

NON-FRATERNITY 'STUDES' REORGANIZE OREGON CLUB

Henry Howe Is Chosen President and Outlines Plans for the Ensuing Year

The Oregon club underwent a reorganization on Friday afternoon, when about 40 non-fraternity men and women elected officers and outlined a policy for the ensuing year.

Henry Howe was unanimously elected president. To Mildred Brown fell the office of vice-president, in a closely contested race. Hallie Hart was appointed secretary and James Cossman was re-elected treasurer.

Constitutional and membership committees were appointed by the president. A delegate was chosen to represent the club in the Doughnut Basketball league. It is the intention of the organization to enter in all athletic contests.

In addition, plans for social functions are being outlined by a committee in charge. An appeal to all of the 450 students who do not belong to fraternities, will be made, with the idea of enrolling them all into the organization.

The next meeting will take place on December 3.

2 NEW TREATISES APPEAR

Dr. W. D. Smith Is the Author of P. I. Geology Articles.

Two new treatises by Dr. Warren Du Pre Smith, head of the University geology department, have just appeared. "Notes on the Geology of Panay" contains descriptions of the physiography, distribution of people and vegetation, and the general, economic and seismic geology of Panay, an island of the Philippines.

"Notes on a Geologic Reconnaissance of Mountain Province, Luzon, P. I.," deals with the geography of Luzon, and its topography, climate, people and vegetation. General, historical and economic geology of Luzon is also considered in this treatise.

Dr. Smith has spent nine years in the Philippines, where he was chief of the bureau of mines for several years. He was appointed geologist by the United States government and was for a time co-editor of the Journal of Science. He was born in Leipzig, Germany, and educated in the United States at the University of Wisconsin, Stanford and the University of Chicago. He received a Ph. D. degree from the last named university in 1905.

Dr. Smith is the author of 50 articles on special phases of Philippine island and Maylayan geology.

Reed college had a football game the other day. The teams were selected by "choosing up sides."

BASKETBALL FATE TO BE DECIDED SOON, PERHAPS

"The fate of intercollegiate basketball will probably be settled in the faculty meeting next Thursday," said Cleveland Simpkins, chairman of the special student petition committee on basketball, yesterday. "The committee appointed by the faculty to investigate the question will undoubtedly confer with the student committee before Thursday and recommend a course of action to the faculty on that day."

Statistics compiled in Chicago show that 59 persons were killed during the 1915 baseball season. Thirty-eight of these fatalities were caused by being hit on the head by the ball direct from the hands of the pitcher.

given at the rally. Echo Zahl, chairman of the committee, refuses to give out anything on the nature of the stunt, but she says that it will be "peppy" and full of "zaz."

This noon the committee met with G. R. Hoerner, president of the Associated Students at O. A. C., and F. L. Green, the O. A. C. yell-leader, a luncheon at the Beta house. Rooting plans and the seating of the O. A. C. visitors were the main points of discussion.

"It is absolutely necessary that every student join in the general reception to all visitors," said Max Sommer, general chairman of the home coming committees. "The visitors on the campus will be of a heterogeneous nature, and the entertainment will be difficult. The policy of home coming day is to send every visitor, Aggie, alumni, friend, en-

emy, away feeling better than when he arrived. It's Oregon's big opportunity." Wadhams & Co., of Portland, have donated all of the coffee necessary for the big luncheon on the campus Saturday noon, and they will send a demonstrator down to prepare and serve it. Fifty pounds of assorted cookies have been promised by the Pacific Coast Biscuit company.

The committee or arrangements for this luncheon are prepared to serve 1500 persons. It will be a cafeteria meal and the tables will be set up between McClure hall and the men's dormitory, weather permitting. If it rains, the affair will be held in the gymnasium.

Bleachers have been constructed all around the field in order to accommodate the several hundred University students, home coming "grads" and the 2000 rooters from the visiting school. The entire capacity is 8013 persons.

The special train from O. A. C. will arrive at 12:30.

THE

Big Game of the Year

at

EUGENE

Saturday, November 20

U. of O. vs. O. A. C.

The football game this year between U. of O. and O. A. C. will be bitterly contested. Oregon won from the strong U. of S. Cal. team, 34 to 0, while the Oregon Aggies defeated the Michigan Aggies 21 to 0. These two teams rank with the best in the United States. The winning of this game at Eugene on Nov. 20th, by either team, means more than a championship. It will be worth your while to see it. Trick plays, forward passes will keep the spectators tense from the start of the game to the final blow of the whistle.

Low Round-Trip Fares

Will be on sale at all Southern Pacific stations north of Ashland Nov. 19-20. Returning limit of Nov. 22, 1915. Further information as to tickets etc. from local agent.
