

MOTOR TRUCK WILL DISTRIBUTE OREGANAS

Printing on Book Finished and Binding Begun; Name of Person to Whom Dedicated Kept Dark

Monday morning, May 10, is now the date set for the distribution of the 1916 Oregon, and if nothing more happens to prevent, 400 books will be given out from a motor truck which will make the regular rounds of the houses, and which will leave a number of volumes at the Y. M. C. A. Book Exchange for non-fraternity men.

It was planned to have the Junior year book ready to deliver May 8, but Manager Holt announces that a series of unavoidable delays have made necessary the postponement of the date.

"Have your receipt and your dollar ready when the books arrive," said Leslie Tooze, Assistant Manager.

Each house will be warned beforehand of the advent of the truck.

The printing has been done, and the publication is now in the process of binding, says Manager Holt.

The name of the one to whom the book is dedicated is being held secret.

LESLIE TOOZE WILL EDIT 1915-1916 Y. M. C. A. HANDBOOK

At the Y. M. C. A. Cabinet meeting Thursday, Leslie Tooze was elected editor of the Y. M. C. A. Handbook. As associates, the entire Cabinet will assist him.

The book, which will be gotten out before the close of school, will be reduced from the 100 pages of last year to about 70 pages. However, most of the reduction will be made in the exclusion of advertising matter, as under the agreement with the Emerald and the Oregon no school publication other than those may solicit local advertising.

The book will be placed in a leather case of two compartments, one designed to hold the Handbook and the other to hold a Student Body ticket and Y. M. C. A. membership card.

Don Belding, the publicity member of the Y. M. C. A. Cabinet, will edit the annual report of the Association. This report, covering all phases of the association work during the past year, will appear in the Emerald in about a week and at the same time 200 copies will be mailed to friends of the association outside of the University.

"How many out?" and "What's the score?" so often heard in the bleachers, will soon become back numbers at Princeton. A score board, very much like the one at the polo grounds is being erected. The board will measure 30 by 15 feet and will register balls, strikes, outs, the score by innings, and the lineup.

JUNIORS WILL START REVELRY WITH PARADE

(Continued from page 1.)

week-end events. "Everybody works" is the slogan for Friday morning. Boyce Fenton, chairman of the University Day, will not give out his committees until next Tuesday. It is definitely understood, however, that no one will be allowed to play the role of the "fat rich." The frog pond will be smoothed over, trees will be torn out in front of the new Administration Building, and the car station will be moved. The Women's League will provide booths for the hungry laborers and a "jolly serpentine" will be formed to gather in the eats.

At 2:30 P. M. Oregon and Washington will again mix in athletics, this time in the form of a track meet. At 8:00 P. M. "Jeanette's Way," the Senior Play, will be staged in the Eugene Theater.

Over 100 "prep" athletes will participate in the annual interscholastic meet Saturday. The preliminaries will be staged at 9:00 A. M., the finals at 2:30 P. M.

Hayward Hall will serve as an information bureau for the "preppers." The last Junior Week-End festivity will be the Junior Prom, Saturday evening at 8:00 P. M. Those who do not wish to attend the Prom will be entertained at a smoker in Villard Hall. Visitors will be provided in advance with partners for the Junior Prom.

KEYSER TO ADDRESS '15 GRADUATING CLASS

Night Letter From President Campbell Says Columbia Mathematician Is Secured

A night letter from President P. L. Campbell to Professor W. M. Smith, Secretary to the President, received today, announces that Professor C. J. Keyser, head of the Department of Mathematics at Columbia University had been secured to deliver the commencement address of the 1915 graduating class at the University of Oregon. Professor Keyser is well known throughout the United States for his exploits along the line of philosophy.

A brief outline of Professor Keyser's life is as follows:

Professor Keyser was born in Rawson, Ohio, and graduated from the Ohio Normal School in 1883, taking a B. S. degree. He studied law in Ann Arbor, Michigan, and Kenton Ohio. Was given B. S. degree from University of Missouri in 1892; he took an A. M. degree from Columbia in 1896, and married the same year. He was principal and instructor in various schools in Ohio, and was appointed to the Thayer School of Mathematics at Harvard in 1892. Professor Keyser has been the recipient of numerous degrees from several colleges throughout the United States.

"MY MAN AND LADY" TO BE PLAYED AT JUNCTION CITY

"My Man and Lady," the play that made a successful tour through Southern Oregon, will be repeated in Junction City on this evening, May 8. The performance will be given under the auspices of the high school, of which Herman Oberteuffer, '14, is principal.

The same cast that played here will make the trip. It includes Professor A. F. Reddie, Fred Hardesty, Mandell Weiss, Homer Kellems, Ernest Watkins, Beulah Stebno, Marian Tuttle, Mina Ferguson, Elta Aikens and Josephine Moorhead.

TWO SCHOOLS WILL DEBATE FOR HIGH SCHOOL HONORS

The final two of the 43 high schools in the State Debating League will meet tonight, in Villard Hall, to decide the state championship for the debating cup. The two schools are Salem and Enterprise, with two men on each team.

In the last semi-finals Enterprise beat Prineville.

The question used in all the high school debates this year is the same as that in the inter-collegiate contests: "Resolved, That the federal government should own and operate all interstate railways and all intrastate lines competing with them."

PROFESSOR BOVARD WILL RETURN BY SEPTEMBER

Prof. John F. Bovard, who left last fall to take up biological work at Harvard, has written that he will be back at the University by September 1st, in time to take up the fall classes in Zoology, Physiology, Histology and Embryology. New courses in Bionomic Problems will also be offered. Professor Bovard has spent a great deal of time in research work along these lines.

August Nehring, elevator operator in the University of Texas, is the proud wearer of an iron cross awarded him by the German Kaiser, during the Franco-Prussian war.

WOMEN'S GLEE CLUB TO SING AT PORTLAND ROSE FESTIVAL

Among other choral organizations of the state, the Women's Glee Club of the University has been invited to sing at the Portland Rose Festival. The club will give a program of an hour's length, consisting of chorus and quartet numbers. No solo numbers will be given, as the concert is to be held out of doors, at the Festival Center, at Park and Madison streets.

All 24 members of the club will leave Thursday, June 10, and probably most of them return the same day. The concert will be given in the afternoon. Director Ralph H. Lyman will accompany the club.

Have you placed your order for one of those beautiful memory books, any crest or seal, at Cressy's Book Store.

EXTENSION DIVISION MAKES FLY-BAIT EXPERIMENTS

Fly-bait experiments were conducted yesterday by the Extension Division, the results being sent to the Bureau of Health, of the City of Portland, to be used in the Portland fly campaign.

Five traps, each with a different bait, were set side by side at a place near the edge of town. The baits were syrup, banana, salmon, crab and bran mash, the formula for which was given by Dr. C. F. Hodge. In twenty minutes, the first trap had four victims, the second 10, the third 12, the fourth 39, and the fifth 220.

PETER CROCKETT TO COMPETE FOR PEACE ORATORICAL PRIZE

Peter Crockett will represent the University in the International Peace Oratorical Contest with U. of W., to be held in about two weeks. No local tryouts have been held, because Crockett was the only student expressing his willingness to work on an oration. He has put in several months of labor and he has finally given his declamation the title of "An Illogical State Concept." There is a prize of \$75 offered to the winner and a stake of \$15 for the next best oration.

At Northwestern University, all students who maintain an average of "B" or better in a subject are excused from taking the final examination in that study.

SIGMA DELTA CHI PLEDGES TO BE INITIATED MAY 22

At the Sigma Delta Chi initiation for Harold Hamstreet and Leigh Swinson, on Friday, May 22, the national officers, Carl Getz, Dean of Journalism at Montana University, and Lee A. White, of Washington University, will have charge of the ceremonies. As is customary in connection with the informal part of the initiation, the neophytes will appear on the campus in full dress suits.

In order to show their journalistic ability, Hamstreet and Swinson will have charge of Thursday's Emerald. After the initiation, Friday, a banquet will be served for them at the Osburn Hotel.

A recent edition of the University of Washington Daily appears modeled after the New York Evening Journal, as a note at the bottom of the sheet states. This was carried out even to the last page with its large type editorials. Scare heads were also used on the front page. The paper, labeled the "8th" edition, also contained a thrilling love story by Virginia Terhune Van de Bogart.
