

DR. CARSON OBSERVES CHANGE IN UNIVERSITY

Former Dean of Women Is Guest of President Campbell. Meets Spirit of Optimism

Dr. Luella Clay Carson, former Dean of Women at the University of Oregon, was the guest of President Campbell and family this week. She left the University in 1909, to take the position of President of Mills College, and after five years' absence she says she sees great changes in the University.

"I notice a spirit of optimism, now that the University is fairly on its feet as far as finances are concerned. There can be no more doubt about the institution's future. Even in the last five years, in spite of the many setbacks on account of the referendum, the growth of the University has kept pace with the development of the state.

"The University is bigger and better. The buildings are better.

"Oregon is a great state, and a great University is inevitable.

"The student life is much the same now as when I was Dean of Women here. There are, of course, many more sororities and fraternities than when I left. I watched the growth of this phase of student life with considerable interest. The first fraternity entered Oregon after I had been connected with the institution for 12 years."

Dr. Carson has been the guest of a number of her old friends during her stay, and she has engagements for every day for the next few days. Saturday she was the guest of honor at a reception at the Delta Gamma house.

The Luckey Jewelry Company has put up a cup for the winner of the Freshman tennis tournament. The games were started, but will not be finished till certain of the players have recovered from an "attack" of poison oak.

"The value of a Y. M. C. A. conference to a student is as great as a semester's work in college," said Charles Koyl, Secretary of the Y. M. C. A. "In many ways it is superior in inspiration and fellowship to college attendance. The cost is nothing compared with the value received."

Last year the conference was held at Columbia Beach, Oregon. Over 100 men were in attendance, representing 14 colleges and universities. Five men attended from the University of Oregon. This year the conference will be larger and better in every way.

"We want at least 20 men," says Koyl. "Seven have already signified their intention of going."

COLORED GIANTS WIN FROM VARSITY 9 TO 5 (continued from page 1.)

played left field in the absence of Buck Bigbee, took one on his person. Santop threw the ball away trying to catch Risley off first, and Nelson scored; Lyle romped home a little later on another error by the same individual; Risley going to third, from whence he scored on Cornell's second two-ply swat. Grebe ended the fireworks by striking out.

The Giants registered one more in the third on a couple of doubles, and tied the game up in their half of the fourth. Francis, the abbreviated third baseman, opened with a double to right; Bauchmann singled into the same territory, sending Francis to third; Jenkins sacrificed, scoring the midget. Duncan doubled to left center, and Bauchmann scored the final run of the inning, making the score four all.

Bez's crew got its last run in the sixth canto. Cornell got life on an error by Francis, but was caught about ten feet off second when Grebe failed to execute the hit and run play as he should. Grebe grounded out to pitcher, but C. Bigbee doubled to right and scored on a terrific drive to center field by Nelson.

The Ethiopians batted around in their half of the sixth, and Bauchmann ended the misery by his second turn at the plate. He led off with a ground-er to Grebe, who muffed it up long enough to enable the big Black to land safely at Nelsonville. This started the fireworks; Jenkins banged one into left field for two bags, and Bauchmann crossed the pan; Barber walked; Welch hit Hill and Duncan got his third hit of the matinee, scoring three runs. Welch then hit McNair; Santop struck out, and Hutchinson grounded to Grebe, who threw home, but Lieuellen dropped the ball and Duncan registered the fifth and final run of the inning.

That ended the scoring for both sides, and the Giants left for Portland, where they engage the All-Star City League team tomorrow.

The American Colored Giants left Chicago, March 1. They trained at New Orleans, and have been touring the United States, taking in all the principal cities. They play on a percentage basis, and have won a large per cent of their games. They won two games from the Portland Beavers and lost a 12-inning game to them by the score of 1 to 0 last Sunday at Fresno. They finish the tour April 25 and play ball around Chicago and New York all summer.
