTS

ASSISTANT PROFESSOR OF MATHEMATICS ANNOUNCES ENGAGEMENT

WEDDING WILL BE IN JUNE

Fiancee Is Miss Alice McDonald, a University of Illinois Graduate of '08

One more addition to the group of faculty wives who are Eastern college women is to be made next June, when Dr. R. M. Winger, Assistant Professor of Mathematics, marries Miss Alice B. McDonald, B. A., of Charleston, Ill. The engagement of Miss McDonald to Dr. Winger was announced simultaneously in Charleston and in Eugene during the Christmas holidays.

Miss McDonald is a University of Illinois woman of 1908. She taught English in Illinois and Indiana high schools after 1908, then became a graduate student at the University of Chicago, taking Domestic Science. She is now teaching Domestic Science at the Frances Shimer School for Girls at Mt. Carroll, Ill.

Dr. Winger met Miss McDonald when he was an assistant in the Mathematics Department of the University of Illinois, Miss McDonald then being a teacher of English in the Urbana High School. The wedding will be at Charleston, which is 40 miles southeast of Urbana, the seat of the University of Illinois.

Dr. K. M. Dallenbach and Professor Don C. Sowers brought Eastern college brides to the campus last September. Mrs. Dallenbach is also a University of Illinois woman.

JUNIOR CLASS TO MEET

Delayed Meeting Scheduled for Wednesday to Discuss Oregana Policy

Wednesday morning, during the regular class hour, in Professor Howe's room, the Juniors will discuss the business policy of the Oregana.

"Several important matters are to be decided," said William Holt, manager of the 1915 Oregana. "The general policy should be determined. The printing must be attended to immediately, for some of the cuts are already made. The end of the campaign for the \$2.50 rate must be decided on. Personally, I think the best time will be about January 15."

Formerly it has been the custom to give the students two separate opportunities to take advantage of the cut rate. But this year, because the time has already been extended, a second offer will not be made, according to Holt.

Holt and one of his staff spent a good deal of their time during the holidays getting advertisements from Portland firms. "It was a bad time to do such work," said Holt, "because business men are so busy towards the end of the year. We will continue the work a few weeks later. Money will be harder than usual to raise for this purpose, because the times are so hard."

All the Juniors are urged to come to the class meeting. Several weeks ago a special meeting was called, but very few turned out, so no action could be taken.

OPENING ADDRESS GIVEN BY W. R. B. WILCOX TO BE PRINTED

The Journal of the American Institute of Architects will print the address which W. R. B. Wilcox, of Seattle, delivered at the opening of the Architectural Building on the University campus.

MEN'S CLUB RETURNS FROM GAINFUL TOUR

TWO HUNDRED DOLLARS PROFIT IS ATTRIBUTED TO MANAGER

WARBLERS VISIT SIX TOWNS

LaGrande, Pendleton and Baker Draw the Largest and Most Appreciative Audiences of the Trip

By Edison Marshall.

Two hundred dollars ahead, healthy, with six delighted towns in their wake, the University Glee Club arrived in Eugene Sunday after a tour of Eastern Oregon. The towns visited were: The Dalles, Pendleton, Baker, LaGrande, Hood River and Albany, and a big hit was made in every town.

The big feature of the trip was the \$200 gain. Last year at this time the Glee Club deficit was somewhere near \$1,000, according to Graduate Manager Tiffany. This year there is \$200 in the club coffers as the season's gain.

To Sam Michael belongs the credit, according to Tiffany. Michael got the reduced rates at the hotels, he furnished the newspapers with readers and arranged all the advertising. He went over the ground a week before the trip and made all preparations.

The greatest gain made was in friends for the University. Everywhere big crowds turned out, laughed and clapped and enjoyed themselves throughout the concert, and went away satisfied. The soloists, Gillette, Sprague and Vawter, got big "hands" everywhere, so did the stunts, the quartette, the Oregon songs, illustrated by lantern slides, showing views of the University; the entire concert, in fact.

"Last evening's entertainment given by the University boys was an event to inspire home loyalty to Oregon educational institutions," said an editorial in the LaGrande Observer. "It was a show given by 'our boys,' and they are real buoyant, active, energetic boys. They hail from all parts of the state, and no one section seems to have it over the remainder of the state in the production of men."

"From Sam Michael, business manager, to the high tenor and the popular baritone, each of the bunch is manly, high grade, and a credit to the citizenship of Oregon. They also reflect the training they are receiving at the U. of O., and President Campbell, along with other members of the staff, can well feel proud of the Glee Club."

Other newspapers in other towns were no less generous in their praise. LaGrande, however, as always, turned out the biggest and most enthusiastic crowd.

Pendleton and Baker ran second in size of crowd and enthusiasm. Hood River was a close third. The crowds at Albany and The Dalles were smaller, but the concert "got by" equally well.

The Glee Club has several trips yet to make. January 22 the club will sing at Corvallis. About February 11 the club will go to Portland, to sing at the Ad Club and the High Schools, and to carry on the good work of making money and friends for the University.

OREGON STUDENT INVENTOR OF A TELEPHONE METER

Ralph Milne, a student majoring in Architecture, is the inventor of an automatic telephone meter which records the time spent in using the instrument. Charges could then be made on a time scale. Mr. Milne has already received a certificate of patentability from his attorney at Washington, D. C., and expects to apply for a patent, soon.

S.A.E. IS FIRST NATIONAL FRATERNITY TO ENTER O.A.C.

Delta Omega Club, of Corvallis, Announces Obtaining of Charter During Christmas Recess

According to reports received from the Oregon Agricultural College, Sigma Alpha Epsilon has granted a charter to the Delta Omega Club at that institution, being the first national general fraternity to enter the field.

The announcement of the obtaining of the charter has been under consideration by the national body since 1909, the members of the local are elated over their success.

From 1880 to 1884 Alpha Tau Omega maintained a chapter at the Agricultural College. Since that time, however, no general national collegiate fraternity has existed there, although a national pharmacy fraternity and a number of locals have flourished.

The news of the establishment of the new chapter has caused something of a stir in the fraternity world. It is taken to signify that the Agricultural College, heretofore one of the largest colleges in the country without fraternity, has raised its scholastic rating to the required standard and is considered by at least one fraternity as a desirable field.

CAPTAIN CORNELL UNDERGOES OPERATION

Leader of 1916 Team Spends Holiday Vacation in Portland Hospital

Anson Cornell, captain-elect of the University of Oregon football team for 1915, is recovering rapidly from an operation on his knee. The operation took place early in the Christmas vacation, at the Good Samaritan hospital, in Portland.

An X-ray examination of the injured knee disclosed a piece of torn cartilage under the knee cap. The knee cap was removed and the torn cartilage sewed back in place. The operation was an unusual one and is believed to have been a success. Last year Cornell had trouble with water on the other knee.

This past season Cornell was unable to play through a complete game of football. In the Idaho game at Moscow the knee received its first injury. In the game with Washington State College the injury was again accountable for "Nance's" short stay in the game. At the University of Washington game in Seattle the miniature quarterback was in the game for only a few minutes.

Anson Cornell will be back in Eugene as soon as he is able to get about on crutches. The first bandages were removed last week and it is possible that he will be back on the campus the last of the week.

If the injury is completely remedied by spring, Cornell will be back on the diamond for baseball.

DAVID CAMPBELL WILL GIVE PIANO RECITAL JANUARY 20

David Campbell, formerly head of the Piano Department of the School of Music, will give a piano recital in Villard Hall during the assembly hour on January 20.

David Campbell is a brother of President P. L. Campbell. He has recently returned from a year's study in Europe, and is now engaged in concert work, with headquarters in San Francisco.

The Eutaxian Literary Society met this evening at the Young Women's Christian Association Bungalow. Miss Mary Perkins gave a talk on "Making Your Own Library."

BASKETBALL PRACTICE ON IN FULL BLAST

WHEELER, ONLY 1914 LETTER MAN ON SQUAD, KEPT OUT BY MUMPS

BOYLEN FILLS VACANCY

Men Weakened by Long Vacation, and Last Night's Showing Proved Slow

By Harry Kuck.

With the first conference game a month distant, Varsity basketball aspirants started practice in earnest last night.

Holiday celebrations put a big crimp in most of the aspirants' endurance and stock of wind, and last night's exhibition wasn't the fastest in the world.

Coach Bezdek has determined to secure staying power as quickly as possible and has laid down his training ultimatum: "Cut out all foolishness from this on, boys; no more late hours nor use of tobacco in any form."

Only four men out of the whole squad took advantage of the long vacation to improve their scoring ability. Sharpe, Lyle Bigbee, Wheeler and Skeet Bigbee spent most of their vacation in Eugene and practiced getting the ball through the little iron hoop nearly every day.

The squad has dwindled in size from thirty to about twenty, and Coach Bezdek announces that by the end of the week he will slice off another quintet and then reserve the floor for the remaining fifteen from four to six every afternoon.

Glenn Wheeler, the only man on the squad who won his letter last year, is out of the game with the mumps. He fell heir to them last week and will be unable to get going for another week. Tommy Boylen, a 1912 letter man, is filling Wheeler's place in the tentative line-up.

No captain has been elected yet, the plan being to wait until the team is practically chosen, so that the man chosen will be sure to have a place.

Men who have been turning out regularly for the team are: Dudley, Brownell, Roberts, Sharpe, Skeet Bigbee, Burgard, Gorman, Furney, No-Huggins, Fee, Wood, Morton, Buck Bigbee, Burgard, Gorman Furney, Norene, Dolph and Hampton.

SOPHOMORE DEBATE TEAMS ARE CHOSEN

Second Year Class Groom Ciceros for Annual Underclass Debate on January 22

Robert McMurray, George Colton, Howard McCulloch, Milton Stoddard, Clinton Thienes and Henry Thorsett have been chosen to represent the Sophomores in the annual underclass debates to be held on the afternoon and evening of January 22.

As yet it is undecided which of the six will represent the affirmative and which the negative sides of the question: Resolved, that the Federal Government Should Own and Operate all Interstate Railways.

In the afternoon the affirmative three of one class will endeavor to "talk" to the negative three of the other class, while in the evening the remaining team will repeat the programme.

Contrary to the usual method of having the debate committee select the judges, this year the teams will select their own judges.

In order thoroughly to stamp out any remaining traces of mumps, the Administration Department requests a prompt report of any cases that may develop.
