EX-STUDENT PREXY TACKLES HEAVY TOPICS

Motschenbacher, '13, Writes Letter Showing Change of Opinion Since College Days.

Vernon T. Motschenbacher of Klamath Falls, ex-president of the student body and for two years catcher on the varsity baseball team, is one of the many alumni who have displayed no little interest in campus doings.

"That alumni page is a good thing. It ties the students to the grads and the grads to the students. We can keep in touch with affairs at the University and possibly once in a while make a suggestion that may be of value.

"Our Ideas Change" "It's a funny thing how our ideas change as time goes by and it seems to me that this page could be used to some advantage by the students in anticipating those changes.

"I don't mean that questions like the abolishing of taxis, or flowers, or pigging during rallies should be discussed. They may be important, but are too local.

"Athletics is Mooted Question" "This athletic question would be a corker to start out with. There is a great deal more to it than the average student is willing to admit.

"I believe also that intra-mural athletics are almost as bad, because fellows go into them body and soul without the least bit of training.

"Sport for Sport's Sake" "Maybe I have exaggerated a bit. It won't hurt if I have. The point remains the same. There are evils existing and most every one admits it.

trouble is the same. You are fostering athletics not with the idea of developing the individual but of sacrificing the individual to the development of the team and the god of victory.

"Whoever started that crazy discussion about putting into force a compulsory system of military training? We are several thousand miles away—over sea—from any nation that is powerful enough to injure us, and there is no need of a great military system.

"I am just as loyal as ever to Oregon and I like to see her win, but I am just as loyal if she loses, and even if she loses every time.

PERSONALS "Dr. Ansel F. Hemenway, '98, is professor of botany in Transylvania College, Lexington, Kentucky. After receiving a B. A. degree in 1902, Dr. Hemenway returned and in 1904 received a M. A. degree.

Andrew Collier, '12, is director in the First National Bank of Merrill, Oregon, and bookkeeper in the First National Bank of Klamath Falls.

Joy and sadness were mingled Saturday evening at a little party in Klamath Falls when the Oregon and O. A. C. grads in that section met at a little party to hear the results of the gridiron battle on Kincaid field.

Two former Oregon yell leaders were among the alumni who were guests of the University on homecoming day and on Friday. They were Arthur Van Dusan, '10, and Charles W. Robinson, '10.

The alumni who registered while home coming day guests but who were not in the Portland special train were:

JUDGE KUYKENDALL CRITICIZES FRANKLY

Ex-Student Who Graduated 17 Years Ago, Recommends Alumni Page as Forum.

Not since the appearance of the first issue of the alumni page this fall has a criticism of this page more interesting than the following from Judge D. V. Kuykendall, '98, been received.

"I note from a recent number of the Emerald, that you have undertaken the publication of a weekly page devoted exclusively to the alumni of the University. The first impression is that you have undertaken to serve two masters, and that has always been considered a difficult matter, but, in reality, the two interests you are seeking to reach are only one and have come to appear to be two from the lack of some such means of communication as you seek to furnish.

"The Alumni and University diverge and lose interest in each other, not because each does not grow, but because each grows at some distance from the other, thus preventing mutual support and understanding. It has been a matter of regret, often expressed by individual alumni, that there never has been established between our school and its alumni the feeling of unity and co-operation that should exist and which does exist in most institutions of such high character.

Favors Alumni Page "The alumni page is better than a publication devoted exclusively to alumni affairs. It brings the alumnus down to date and keeps him more in touch with the University as it stands rather than simply refreshing old memories and recalling to his mind the University that has long since grown away from the age and times when he knew it.

"Perhaps for some of us the gap has been left so long unbridged and has widened so far that we can never cross it, but the graduates of recent years if kept in weekly touch with the University ought never to get far away but should keep up with the institution as it grows and develops.

We Do Take a Justifiable Pride

In the blouse we sell at \$2, for they really are so greatly superior to the

Ordinary \$2.00 Blouses

The Welworth, a Better blouse at \$2

It doesn't just happen that we have such splendid blouses to sell at this price—it comes as a result of our willingness to cooperate with the manufacturers, and hundreds of other good merchants (just one in every city) in such a manner as to put added value in the blouses—in style—workmanship—fit and finish—in all that goes to make a blouse—they really do excel. The Welworth blouse at \$2 is sold here exclusively.

Another special showing at \$3.95.
