

VICTOR MORRIS WINS CONTEST FOR OREGON

University Secures State Oratorical Championship for Seventh Time in 22 Years

Oregon again secured first place in the Interstate Oratorical Contest at McMinnville last Friday, Victor Morris bringing home the laurel this time, with the oration, "Democracy and World Peace." Seven times in 22 years has the University of Oregon been victor.

McMinnville College, represented by M. C. Smithson and Edward Livingston, from Pacific University, were rated second and third by the judges.

The six delegates sent by the University of Oregon to the business meeting of the Oratorical Association, report that they were royally entertained at McMinnville. Following the contest, a banquet was given to all the college delegates, lasting until early morning. Cloyd Dawson spoke for the University upon "The I. O. A."

Miss Bell, of Monmouth Normal, and Lee Hulbert, of Albany College, were elected President and Treasurer, respectively, of the association for the ensuing year.

Several changes in the constitution were enacted, the more important being a provision that the judges of composition shall be or shall have been teachers of oratory. A price of not less than \$20 for the prize medal was also decided upon.

ALUMNAE ASSOCIATION TO ENTERTAIN SENIOR WOMEN

A reception is being planned by the State Alumnae Association in honor of the senior women of the University, to welcome them to the Association, and to acquaint them with its object and work. The afternoon of May 22 is the time chosen.

21 STUDENTS TEACHING

Practice Work in Public Schools Carried on By University Men and Women

Twenty-one students of the University are doing practice teaching in the public schools of Eugene and Springfield, according to F. L. Stetson, Assistant Professor of Education.

Besides this there is a class of 31 doing observation work in the high school under the supervision of Prof. Stetson. It is intended that, in the future, the work done in the observation classes will be the basis on which the students doing practice work the following semester will be chosen.

Students receive no pay for the teaching done while in school, but if their work is satisfactory they are given a better recommendation for securing a school after graduation. Their work is carefully observed, not only by the University Department of Education, but also by the principal of the high school.

The following is the list of those doing practice work, the first ten in the Eugene High School, and the others as indicated: John Wilhelm, Commercial Arithmetic; Edna Harriman, History; Mabel Miller, Physiography; Carlyle Geisler, Mathematics; Vaughn McCormick, Latin; Velma Sexton, History; Donald Orput, Public Speaking; William Cass, English; Physiography; Miss Vera Kellems, Lucile Cogswell, Physical; Tabener, Physiography, Springfield High School; Miss Vera Kellems, History, Patterson School; Caroline Koyl, Grammar, Condon School; Katherine Kirkpatrick, Music, Condon School; Mildred Riddle, German, Lincoln; Charlotte Sears, German, Condon; Mary Rammage, German, Patterson; Lois Brown, German, Central; Helen Werlein, German, Geary; Grace Truman, Geometry, University.

Cornell University's art and science faculty may from now on be partially composed of women.

FACULTY COMMITTEE WILL IMPROVE "U" CATALOGUE

To improve the University catalogue, in content, arrangement and clearness, a committee consisting of Professors DeCou and Boynton and Registrar Tiffany have sent a questionnaire to the heads of departments asking for suggestions. Some of the questions are:

What material is useless or antiquated?

What portions should be re-written? How may they be improved?

How can the catalogue give clear and easy guidance to the new student?

The books of the University Y. M. C. A. and Book Exchange will be audited by Fred Stickels, a Eugene business man and former University student, Cloyd Dawson and Leslie Tooze during the next week.

At this time a change in the direction of greater efficiency in handling finances will be discussed, and if a suitable plan is discovered will be immediately put into operation.

DePauw College's new gymnasium will cost more than \$100,000. It will be modern in all its equipment and will include a one-story athletic field addition 110 by 130 feet with a dirt track. Funds are being raised by subscription and work will soon start.

Weber and Heilbronner Spring Hats Are Here

THE old-style Alpine crease and the "telescope" fold have had their day in New York.

It is now the semi-telescope fold, in the crown—adopted for Weber and Heilbronner soft hats for Spring, because New York men were themselves creating their hats that way.

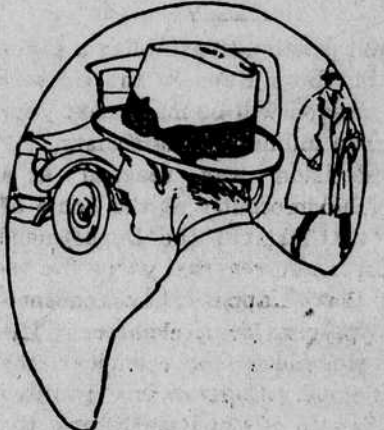

Only a slight droop to the brim, different from last year—finished with an English box curl.

Colors which were developed to harmonize with the fashionable Spring shades in clothes and haberdashery.

A stiff hat with a slightly tapered crown and a new "neutral" brim, neither flat nor round—the same character of smartness as the soft roll English coat and the full cut walking glove.

THESE ARE THE HATS OF THE HOUR IN NEW YORK—PRESENTED AT THE SAME HOUR HERE. Price, \$3.

This house has the exclusive agency for Weber and Heilbronner Hats in this city.

"Brown of Harvard" has Campus Cast

RALPH ASH

MANDELL WEISS

While "Brown of Harvard," the play which is to be presented tonight at the Eugene Theatre, calls for a cast of 28 persons, there are two roles which are discernible above the rest. They are "Gerald Thorne," played by Ralph Ash, and "Wilfred Kenyon," by Mandell Weiss, two emotional parts which require heavy acting. That these two are adequate for the task goes without saying. Both have appeared in theatricals

on local boards before and have always given a good account of themselves. In the last play, Huck Finn, by the class in Dramatic Interpretation, they played opposite each other as co-villains and carried off high honors. Both have attested that they have taken a wider interest in this play and that their parts allow them a latitude to really show to their best advantage.
