

JUNIOR WEEK-END PLANS TAKE FORM

THINGS WILL RUN SMOOTHLY SAYS SAM MICHAEL, THE OFFICIAL FINANCIER

WATER FETE LATEST FEATURE

Members of Managing Committee are Placed in Charge of Departments of Entertainment

The general managing committee for Junior Week-End has plans well under way and that things are going to run smoothly this year from start to finish is the opinion of Sam Michael, who has charge of the financial side. This general managing committee consists of Sam Michael, Bruce Holbrook, Kenneth Robinson, Martin Nelson, John Burgard and Gavin Dyott. They have general charge of such matters as the baseball games, track meets, the Friday evening concert and the housing the "preppers."

The latest feature planned is a "water fete," to be held on the mill race Friday evening, May 14, according to Prentiss Brown, President of the Junior class.

Don Orput is in charge of this and says that the fraternity houses, the Dormitory and Mary Spiller Hall will each enter one canoe. A silver cup will be given to the winner.

Kenneth Robinson has charge of the track meets, Bruce Holbrook of the baseball games, John Burgard of the housing of high school athletes, and Martin Nelson of the entertainment in Villard Hall. The last affair will be given Saturday evening, May 15, and is for the benefit of those "preppers" who do not care to attend the Junior Prom.

According to A. R. Tiffany, Graduate Manager, the program will probably consist of something to eat, a speech by Bill Hayward on track activities, an address of welcome, perhaps some fatherly advice by Tom Boylen, President of the Student Body, and probably a talk by Coach Bezdek.

The feature parade, which will be held from 2:00 until 3:00 o'clock on Wednesday, May 12, and which will usher in Junior Week-End activities, is in charge of Gavin Dyott. Dyott states that it is to be as much of an automobile parade as possible, but that it is not entirely planned as yet.

The Oregon and Washington baseball teams, the University Band, President Campbell and several other members of the faculty will have a part in it. It is planned to make this feature eclipse any circuses.

The work of checking up railroad fares and other expenses of the "preppers," of attending to admissions to games, etc., is in the hands of Sam Michael.

Programs are also being provided for, according to Wallace Eakin, chairman of the program committee, who stated that Joe Tominaga is doing the decorative work.

The Men's Gymnasium will be headquarters during Junior Week-End for the Student Body and general managing committee or some part of it. Here the high school visitors are to receive information, attention as to their expenses and any other help they may need.

Boyce Fenton was appointed by Student Body President Tom Boylen, yesterday, as general chairman of the University Day committees. The chairmen and associates of all of these committees were also named.

New, this year, will be the maintaining of an information bureau at a convenient place on the campus for the benefit of all visitors. The bureau will be in charge of Clark Burgard, and someone will be in attendance at all times during the Week-End. Gene Good will have command of

LOTTERY DANCE WILL BECOME ANNUAL EVENT, SAYS LOUCKS

Athletic Restrictions and Non-Dancing Couples Keep the Attendance Down to Comfortable Crowd

The Student Body Lottery Dance, the gamble of the year, was an emphatic success, according to Elton Loucks, head manager of the Monte Carlo hop. Three hundred attended the dance in chance pairs. So exuberant was the gathering that students of Professor DeCou are inclined to believe that there is something in the mathematical theory of probability. Track training, baseball, out of town activities and the fact that many of the triflers with fate were non-dancers and preferred the exploits of Elaine, kept the attendance down to a comfortable number.

Said Loucks: "Our first motive was to provide a good time for every student, and also, incidentally, a partner. The result was a democratic, all-University, informal party. The affair fulfilled our fondest expectations and it is my opinion that it will become an annual event in the Student Body curriculum."

The Senior class added \$15.00 more to their coffers than was added at the Senior Mix.

The patrons and patronesses, Dean Ruth Guppy, Dean Straub, Miss Etebno, Professor Dunn and wife, and Dr. Bennett, were pleased with the affair and say they had a good time.

MISS MILLIE TRUMBULL TO SPEAK AT ASSEMBLY

Secretary of Child Welfare Committee of Portland to Lecture on "The New Co-Operation"

Mrs. Millie Trumbull, Secretary of the Child Welfare Committee of Portland, and chairman of the Legislative Committee of the State Federation of Women's Clubs, will deliver an address during the assembly hour Wednesday, April 28, on "The New Co-Operation."

Mrs. Trumbull attended the Commonwealth Conference, held on the campus in December, and was at that time secretary of the committee which drew up the bill on unemployment. Mrs. Trumbull was also present at the University during the Federated Women's Clubs convention in October, at which time she addressed an assembly audience.

"Mrs. Trumbull is giving her life to the crippled children of the state," said Mrs. Minnie Washburne, who has been intimately acquainted with Mrs. Trumbull for about eight years. "She also takes a great interest in the homeless children of the state and is very active in securing their admission to industrial schools where that course is practicable."

Besides Mrs. Trumbull's speech, the assembly program will contain a special musical selection.

ANNOUNCEMENT

"The Relation Between Philosophical Materialism and Political Radicalism" will be the subject for discussion at the Faculty colloquium in the new dining room of the Dormitory tonight. Dr. H. D. Sheldon will lead.

Members of the Drama Guild were entertained on a picnic excursion to Bald Mountain by Professor Reddie and Mr. Dymont Sunday afternoon. Those in the party were: Professor Howe, Professor and Mrs. Thacher, R. M. Winger, Miss Upleger, Miss Irene Upleger, Professor and Mrs. Allen, Miss Bidell, Mr. and Mrs. Marion McClain, Miss Perkins, Dr. Stuart, Miss Hair and Mr. Brecker.

POLITICAL SKIES ARE SEARCHED BY SEER

WITH NOMINATIONS IN TWO WEEKS, CAMPUS STATESMEN WAKE UP

BIG JOBS HAVE MANY WOOLERS

Student Body Presidency and Emerald Editorship Expected to Stimulate Exciting Campaign

With the annual Student Body nominations slated for the morning assembly of May 5, and the elections one week later, the proverbial political apis mellifica, commonly known as bee, is beginning to come out of its trance, wipe the wax off its wings, limber up its stinger, and buzz about the not-unreceptive ear of the prospective candidate.

According to the Student Body Constitution, the nominations must be held on the first Wednesday, and the elections one week later. This year's arrangement is considered fortunate, in that the date of the election is the Wednesday before Junior Week-End, and thus the campaign will be over and the smoke and carnage cleared away before the distractions of the big carnival. Last year the excitement of Junior Week-End, coming in the midst of the political turmoil, was almost too much for the Student Body nerves.

Interest always centers about the contests for the Presidency of the Student Body and the editorship of the Emerald, which are considered the prize plums on the campus political tree. Indications are that this year will see an ample supply of candidates for both offices.

To step into Tommy Boylen's shoes as President of the Associated Students, no less than five candidates are being prominently mentioned. It is understood that friends of Cloyd Dawson, President of the Y. M. C. A., have launched a boom in his behalf. Lamar Tooze, President of the 1916 class in its Sophomore pilgrimage, is being groomed either for the Student Body suzerainty or for a job on the Executive Committee. A third Junior who is generally figured in by the dope analysts is Prentiss Brown, present Moses of his class, although he has not yet announced his candidacy. Two more "dark horses" who are said to be prancing about in their box stalls are Cleve Simpkins and Merlin Batley.

Tradition demands that there shall be a pretty fight for the Emerald editorship, and this year should be no exception. It is just possible that instead of the usual duel, there will be a three or four cornered engagement, although at present only two men are known to covet the office. These are Max Sommer, the present managing editor, and Leslie Tooze, the present city editor. Wallace Eakin, who as news editor would also be in line for the chief position, has definitely refused to run. It is hinted, however, that there may be a dark horse in the person of Fred Dunbar, former city editor of the Emerald. Maurice Hyde, editor of the 1916 Oregana, is another comet in the local journalistic heavens.

For the Executive Committee, the overflow from the presidential race ought to supply some material. Among those whose names have been whispered in this connection are Fred Dunbar, Chet Miller, Lamar Tooze, Bob Bean and Bill Holt.

For the eight elective places on the Student Council there is certain to be even greater rivalry than last year. Three men and two women from next year's Senior class and two men and one woman from next year's Junior class are to be elected, the Student Body President and Secretary, Editor of the Emerald and President of the

FROSH WIN INTERCLASS MEET WITH 64 POINTS

JUNIORS GET 34 POINTS, SOPHOMORES 27, AND SENIORS 18

FEE IS HIGH-POINT WINNER

"Bill" Is Pleased With Showing Made and Expects Still More Later in Season

Floyd Westerfield. The Freshmen captured the interclass meet by taking 64 points. The Juniors were next with 34, Sophomores 27, Seniors 18.

Chester Fee, a Junior, was high point winner, making 24 points for his class. Fee won three firsts, two seconds, one third and one fourth. Sam Cook, the other half of the Junior team, took the remainder of the points for his class. Sam took first in the discus and the shot put. "Bill" expressed himself as being well pleased with the work. So well pleased that he is going to give a medal to the best all around athlete as soon as the regular season is over. A sort of pentathlon meet will be held to see who is the best man.

In the meet with Multnomah Saturday Parsons and Clarridge will not participate. Parsons will leave shortly for Alaska, and Clarridge is still laid up with a strained muscle. Most of the other men are rounding into shape and will be able to do things by Saturday. Although the work Saturday was a little pre-seasonal and an improvised track was used in the hurdles and sprints, the time was good and everything points to better showings in the coming meets.

The track was heavy and necessitated the postponement of the 220 yard dash and the low hurdles until Monday, weather permitting.

The most notable development in the tryout was the tossing of the 16 pound shot 43 ft. 5 in. by Captain Sam Cook. Sam is just rounding into form in his event, and it doesn't look like anyone will head him this year. His next put was 43 feet, showing that he is capable of consistent work.

Chet Huggins ran a mile against time in 4:24 2-5. "Chet" promises to give all milers a run for their money and a pretty race will ensue when McClelland, of Washington, toes the mark with "Bill's" distance star.

Summary of events: High hurdles, Muirhead (F) first, Fee (G) second, Ford (F) third, Garbade (F) fourth. Time 15-4.

Shot put, Cook (J) first, 43-5 Fee (J) second, 38-6; Snyder (F) 36-11; Monteith (F) 35-10.

100 yd., Westerfield (S) first; Peacock (F) second; Goreczsky (F) third; Hamstreet (S) fourth. Time, 10-3.

High jump, Clark (F) first; Muirhead (F) second; Johnson (F) third; Fee (J) fourth. 5-8 1-2.

880, Loucks (S) first; Langley (S) second; Nelson (S) third; Montague (F) fourth; 2 flat.

Pole vault, Fee (J) first; Bond (F) and Muirhead (F) tie for second; Clark (F) fourth; 11 feet.

Two mile, Payne (S) first; Belding (F) second; Bostwick (S) third; Parsons (F) fourth; 9-52-1.

Broad jump, Fee (J) first; Muirhead (F) second; Ford (F) third; Johnson (F) fourth; 20-10 1-2.

Mile, Huggins, 4-24-2. One entry only. Discus, Cook (J) first; Heidenreich (S) second; Fee (J) third; Goreczsky (F) fourth; 115-3.

440, Bull (S) first; Wilson (F) second; Brunkow (F) third; Peacock (F) fourth; 51-4.

FACULTY MEMBER GETS ON TRAIL OF BIKE SWIPERS

Professor Allen, Short-Cutting Home for Dinner, Discovers the Tragedy of a Headless Bicycle

Any person having two detached bicycle wheels in his possession is under suspicion in the mind of Prof. E. W. Allen. One day last week as he made his way home to lunch, he came across a good frame of a woman's bicycle in the corner of a wheat field just to the southwest of the cemetery. This is a secluded spot, but it so happens that Professor Allen in the search of a short cut home to his noon meal has the habit of following a dim path along the lower edge of the cemetery.

In sooth he thought that perhaps there had been an accident and the wheels had ben takta...fu.1TP-rh, wheels had been taken to the shop for repair, but when a day or two later he saw the seat had disappeared and the next day even the frame had disappeared, he came to the conclusion that the same parties that swiped Anthony Jaureguy's bike were operating in the vicinity of the campus.

DANGER LEFT EUROPE TO TUNE OF SHELLS

LOTTERY "FEATURE STEPPERS" HAVE WAR TALE; WILL STAY IN U. S.

Mrs. August van Roosendaal Taught Dancing in Antwerp 'Til War Broke

Mr. and Mrs. August van Roosendaal, the dancers who supplied the feature at the Student Body lottery dance Saturday evening, will remain in Eugene for six weeks.

The Roosendaels were recently married in Spokane. Mrs. Roosendaal conducted a dancing academy in Antwerp before coming to America. She left Antwerp the day after a Zeppelin airship had cast 21 bombs at the Belgian headquarters and powder magazines.

"It was 1:30 in the morning and the noise was terrific. I can still hear it when I think of the bombardment," said Mrs. Roosendaal.

Mrs. Roosendaal, with her mother and a friend of her father, was escorted through the German lines by a German Colonel who was a friend of the family. Several times the train which was taking them to Holland was stopped by German officers. The exit to Holland was finally made, however, and passage was secured on the "Philadelphia" to America. On this ship, as related by Mrs. Roosendaal, the party endured many hardships and discomforts. They were forced to take rooms below decks usually used for steerage passengers, but on this trip crowded with tourists, who had to pay \$80 for their passage, 30 per cent more than the steerage rates.

The food was poor, and the ship, which was equipped to furnish comfort and conveniences to 500 passengers, was loaded with 1,500 people.

The scenes of excitement at Antwerp and Ostend were almost indescribable, according to Mrs. Roosendaal's story. When the first news of war broke, the German seaports, which were thronged with tourists, emptied the whole stream into Rotterdam, where several ships were known to be ready to sail.

When sailing dates there were cancelled the tourists poured over the Holland-Belgium border into Antwerp, seeking passage, and when, in turn these ships did not sail, the tide of pleasure seekers now became a myriad, pushed on to Ostend, augmented by refugees from every city through which they passed. At Ostend 10,000

OREGON GETS CHAPTER OF ALPHA KAPPA PSI

FRATERNITY IS THIRD NATIONAL HONOR ORDER TO ENTER OREGON

INSTALLATION TO BE IN MAY

Kommerce Klub, Six Months After Organization, Succeeds in Getting Order Organized in 1905

TELEGRAM

Chicago, Ill., Apr. 25, 1915. * The Kommerce Klub, * Care University of Oregon, * Eugene, Oregon, * Your petition unanimously * granted. You will be Kappa Chapter. * E. O. PALMER, * Corresponding Secretary General * Fraternity of Alpha Kappa Psi.

The University of Oregon Kommerce Klub, organized secretly nearly half a year ago, received notice yesterday of its nationalization as Kappa Chapter of the Alpha Kappa Psi, National Commerce Fraternity. This is the advent of the third national honorary fraternity on the campus.

The installation ceremonies will take place early in May and will be performed by the Theta chapter of the fraternity of the Oregon Agricultural College, of which Otto Ballhorn, editor of the Barometer, is president. The petition for the charter was submitted on March 18, at which time the members were informed of the general enlargement and improvement of the local Commerce Department.

The charter members of the fraternity are:

- Lamar E. Tooze, Hary L. Kuck, Martin Nelson, Fred Kiddle, Tom Boylen, Max H. Sommer, Leslie O. Tooze, Samuel Michael, Anthony Jaureguy, Leo Potter, August P. Scholl.

The Kommerce Klub was organized by a group of ten students on September 21 of last year, for the purpose of facilitating the advancement of members actively interested in commerce and its allied endeavors. The society had been in the minds of several of its charter members since the time that Oregon was definitely assured a course in Commerce a little over a year ago. The petition for a national chapter of the Alpha Kappa Psi was submitted to the General Secretary on March 18.

The newly formed chapter has already developed extensive plans of activities in which they will foster the general spirit and policy of the organization. Already plans are under way for the entertainment of men of note who will visit the campus during the Commonwealth Conference on May 28 and 29.

The Alpha Kappa Psi is a fraternity existing in universities which offer standardized courses in Commercial Science leading to a degree of Bachelor of Science or its equivalent. At present there are nine chapters of Alpha Kappa Psi duly installed at New York University, Denver University, Northwestern University, University of Cincinnati, Oregon Agricultural College and University of Texas. Two other universities besides the University of Oregon had petitions pending at the same time.

Alpha Kappa Psi was founded in 1905 in New York University, and had for its aim "to further the individual
