

BETH REAH INSTALLED AS TAU OF ALPHA PHI

Representatives from Five Different
Colleges Come to Attend
Installation

Beth Reah, a local women's sorority, was installed as Tau of Alpha Phi Friday evening, January 8, making the eighth national women's fraternity on the campus.

Alpha Phi is one of the oldest fraternities in existence, being founded at the University of Syracuse October 20, 1872. The fraternity has 19 active chapters and a total membership of about 2,500.

The Alpha Phis who are here to carry on the installation represent five different chapters. Mrs. P. W. Blanchard, Goucher; Mrs. Hockenbury and Grace Tucker, Syracuse; Mrs. Twinning, Northwestern, who was visiting delegate and is Grand President; Nellie Hill, Elsie Lee, Berkeley; Mrs. Allen Welch Smith, Mrs. Mabel Holmes Parsons, of Michigan, an instructor in the Department of English at the University; and Mrs. M. J. Duryea, are the only members of Alpha Phi residing in Eugene.

Beth Reah was founded January 4, 1910, and petitioned for Alpha Phi in 1912. Its charter was granted November, 1914.

The members initiated were Effie Rhodes, Anita Slater, Portland; Mildred Riddle, LaGrande; Vaughn McCormick, Eugene; Dorris Ball, Selma; Baumann, Grace Richardson, Portland; Myrtle Tobey, Margaret Pratt, Eugene; Ruth Westfall, Salem; Eylia Walker, Corvallis; Ruth Holmes, Tillamook; Vera Williams, Eugene; Leola Peterson, Sutherlin; Gladys Roberts, Natron; Elizabeth Carson and Nellie Blowers, Hood River.

Alpha Phi was at home from two till six this afternoon. The house was decorated with silver grey and red (Bordeaux), the fraternity colors.

ALUMNAE ASSOCIATION HOLDS MEETING TODAY

Keeping in Touch With Girls at the
University is the Object of Local
Organization

"Keeping in touch with girls in need of funds to attend the University of Oregon," is the object of the Eugene Alumnae Association," said Miss Anne Whiteaker, the presiding officer of the organization, which held their monthly meeting today at the home of Miss Bertha Comings.

"This local organization of woman graduates came into existence five years ago, and is entirely independent of the general state Association of Alumnae."

"The meetings are held on the second Saturday of every month, and whenever possible someone of prominence is secured to speak, or present a paper. Every year the women of the two upper classes of the University are entertained by the alumnae; the Juniors in April, and Seniors the following month.

"Aside from the regular work during the last year, \$50 was raised and contributed toward the proposed Woman's Building for the University. Out of our own funds a reception was given to Mrs. Gerlinger, wife of the newly appointed Regent."

The officers elected last fall were: Miss Anne Whiteaker, '81, President; Mrs. O. F. Stafford, Vice President; Mrs. Edna Datson, '12, Secretary-Treasurer; and Miss Greta Bristow, '09, Corresponding Secretary.

"The association sincerely regrets the loss of one of its most active members, Mrs. L. T. Harris. Judge Harris' election to the Supreme Court necessitated their moving to Salem."

PHONEY MONEY FLOWS
AT GREEK GATHERING

(Continued from page 1.)

Black Joe" so effectively that the coon, behind the piano, nearly wept.

Enormous quantities of cider and sandwiches were consumed, vast fortunes lost at roulette and other gambling games, and all expenses were paid out of the funds received for the "phoney." Sam Cook was crowned king of gamblers, he having won \$4,500.

PRE-MEDICS ORGANIZE ONE-THIRD OF SENIOR MEN SELF-SUPPORTING

Twelve Members in Society Formed
to Create Interest in
Medicine

The latest society to make its appearance on the campus is Pi Sigma Phi, an honorary Pre-Medic fraternity, which was organized in the fore part of December, but whose existence was not announced until today.

It is composed of upperclassmen and Sophomores majoring in the Pre-Medical Department. Freshmen are not eligible.

The purpose of the fraternity is to create more interest among its members in their chosen course. Open meetings will be held every two weeks, at which time lectures on various phases of medicine and the medical profession will be given by members of the faculty and local physicians.

The official pin of Pi Sigma Phi is a coiled snake of gold, on which are stamped the Greek characters of the society.

At present there are twelve student members. They are: Daniel Boone, Dean Crowell, Ray Sweeney, Donald Nickelsen, Charles Newcastle, Wayne Stater, Russell Ralston, Joseph Sheahan, Harold Fitzgibbon, Frank Scaife and Edmund Simmons. Dr. Edmund S. Conklin, of the Department of Psychology has been elected to membership in the fraternity.

PROHIBITION LEAGUE
IS UP IN THE AIR

The Prohibition League which was organized upon the campus last month is rather up in the air. The members have just found out that they must pay a tax of a quarter of a dollar per member to the state league, and the same amount to the national league.

The local league was formed at the request of those at the head of forensics, so that the University could send a representative to the state and national prohibition oratorical contests. Without a campus organization no institution can compete in these contests. Since the local league was formed for this purpose and since oratory is a student-body activity, the members of the club are trying to persuade Mr. Tiffany to pay the necessary tax from the Student Body funds. The local league is also supposed to pay the expenses of the representative to the state contest and the members also rebel against this, claiming that the Student Body should stand the expense. So far Mr. Tiffany has refused the requests of the league.

The state contest takes place some time in March or April, and the national contest in the summer or fall.

Not only are the men of the freshman class at Oklahoma compelled to wear distinctive caps, but the co-eds as well wear regulation red tam-o'-shanters.

Jim Donnelly, Yale's campus policeman and the most popular character about the University, died here recently in his sixty-third year. Several months ago he was taken ill with heart trouble, and for the past six months has been seen on the campus only infrequently.

"The Sunlight Dance" is the latest. It was held at the University of Minnesota last week one bright afternoon in a large hall, the windows and doors of which were wide open, to "let the sun shine in."

Dr. W. M. Smith states that about 20 University men have filed their applications for positions as guides at the exposition in San Francisco.

Dr. Smith Prepares Statistics Showing
Cost of Student Residence
at Oregon

One-third of the men of the present Senior class are entirely self-supporting, according to Dr. W. M. Smith, Secretary to the President, who has gathered complete data concerning the finances of the members of the graduating class. The financial census of the remaining classes in the University will be ready some time in April, Dr. Smith states.

Of the entire male enrollment in the '15 class, all have either worked during the school term, during the summer vacation, or both. As a result of this condition, 81 per cent of the total individual expenses of the school term have been liquidated. Among the girls, 45 per cent have been partly or wholly self-supporting, and have paid 47 per cent of their entire personal expenses.

The men, with homes out of Eugene, average \$458 per year for entire expenses, including room and board. The women, \$520. Of those living at home the average expense is \$165.

Room and board in fraternities average \$24.80 per month. In the sororities, \$25.58. Those in private houses, the Dormitory and Mary Spiller, Hall included, \$20.40 per month.

BUILDING DONE IN MAY

Concrete Work on New Administration
Structure is Finished. Brick-
laying to Start Soon

"The Administration Building will be completed some time in May," said Dr. W. M. Smith, Secretary to the President. "The concrete work is finished and the men are now laying the granite base preparatory to starting the brick work."

The Boyajohn Arnold Co. are the contractors. At present there are 20 men working, among whom is C. E. Meek, '14, who was graduated in the Civil Engineering Department here.

The building itself is three stories high. The third floor will include the President's, Secretary's, Steward's, Registrar's and other administrative offices. On the second floor, a part of the space will be given over to the Departments of Geology and Public Speaking. The first floor is as yet unassigned.

The space in Villard Hall now occupied by the administrative offices and the Geology collection will be made into class rooms.

The co-eds of the University of California eat more than one and a half tons of chocolate creams in a school year, according to figures compiled by the local co-operative store, which enjoys most of the student patronage. The average sum expended for the sweet stuff per capita has been computed to be \$6.24.

Eighteen varsity football players at the University of Chicago were awarded their letter for the season of 1914.

PROFESSOR BARNETT WRITES POLITICAL SCIENCE ARTICLES

An article written by Professor Jas. D. Barnett, of the University, on the "Reorganization of the State Government of Oregon," was read at the annual meeting of the American Political Science Association, in Chicago, during the holidays.

Professor Barnett has written several articles dealing with political science. In 1907 he wrote "The Executive Control of the Legislature," which appeared in the American Law Review. In 1908 appeared the "Delegation of Legislative Power by Congress to the States," in the American Political Science Review. In the year following, he wrote a publication in the American Law Review, on the "Delegation of Federal Jurisdiction to State Courts by Congress." In 1910 Professor Barnett wrote "The Bounds of Pardon in the Courts," for publication in the Yale Law Journal. In 1912 there appeared two other articles in the American Political Science Review, namely, "The Operation of the Recall in Oregon," and "The Forestalling the District Primary in Oregon."

UNIVERSITY STUDENTS TO
GO ON ORPHEUM CIRCUIT

Rumor has it that "String" Fleming, Bernard Jordan and Paul Sprague will leave college Monday to join a Portland associate, Mr. Keefover, in a musical skit on the Orpheum circuit. The parvenus have been working for a berth on the Orpheum for the past year, and signed a contract during the holidays. The opening act will be given in Portland. From Portland they will go to San Francisco, and thence en route to Chicago.
