

## SEVEN SWATERS WILL TRY FOR TENNIS TEAM

Lewis Bond Selects Players to Try Out for Triumvirate Which Meets in Washington

By Harry Kuck.

Captain Lewis Bond, of the Varsity tennis team, has picked a squad of seven men from which three will be selected to meet the University of Washington in May just before Junior Week-End.

Those chosen, Church, Hurd, Bond, Noren, Scaife, Beiknap and Roberts, will participate in three tournaments as soon as the weather will permit. The winner of each tournament drops out and is automatically a member of the 1915 team.

Manager Tiffany had practically closed negotiations with Washington for the tennis team to accompany the baseball team to Seattle during spring vacation, but weather has failed to allow regular practice and Captain Bond interposed for a later date.

Last year Oregon, represented by Bond, Oberteuffer and Brooks, broke even with Washington for the championship of the conference, Oregon winning the singles and losing the doubles. Bond is the only experienced man on the squad this year, but Church made a good bid for the team last year and has been showing mid-season for malready this spring.

The Freshman tournament for the Luckey Cup has reached the finals. In the semi-finals, Noren beat Beiknap and Roberts beat Wolff. The first sunny day will see Noren and Roberts battling for the championship of the Frosh. These two will probably be in the running for third place on the team, also; Bond and Church are practically assured.

Tennis is not included in the conference sports this year, but Oregon grants a letter for members of a championship team. O. A. C. will probably be met later in the season at Corvallis. Last year's conference tournament was held in Eugene and a three-man team from O. A. C., Washington, Washington State and Oregon battled for supremacy, O. A. C. and W. S. C. being eliminated in the first round.

## MISS BANNARD RESIGNS

Assistant in Extension Department Office Announces Engagement to J. O. Holt, of Eugene

Miss Susie Bannard has resigned her position in the office of the Extension Department, as she is to be married to J. O. Holt, a business man of Eugene. The wedding will take place some time in May.

Miss Bannard has been in the Extension office for a year and a half. She was originally from Grants Pass, but has made her home in Eugene ever since her connection with the University began a year ago last September. Mr. Holt is manager of the Eugene Fruit Growers' Association. He is the man who, through careful organization and handling of the local produce, has made it possible for the best fruit output of Eugene and the vicinity to be sold in markets as far away as London.

The couple will go to California for their wedding trip. They will live in Eugene.

## NOTICE TO PARTY CONCERNED ONLY

This concerns only the person who is in possession of a copy of Dialogues of Plato, Volume I, translated by Jowett, olive-green binding, printed by Scribner, and sold to the U. of O. Library, borrowed from the Library by Max Sommer, who lives at Room 30, The Dormitory, and taken from the said room of the latter for the purpose of study, but as yet not returned. The party complying with these specifications will return same to Library or to M. S., pay for this advertisement, and also the fine on the said volume, or either buy the said volume from the Library and receive three remaining volumes that belong to the set for the sum of eight dollars cash.

## BILL TO PICK TEAM FOR COLUMBIA MEET

Bad Weather Makes Training Unsatisfactory. Six 220 Men Are Wanted

By Floyd Westerfield.

"The track tryouts will be held some time next week for places on the team that will go to Columbia," said "Bill" Hayward yesterday. "I am not sure about some of the men in some of the events. I wanted six 220 men, for so far six such men have not shown sufficient ability to warrant their going to the Columbia meet."

The old men are going good, according to "Bill," and some new men are beginning to do better work. However, it has been almost impossible to practice any of the jumps or vaulting this week, on account of the poor condition of the field. If the weather next week is good the men will be able to make a better showing on the tenth.

Twenty new track suits have been ordered and may be given to the men next week. "I want to take all the men to Columbia who I think can make points," said "Bill." Oregon is entitled to enter three men in each event.

"No, I can't tell what men will take part in the different events. It's too early. We have been held back this week on account of the rain, and the men haven't had a chance to show up. A man may rise in one race against one team, and in another race the next time. The lineup of the opposing team makes a difference in our lineup. For instance, I may call on Loucks to run anything from the sprints to the half mile."

Negotiations are on for a meet with the Multnomah Club, to be held on Kincaid Field on May 1. Such a meet would be just one week before the Coast meet at San Francisco. The Multnomah meet has almost become an annual affair. Last year Oregon won the meet by a score of 70 to 61.

At the other colleges and universities of the Northwest track work is occupying much space in the sporting section of the various college and university papers. At Idaho "Hec" Edmundson has some men whom he picks as winners for first place when the conference teams meet. At the University of Washington and Washington State College handicap contests and interclass meets are part of the regular training. O. A. C. is also holding a series of handicap contests.

## CONFERENCE REQUESTS PRESENCE OF OREGON DELEGATE

President Campbell has received a communication from Mr. W. T. Cross, General Secretary and Treasurer for the National Conference of Charities and Correction, requesting that he appoint a delegate from the University of Oregon to attend the forty-second annual meeting of the Conference, at Baltimore, May 12-19, 1915.

The principal question to be considered by the Conference will be the employment question. Prof. Henry R. Seager, of the Department of Economics of Columbia University, will treat the causes and remedies of this evil.

## Y. W. TO HOLD RALLY

Stereopticon Slides of Summer Conferences Will be Shown at Deady Hall. Tea at Bungalow

The Y. W. C. A. will hold a conference rally Tuesday afternoon at 4:00 o'clock, instead of the regular meeting.

The first half, consisting of stereopticon views of summer conferences held at Silver Lake, New York, Lake Geneva, Wisconsin, Asilomar, California, Gearhart and Cohasset, Washington, will be given at Deady Hall. There will be short talks by Mary Gillies and other women who have attended summer conferences.

During the second half, tea and cakes will be served at the Bungalow.

## QUILL COMMENTS ON OREGON ACTIVITIES

Questionnaire Prepared by Professor Allen Is Being Watched With Interest, Says Paper

Newspaper men and teachers of Journalism are watching with unusual interest the study of the country newspaper that Professor Eric W. Allen, head of the Department at the University of Oregon, is making. A questionnaire sent to prominent newspaper men resulted in the selection by these men of 52 country newspapers as among the best in America. Professor Allen is now attempting to obtain personal views on country daily journalism from the editors of these different newspapers.

The above article appears in the April copy of the "Quill," the official publication of the Sigma Delta Chi, which has just arrived at the Library. This issue is made up of three pages of brief, snappy editorials, some half dozen short stories, and many personal and local notes.

On the same page as the above extract, appears a paragraph telling of the recent action of the Oregon state legislature in authorizing the University Department of Journalism to operate a printing plant as a journalism laboratory. It adds that special legislation was necessary on account of the state law which required that all printing for state institutions be done by the State Printer.

A third Oregon article, under the head, "News of the Active Chapters," tells of the smoker being given by the oca chapter tonight at the Kappa Sigma house.

## NEW UNIVERSITY CATALOGUE READY FOR PRESS ON MAY 1

The new 1915-1916 catalogue will be ready for the press about May 1. Three thousand copies will be printed. The catalogue will contain practically the same material as in previous catalogues. An attempt will be made, however, to put the material in as concise a form as possible. Numerous requests are coming in daily to Registrar's office for new catalogues of the University.

## CHOOSE SPEAKERS FOR SUMMER CONFERENCE

Dr. Schafer Predicts Successful Session of Summer School This Season

In arranging for the educational conference to be held during the first two weeks of the coming session of the Summer School, Dr. Joseph Schafer, Dean of the Summer School, and Dr. H. D. Sheldon, Dean of the School of Education, have agreed upon the list of teachers, high school principals, superintendents, etc., who ought to be asked to discuss the various topics suggested. This list included 40 names.

A circular letter has been sent out to these people requesting them to respond promptly as to whether or not they may be counted upon. Out of about 25 replies which have been received up to date, only one person has declined. All the others have indicated that they will be present, and Dr. Schafer states that there is reason to expect that those whose responses have been received will generally be ready to serve during the session.

son to expect that those whose responses have been received will generally be ready to serve during the session.

"This is exceedingly encouraging," Dr. Schafer stated, "and prophesies for our Summer School session this year a most profitable educational conference. The indications are that the attendance at the entire session will be very considerably larger than that in previous years.

The proof of the Summer School bulletin was received today. This issue is to be in a different form from that used in the past. It will be put out in the shape of a small vest pocket pamphlet, of such size that it may be mailed in an ordinary letter envelope.
