

WHALE SKELETON MAY FIND CAMPUS HOME

James Fullerton Offers Leviathan to University if Students Pay for Its Transportation

An offer to present the skeleton of a whale 60 feet in length to the University Museum was made yesterday morning by James Fullerton, of Eugene, providing sufficient funds could be raised among the faculty and students to defray the expenses of transporting the bones of the leviathan to Eugene from Florence, where they now lie imbedded in the sands of the beach.

Mr. Fullerton's offer was announced at assembly yesterday morning. Already a movement has been launched bring the whale to the campus. The amount of money that will be needed is not known but, according to Mr. Fullerton, will be at least \$150.00.

Several members of the faculty have already agreed to make contributions. Fraternities and sororities will be asked to contribute 10 cents for each member.

It is said that if the skeleton is brought to the University it will be placed on a concrete base, somewhere on the campus.

The whale carcass washed in on the Florence beach last summer. Mr. Fullerton, who has always been interested in whales, purchased the skeleton, with the object in mind of presenting it to the University Museum.

Mr. Fullerton is of the opinion that several cars would be necessary to bring the skeleton from its resting place to Eugene.

SCIENCE CLUB FORMED

Professor Boynton President of New Organization of Twenty Faculty Members

A Science Club was organized last night by about 20 members of the faculty, who met in the Geology lecture room in Villard Hall.

The object of the organization is to keep the members in touch with the latest research work and discoveries in botany, zoology, biology, psychology, physics, chemistry and other allied sciences. Meetings are to be held on the first Wednesday evening after the second Tuesday in each month.

The officers elected were: President, W. P. Boynton, Professor of Physics; Secretary-Treasurer, O. F. Stafford, Professor of Chemistry. The President will appoint three other persons who will, with the President and Secretary, act as the executive committee.

This club will constitute a section of the Faculty Colloquium. Other sections are in the process of formation.

KANSAS UNIVERSITY HAS PURE STUDENTS

That the University of Kansas leads other universities in morality and clean living is the opinion of A. J. Elliott, field secretary for the west of the National Young Men's Christian Association. Mr. Elliott's territory includes all west of the Mississippi river and has charge of the student department of Y. M. C. A. work. He is affiliated with the World's Student Christian Association.

"K. U. is the standard institution among all state universities in the United States as to its moral and religious atmosphere," said Mr. Elliott on his last visit to the University. "This is shown in the clean, wholesome attitude the university takes on every question of morality and fair play."

"Phog" Allen, formerly of K. U., now coach of the Warrensburg Normals, has sued the Regents of Drury and William Jewell Colleges for \$50,000 libel damages, for defamation of character.

MORE TRUTH THAN POETRY

(Owed to Tennyson's Light Brigade.) Half a word, half a word, Half a word onward.

All on a broken-down typewriter Must be six hundred.

Kerplunk! hear the shift-key!

"In by eleven," Boss said.

On to the goal of success, Toward the six hundred.

Fourteen keys refuse to work,

But the writer cannot shirk;

No, not even though

The spacing rig is out of order!

Hers not to make reply,

Hers not to reason why,

Hers but to do or die.

On to the goal of success,

Toward the six hundred.

Typewriter to right of her,

Typewriter to left of her,

Typewriter in front of her,

Rattled and clattered.

Thump of key and ring of bell,

Nobly her comrades worked and well.

Into the theme of each speech,

Pounding out, letter by letter,

Coveted six hundred.

The speakers had muted their words

Or had taken wings, like up to birds,

In the midst of an interview.

While each single key

Must be jumped on separately,

To make five carbon copies.

The story was turned in by noon,

Botched up and blundered,

Mis-spelled, mis-spaced, not numbered,
