

COMMENCEMENT, THEN EXAMS, FACULTY RULES

Tentative Program Described By Prof. E. W. Allen Includes All Week-End Functions.

PAGEANT FRIDAY EVENING

Senior Exams May Be Dropped or Advanced; Senior Play Not Yet Decided.

Commencement will precede exams this year. So the faculty decided Thursday before the holidays. The bearing of this ruling on senior plans was discussed at the senior class meeting yesterday and a tentative commencement program as discussed by the faculty was described by Prof. E. W. Allen, class advisor. He said the faculty thought the exercises might be rearranged in some such form as follows, the seniors being invited to appoint a committee to consider:

Program Proposed

Friday, June 2: Pageant in the evening.

Saturday, June 3: Alumni Day; meetings of alumni and alumnae; alumni luncheon; field day (if given); alumni ball in the evening.

Sunday, June 4: Academic procession; baccalaureate exercises; school of music presentation.

Monday, June 5: Academic procession; commencement; President's reception; flower and fern procession; Felling and Beekman orations.

May Out Senior Exams

"This arrangement may dispose of senior examinations, or it may bring them in ahead of the other exams," said Professor Allen. "Undergraduates will be studying, presumably, during commencement, and it is desirable that commencement disturb them as little as possible. The commencement program should aim to keep friends and relatives interested on the campus, away from the houses during study periods."

"The criticism has been made that commencement here is thin and unattractive," said the advisor. On his suggestion that new features might be introduced or borrowed from other campuses, and that a committee be appointed to look over the ground, President Batley named the following: Cloyd Dawson, Anson Cornell, Chester Miller, Leslie Tooze, Louise Bailey, Claire Raley, Katharine Bridges, and Genevieve Shaver.

Seniors Want Play

The seniors want a senior play, "something that will have in it everything we want to have," and the committee trusted with this order will be: Mandell Weiss, Ralph Allen, Chester Fee, Charlie Fenton, Rita Fraley, and Marie Churchill.

Whether there shall be a senior memorial of what nature it shall be and where in the program it shall occur was referred for recommendation to a committee as follows: Bothwell Avison, William Burgard, Erna Petzold, Walter Church, Grace Edgington.

Oregana Debt Is \$400

The Oregana debt standing against the class was moved paid. Class revenue will provide part. A loan will be negotiated to cover the balance. The debt is something like \$400.

Walter Church as captain and Claude Hampton as manager will work up a senior basket ball team, and decide whether "to make the game ping pong or football," by the favorite comparison of President Batley.

Wallace Eakin, Fred Dunbar, Bertha Kincaid, and Lucile Watson were appointed to report on commencement invitations.

Charley Fenton to Urge Mustaches

"All-round moustaches" will be diligently cultivated by the senior men, urged on by a committee headed by Charlie Fenton, who at last meeting presented the moustache resolution of the senior co-eds. The other members are William Burgard and Bothwell Avison. The latter inquired if a good all-round moustache meant all around the mouth, and amid some protest was referred to the petition.

Provisions were made for a senior leap year lottery dance. A plea was made for a good audience at the Women's glee club concert Saturday evening, especially in that there are many seniors in the club and that "it isn't encouraging to see in the audience a large sprinkling of intelligent-looking seats."

Attention was called by Henry Howe.

"Pig" No More, 'Tis Leap Year

Benedict "Poet" Cautions Men From Game Less Safe Than Before.

The gent who is wise wears no pin on his vest,

But secretly hides it away,
For discretion than valor and rashness is best;

And the season opened on New Year's day.
For this is the year that comes once in four,
When February adds one day that it had not before,
And women gun for men.

The gent who is wise pigs for joy of the pigging,
And retaineth his freedom through all,
From oath and betrothal forever reneging,
And shunning Cupid's thrall.

The cautious pigger now pigs no more,
For the game's less safe than it was before,
Now that women gun for men.

FRESHMAN DANCE FEB. 12

Committees Appointed; Music Refreshments, Features and Others Included.

Committees for the freshmen Valentine dance were appointed at the class meeting Wednesday and arrangements made to collect the hundred dollars in class dues not yet paid up. The dance probably will take place Saturday, February 12, in the Armory.

Dr. Straub has urged that every freshman girl be asked to go even if she does not dance. "If any of you boys don't dance it won't do you any harm to ask a girl who doesn't dance and go and sit in the gallery. If I see any freshmen there with an upperclass girl and find that one of his own class has remained at home as I get hold of him," he said.

Committee chairman are as follows: Social: Genevieve Dickey; music, Ralph Tourtellotte; program, Sprague Adam; invitation, Laura Miller; refreshments, Dorothy Dunn; decoration, Kathleen Fraley; feature, Wyville Sheehy. George Gates was appointed general manager. Charles Johns was elected manager of the freshmen basketball team.

Emerald Can Break the Speed Limits--- But Can the Staff Stand the Pace?

By special arrangements, H. W. (meaning "Hard Working") Mahar has consented to print the Emerald on the big press at the Guard office.

This press is the speediest on the market and its name is Duplex "Tular," with a maximum speed of 30,000 papers per hour, folded and ready for delivery.

"Shel" Sheldon, chief chauffeur, and "Ed" who runs a motorcycle when he's not running the press, have agreed to break the speed laws on the Emer Id. At this rate the Emerald issue will last from three to five minutes after the make-up and retotyping is completed.

On the old job press the same process requires about two and a half hours, in addition to an hour for folding.

But—This saving of time in presswork requires a proportionate speeding up in assigning, reporting, handing in assignment, copy-reading, head-writing, proof-reading and make-up. Otherwise the Emerald will devour itself with costly overtime.

To the entire staff, therefore, we request that work be speeded up, that there be no delay in handing in assignments.

With this improvement, the Emerald's mechanical equipment compares favorably with any daily on the Pacific coast.

To put the rest of the Emerald's facilities on a par with the press, additional speed is needed on the editorial, managerial and repertorial departments.

Let's all push together to keep up with the press.
It means a better and earlier Emerald.

whistle the interfraternity basketball games started Wednesday afternoon at 4 p. m. in the gym.

COMMERCE COURSES TO BE PRACTICALIZED

Dr. Morton Discusses Additions to Be Made in the Work Next Semester.

When the commerce students returned this week they found their recitation rooms considerably changed. During the vacation a large well lighted room on the north side of the building was made by putting a partition in the long hall about a third of the length from the end of the room. The remainder of the old main hall has been divided into two parts; one will be used for a reading room where all the periodicals and commercial literature is kept and the other will serve as a working laboratory.

Too Much Space

"The reason we made the change," says Dean D. W. Morton, "is because the old room was too big and gave us poor black-board facilities and moreover we expect to have a new man with us

Another Lottery! 'Tis Girls' Chance

Seniors Annual Hop—Mix Will Be Democratic Affair; Committees Appointed.

Another lottery dance, but this time a leap year affair!

With only one audible dissenter, Bill Burgard, the senior class yesterday decided to retain the senior lottery dance custom. The leap year feature seemed to please especially that part of the class that usually sees to cabs, and to flowers, to waiting in the parlor, and to smiling distantly at the patronesses who may love to dance.

Ah! No Cabs! No Flowers!

But there will be no cabs and flowers. For Constance Cartwright asked about it, and President Batley said that though he hadn't any objection to a little decoration himself, he thought that a democratic class should oppose such non-essentials.

"Now that I have voted in favor of the measure," said Mandell Weiss, "I'd like to inquire just what the nature of the affair will be."

"A leap year affair is where the girls try to show the fellows a good time," was the opinion of Bothwell Avison.

Corruption was the cry of one speaker, who named that heretofore the drawing of fees has been juggled with. It was promised that a higher committee would scrutinize the work of the main committee if necessary. The dance committee consists of: Chester Miller, Kate Stanfield, Constance Cartwright, Claude Hampton and William Tuerek.

AGGIES \$3400 AHEAD.

The Oregon Aggies have got lots of kale with which to start the new year. After weeks of effort and hard work counting the greenbacks, they have finally deduced that they are \$3400 ahead of where they were when the season started. And all this after making the trip to Lansing, Mich., besides one to California and one to eastern Washington.

EXERCISE SOME MORE.

Sophomores at the university of Wisconsin were unable to get enough exercise in the varsity or interclass sports, so they destroyed \$60 worth of property in a "cap fight" recently.

According to statistics recently collected at Colgate university the average age of members of the entering class each year is 19 years 8.3 months.

GIRLS TO DISCLOSE FROLIC SECRETS

Concert Saturday Night of Gleeesters Promises to Be One of Most Peppy.

10-20-30 TO BE CHEF D'OUVER

Virginia Peterson, Leah Perkins, Mona Dougherty, Eva Brock Are the Soloists.

Adrienne Epping

For once the secret stunts of April frolic will be divulged to the public. The program for the Girl's Glee club concert Saturday night will include several from last season's frolic. This concert promises to be one of the most peppy performances ever staged by the college girls.

The first selection, "Will o' the Wisp" will be an innovation with bizarre lighting effects. It has leaked out that "Do-Re-Mi" is a big animated solo—the University girls always did do things on a large scale—but "10-20-30" will be the chef d'ouever of the evening. Virginia Peterson, Leah Perkins, Mona Dougherty and Eva Brock are the soloists for the club.

The program will be as follows:

Part One.
(a) Will o' the Wisp.....Spross
(b) The Dusk Witch.....Ambrose Glee Club

Solo—
A May Morning.....Denza
Miss Virginia Peterson.
To the Spring.....Grieg Glee Club

Solo—
A Bonnie Curl.....Chadwick
Miss Leah Perkins
The Fountain.....Bartlett Glee Club

Part Two.
Serenade.....Richard Strauss Glee Club

Piano Solo—
Paraphrase on the quartette from "Rigoletto".....Verdi-Liszt
Miss Mona Dougherty

Quartette—
"The Sweetest Flower That Blows".....Hawley
Misses Brock, Tinker, Wood, Perkins
"10-20-30."

Do-re-mi
Solo—
Lullaby from Jocelyn.....Godarch
Miss Eva Brock
Songs of My Oregon.....Howe-McCosh Glee Club

Tickets may be had at the box office of the Eugene theatre after 10 a. m., Friday, Jan. 7th.

PRESIDENT IS IN WASHINGTON.

President Prince L. Campbell will be in Washington, D. C., from December 31 to January 8, in attendance at the American Scientific Congress and other allied meetings. Professor H. B. Miller, of the School of Commerce was invited to be present at this convention and read a paper. Pressure of business prevents him from attending, so President Campbell will read the paper.

GO FROM COUNCIL TO CONGRESS

In order to get away from the stiffness and artificiality of a classroom exercise, Prof. R. W. Prescott's classes in public speaking pretend that they are anything from a city council to a mother's congress.

"The students can't put their hearts into mere formal speeches," says Prof. Prescott. "They are conscious that there is no real end to be gained, and are superficial in their argument. That we may have a vital interest, we imagine ourselves in a situation which justifies the discussion. If we want to talk on the compulsory student body tax, we are, for the time being, the student body. If we want to discuss matters affecting the entire state, we are the legislature. And we can as readily turn ourselves into a woman's club or a mother's congress, if the subject demands it."

Nearly \$1000 have been raised among the faculty of the Kansas State Normal school at Emporia to go as a gift toward the rebuilding of the college of Emporia building recently destroyed by fire.

NOTICE.

All soccer candidates report in the gymnasium tomorrow at 3:30 p. m. Manager Tiffany has written to Multnomah Club for two dates, February 5, and February 19. Active practice every Monday, Wednesday, and Friday from now on.
