DR. W.D. WEATHERFORD TO SPEAK IN MARCH

Y. M. C. A. BEGINS WARM CAMPAIGN FOR LARGE ATTENDANCE AT MEETINGS

CO-OPERATION IS KEY NOTE

Oregon Moral Life Can be Completely Changed, Says Gail Seaman at Banquet

Active work of the Greater Oregon Group began Tuesday evening, when that body held luncheon in the City Y. M. C. A. banquet hall. Gail Seaman, religious worker of Coast repute, was present and addressed the meeting.

After the "whipped cream" was vanquished, and the last dishes were pushed aside, Leslie Tooze, chairman of the Greater Oregon Group, and toastmaster of the evening, said:

"There has long been a feeling that the Y. M. C. A. has not been following its primary object on the campus. It is the duty of the Y. M. C. A. to give a spiritual tone to the atmosphere of University life, and up to this year we have been unable to accomplish good results. Last year we tried in every way, to get a good speaker here, but were unable to push the deal through. This year we are very fortunate in securing Dr. W. D. Weatherford, of Nashville, Tennessee. We want to make his meetings a success, and we want the fellows to co-operate with the Y. M. C. A. and help us do it. It is for the benefit of the Student Body that we are getting this man here, and it is up to this committee to get the whole Student Body interested in it."

Tooze then introduced Mr. Gail Seaman, Student Coast Secretary and member of the International Committee of the Y. M. C. A. After devoting some time to an account of the religious work carried on, and the intense interest taken by other colleges, Mr. Seaman explained:

"If great work can be done in other colleges, there is no reason why the moral and religious life at Oregon cannot be completely revolutionized, and great results accomplished."

"There is altogether too much selfishness in the lives of college men and women. When we leave the University we think we are far superior, intellectually, to any of our less fortunate friends, who have been unable or did not desire to acquire a college education. We demand from society rather than contribute toward it. If nothing more can be done than getting this idea of selfishness out of the minds of the college men, we will be doing a great work."

"The spirit of materialism dominates the minds of many of the students. They think little of the religious and uplifting side of college life."

"I know man in St. Louis, Missouri, who turned down an order for \$5,000,000 of shrapnel from a belligerent power of the great war just because he was not going to manufacture anything which would destroy the lives of men."

"Your President told Dr. Exner that there was very little vice in Oregon, and that the faculty experienced little trouble with it, yet Dr. Exner told me that 14 men confessed to him that they had been led into the midst of vice when they came to this institution. Is it not time, then, that more religious and uplifting ideas are taught to the students? That is the purpose of these Weatherford meetings. To give the men the spiritual view of life."

"Make this a University of Oregon affair. Be faithful in the part assigned you, even if you have to cut classes. Get every man out and Dr. Weatherford will do the rest. Put the famous Oregon spirit behind it." Leslie Tooze asked for short speech.

(Continued on page 4.)

EVEN PROF. ALLEN FEELS INFLUENCE OF WORLD WAR

Journalist Must Climb in Office Window Because Allies Don't Like Germans

The European war directly caused Prof. E. W. Allen to climb into his own office by the window about 11:30 yesterday morning. This is why:

Some war figures and models which Dr. Bertha S. Stuart had ordered for her Personal Hygiene classes are secured from Germany by the New York firm that puts them out. Delayed by the war, the order did not arrive till about two weeks ago.

Hence the Personal Hygiene class, which usually meets in the Journalism room outside Professor Allen's office, has been meeting in the Gymnasium for about two weeks. But Thursday it returned to the Journalism room.

Professor Allen, forgetting, perhaps, the presence of the class, opened his door and rushed out through the midst of the embarrassed Freshmen, intent on his own affairs. But being too polite to again disturb the ladies, he went around and climbed in at his own window. He wishes no one to think he was trying to burglarize his own or anyone else's office.

CORVALLIS GLEE CLUB SINGS HERE MARCH 12

"Turn Out," Says Student Manager, "Do the Right Thing by O. A. C."

"Oregon students ought to turn out to the O. A. C. Glee Club concert here on March 12 for two reasons," says Sam Michael, manager. "First, the O. A. C. students came out in big numbers to the University Glee Club concert at Corvallis, January 6, and last, the University Student Body will receive half the gate receipts of the O. A. C. concert here."

"The O. A. C. club is much better this year than ever before, although they have a good many new voices. Their program contains more stunts than that of the University club and is different in several respects."

"At our concert in Corvallis, after dividing the proceeds equally, we made about \$85 above expenses. There was a big house."

"The O. A. C. club has always had a good attendance in Eugene, as good considering the size of the town as we got in Corvallis. For our own interest, as well as to do the right thing by the O. A. C. club, the University students ought to turn out. Remember, the Eugene Theatre, March 12."

INDUSTRIAL SURVEY DEPT. DEALS WITH CONDENSED MILK

A survey of the world market for condensed milk is being made by the Department of Industrial Survey of the University of Oregon School of Commerce. Queries that cover the amount of condensed milk imported, sources of supply, prices paid, names of importing firms, general trade conditions, and many other points, are asked of consuls through the state department, with which arrangements have been made for this service.

The consular replies will be available for reference to all business firms desiring them.

"In Oregon climatic conditions are the very best for the producing of condensed milk. The state should be on the world's map as a condensed milk exporter," said H. B. Miller, Director of the School of Commerce.

Mae Norton, '14, of Portland, and Bess Bach, ex-'16, of Lebanon, spent last week-end at the Mu Phi Epsilon house.

MULTNOMAH MAY PLAY RETURN SOCCER GAME

STUDENT BODY ACTION MAKES POSSIBLE TWO CONTESTS WITH CLUB

PRACTICE IS BEGUN TODAY

Prospective M. A. C. Games Will Probably Decide Championship of State

Negotiations for return soccer games between the University and the Multnomah Amateur Athletic Club were opened yesterday by Graduate Manager Tiffany who suggested March 6, on Multnomah Field, and March 13, on Kincaid Field, as the dates. The negotiations were made possible by the action of the Student Body Wednesday in voting unanimously to authorize an exchange guarantee of \$65, each institution to keep its own gate receipts.

These two games will be the only ones secured by the soccer squad this season, and practice for them began this afternoon. Tomorrow afternoon at 2:45 a game between 11 men of the University squad and a town team will be played, and beginning Monday daily practices will be held.

The men who get the Portland trip will be picked next Thursday. The guarantee from Multnomah of \$65 will permit only a dozen men to go, unless the railways agree under the weekend rate to carry a party of 15 at the same rate as a party of 11; in that event all 15 will be taken.

"Several players who seemed likely to make the first team three weeks ago have been negligent about turning out since the game with Jefferson fell through. With Multnomah games in prospect they will have to train religiously, or their places will be filled by the faithfuls," said Captain Neal Ford today.

The game against the Multnomah team may mean a contest for the championship of the state. In a league that carries this championship, Multnomah is now tied for first place, and the University team, if it proves victorious by any chance, will claim the state palm.

"It is scarcely conceivable that the University can beat the crack M. A. A. C. eleven, however," says Colin V. Dymont, coach of the squad.

By a coincidence, these two games will bring together two teams in each of which Mr. Dymont has a peculiar personal interest. In September, 1908, he was invited to introduce the game in the Multnomah Club. Joining the club, he assembled an eleven of Scotch, English, Canadians and Americans, that won 11 games in a row and took the state championship. The following year he managed the team again, reorganized it slightly and again won the state championship, the two elevens being still talked of in Portland for the evenness and speed of their play. He has attempted to build up at Oregon the same speed and evenness of play, and the contest between the two fast elevens is expected to attract a large attendance.

SHELTON SECURES OVER 100 FOSSILS ON TRIP UP MCKENZIE

Mr. A. T. Shelton, field worker for the Zoology Department of the University, has returned from a field trip up the McKenzie river. According to Prof. C. H. Edmondson, of the Zoology Department, the trip was a most successful one. Mr. Shelton secured over one hundred new fossils for the Zoology Department of the University.

Lawrence J. Martin, Washington's track coach, hails from Richmond College, in Virginia. While there he was an all-around track man. He holds the world's record for indoor hurdles, made in the armory meet at Baltimore in 1906.

OREGON & O.A.C. WILL MIX IN TWO GAMES

O. A. C. HAS YET TO WIN HER FIRST GAME, WHILE OREGON WON ONE

"CHANCES 50-50," SAYS BEZ

Boyle, Lyle Bigbee, "Skeet" Bigbee, Sharpe, Morton, Will Open the Tassel Tonight

By Harry Kuck.

Basketball fever will reach a climax with campus fans when Oregon meets O. A. C. in two games this week-end, for the state collegiate championship. Coach Bezdek left for Corvallis this afternoon at 6:00 o'clock, with eight men bent upon humbling the Aggies.

"The squad has been working hard and are as fit as they ever will be," remarked the coach. "Chances are about fifty-fifty for victory tonight."

Continued reverses, both at home and abroad, have been forgotten and all eyes are focused on the one most interesting series—that with O. A. C. Both the "U" and the Aggies have dropped all their games to Washington, and by about the same scores. Oregon is credited with one win over Idaho, while O. A. C. has yet to break into the win column.

Comparative scores indicate that the teams are very evenly matched. Coach Stewart has four veterans to form the backbone of his team: Dewey and Sieberts, at forward, and Capt. Blagg, a Sophomore from Hood River, and last year's second string man, is Doc's choice for center.

"There is not a man in the Oregon lineup who won his letter last year. They are inexperienced, but fast and full of fight. O. A. C. will always have a hard time beating that kind of a team from Eugene."

Sharpe has returned to the fold after a temporary lapse, and will start at forward with "Skeet" Bigbee. This pair, if working right, ought to grab a few baskets.

Captain Boyle and Lyle Bigbee will work at guarding as usual. It was the sterling work of this duo that held Savage's Washingtonians within hailing distance last week.

"Estacada" Bob Morton is booked to oppose Blagg at center. Both are tyros, and Morton should have a little easier time tonight than a week ago against Savage.

Wheeler has been retired to the reserve list, and together with Cossman and Huggins, will warm the bench.

Coach Bezdek expects his team to foul less each game they play. Here's hoping so. "It slows up the game and I won't have it. A man can't play basketball and be hanging 'em on the wall at the same time," averred the chief mentor.

The game will be played in O. A. C.'s new gym, which is probably the best floor in the conference.

Tracy Strong, of Seattle, will handle the contest. He has refereed all college games in Seattle this season.

Y. W. C. A. INAUGURATES NEW OFFICERS AT CABINET MEETING

The University Y. W. C. A. inaugurated the following officers at the regular meeting of the Cabinet on Tuesday:

President, Katherine Bridges; Vice President, Claire Raley; Secretary, Marion Reed; Treasurer, Mina Ferguson; Meetings, Jewel Tazier; Bible Study, Grace Edgington; Mission Study, Darl Zimmerman; Social Service, Lurline Brown; Association News, Roberta Killam; Social, Genevieve Chapman; House, Dorothy Wheeler; Conference, Louise Allen.

TRAP FOR CURIOUS DISTURBS TRANQUILITY OF STUDY ROOM

Maiden's Inquisitiveness and Fool's Prank Combine With Startling Results in Library

Peace reigned in Mr. Douglas' sanctum. The tall clock had just sounded eight o'clock and the seven sorority tables were well filled with their usual habitudes. An innocent looking book entitled "Rubber Necks" lay guilelessly before a maid. Curiosity prevailed. She grabbed the book and peered cautiously into it, overcome with the common characteristic of her sex—but without enough caution. An intricate mechanism, set into the leaves of the volume, had exploded a powder cap. The detonation was startling. We now draw the curtain upon the scene and leave the rest to imagination.

Aside from the slight agitation of the dupe of the joke, no harm resulted. At a late hour last night the guilty party had not been found, though it was slyly hinted by the Library crew that the prank was perpetrated by some irresponsible, novelty loving male.

ORCHESTRA WILL GIVE MUSICAL TONIGHT

"Fire Fly" Music to be Used by Special Request; Proceeds to be Used for Instruments

The popular "Fire Fly" music is to be used, at request, by the University Orchestra at its concert to be held in Villard Hall on February 26. The orchestra will employ members of the Eugene musicians' union to assist, and Albert Gillette will sing.

A set of kettle drums, purchased from the proceeds of a previous concert, will be used, and the money obtained from the next event will be applied to the purchase of additional instruments, which are expected to add material strength to the orchestra.

The program is as follows:

1. Aida Selection Verdi Orchestra.
2. Minuetto, for flute, violin and piano Mozart Miss Forbes, Miss Murphy Mr. Badellet
3. (a) Presto Rubenstein (b) Scherzo Mendelssohn Mrs. Thatcher, Miss Forbes Mr. Devereaux
4. (a) Hungarian Dance No. 7 Brahms (b) Nocturne, from Midsummer Night's Dream Mendelssohn (c) Nocturne, from Midsummer Night's Dream Mendelssohn Orchestra Intermission
5. Selections from the "Fire Fly" Frimel Orchestra
6. (a) The Hour of Dreaming, Hahn (b) Serenade Thorne (c) A Fool's Soliloquy Campbell-Tipton Albert Gillette
7. Alsatian Scenes— (a) Dimanche Matin (b) Ah Cabaret

"JOLLY UP" PARTY GIVEN BY Y. W. TO NEW WOMEN STUDENTS

The "jolly up" party given by the Y. W. C. A. to the new women students entering the University in February was a decided success in the expressions of the newcomers after the party could be taken as any indication. Games were played, stunts pulled off and the following program given:

Reading, Echo Zahl; Song, Margaret Spangler; Reading, Gladys Colwell.

After the program, refreshments were served.

STUDENT BODY AGAIN FAVORS OREGANA AID

MOTION TO AMEND CONSTITUTION IS LAID ON TABLE FOR ONE WEEK

FOOTBALL MEN GET SWEATERS

Measure Introduced to Make Women's Glee College Activity; Soccer Granted \$65

The second regular meeting of the Associated Students of the University of Oregon, which was held Wednesday morning in Villard Hall, was almost entirely taken up with proposed amendments to the constitution, chief of which was the one concerning a Student Body appropriation to the Oregana, the annual Junior publication.

After a special meeting of the Student Body last month, the Student Council appointed a committee of 14 to investigate and report on the amendment, which was introduced at that time. Their meeting, which was held last Tuesday evening, immediately following that of the Board of Regents, resulted in a vote of ten to three against the appropriation, one member being absent. Frank Beach gave the committee's report at the meeting last Wednesday morning, and Prentiss Brown, President of the Junior class, gave a minority report.

Beach showed that by figuring on 410 pages for this year's annual, there would be only a deficit of \$380, which could practically be made up by the proceeds from the Junior Week-End, the Senior Play, and two class dances. He also stated that there are about \$75 in the class treasury at present. He said:

"After going over the situation for about an hour, we decided that the committee go on record as opposed to the Student Body's buying space in the Oregana, so long as the Oregana was managed by a class."

Brown, who gave the minority report, pointed out that the committee spent almost its entire time in considering means by which the deficit might be made up and did not touch on doing away with it entirely.

He stated, too, that if the Student Body did not live up to its obligations, the Board of Regents might withdraw all or part of the \$750 which they are willing to appropriate if the Junior class can show a clean slate in regard to the Oregana publication.

Prentiss Brown, on behalf of the minority members, introduced a motion to amend Article II, Section 7, of the constitution of the Associated Students, to read: "The Executive Committee shall decide as to what shall be officially inserted in the Oregana by the Associated Students, and they shall appropriate from the funds of the Associated Students a sum sufficient to cover the actual cost of this insertion to the said Oregana."

According to the requirements laid down in the Student Body constitution, this motion was laid on the table. It may be voted upon, however, any time after one week.

It was moved and seconded that it be the sentiment of the Associated Students that they go on record as disfavoring the appropriation for space in the Oregana. Two standing votes were taken; the first resulting in 168-143 in favor of the motion, the second 170-162 against the motion. The motion therefore was lost.

A committee, composed of Lamar Tooze, chairman, Ray Gorman, Mae Neill, Charlie Fenton, William Holt, Emerson Merrick and Wallace Eakin, are circulating a petition among the 125 members of the Junior class concerning any possible deficit resulting from the publication of this year's annual. The petition reads:

"We, the undersigned members of the class of 19
