

### EUGENE PEOPLE SEE \$25,000 COLLECTION

27 Paintings by Famous Americans Are Now Displayed at Chamber of Commerce; Free

Twenty-seven paintings by as many famous American artists, valued at over \$25,000, are being shown free to the public at the chamber of commerce this week.

The pictures may be sent to Los Angeles Thursday, and hundreds of Eugene people are taking early advantage of the opportunity to see the exhibit.

Eugene, Spokane and Los Angeles are the only cities on the Pacific coast where arrangements have been made for the display of these pictures. The collection was gotten together by the American federation of artists of Washington, D. C. and it is being sent to those cities where enough interest is manifested, and where the proper guarantee is provided. It requires a guarantee of \$200 to get the exhibit in Eugene and most of that sum has already been subscribed by citizens of the town.

Of the twenty-seven artists represented only one is a woman. This is Mary Macomber whose painting "Salome" is pointed out by many visitors at the exhibit as one of the most beautiful of the collection.

A "Portrait" is one of the largest pictures of the collection and is valued at \$2500. It is a portrait of J. J. Shannon, an American artist, done by his fellow worker Orlando Rouland, who has achieved distinction through his paintings of famous Americans, among whom are John Burroughs, the great naturalist, and Thomas Edison, the inventor.

Another picture generally admired is "Drying Sails", done by Jonas Lie and valued at \$1500. Allen Eaton, instructor in art at the University of Oregon, says that this picture is undoubtedly one of the very best of the collection.

The largest canvas in the lot is one by Henry S. Hubbell entitled "By the Fireside" representing two young women seated by a fireplace in pensive attitudes. The value of this picture is \$1000.

Each visitor at the exhibit is asked to register and is then given a paper on which is listed the names of the paintings and the artists. The visitor is asked to express his first, second and third

choice of pictures by marking the paper and dropping it into the ballot box provided for that purpose. By this method it can be ascertained which pictures are the most popular with the people of Eugene.

The exhibit was open to school children Monday and Tuesday mornings. Last night the pictures were discussed by Mr. Eaton before public school teachers and tonight he will lecture to the public. The exhibit will be open to the public Thursday night.

The paintings with artists and values are as follows:

### WILL LECTURE ON ALPS

Mountaineer's Address in Villard to Be Accompanied With Pictures. Club Will Hike.

Pictures taken upon Mt. Grepon, thought by many mountaineers to be the most difficult ascent in the world, will be shown during the lecture of Mr. Homer Rogers, of Mt. Hood Lodge, Friday evening at 8 in Villard Hall, under the auspices of the Mazama Walks club of the university.

The Aiguille de Grepon is one of the chief peaks on the Pennine Alps. It is 11,489 feet high and was one of the last peaks in the Alps to be scaled. The feat was accomplished in 1881.

Mr. Rogers' subject will be "Mountaineering in European Alps." He is a graduate of Yale university and a mountaineer of ability and many years' experience. Mr. Rogers has put in many years in the Alps, especially those of France and Switzerland, and his lecture will be illustrated with 125 slides from these countries.

The Mazama Walks club has extended a cordial invitation to everyone to be present at this lecture.

Members of the club will hike Saturday to Coburg. The party will leave Bangs livery at 9:30 Saturday morning and go to Coburg Bridge, spend the day on Coburg Hill, and be brought back from Coburg Bridge by truck in the evening. The trip is being planned by W. C. Yoran and A. C. Shelton.

"All wishing to go this trip should notify Mr. Yoran or myself before Friday night or early Saturday morning," said Mr. Shelton, in discussing the proposed hike. "If 15 or 20 go, the expense will not be over 25 or 30 cents each. Individuals should bring lunches; the club will furnish coffee and other necessities."

#### NOTICE.

Student Tickets will admit to the Municipal Band Concert Friday night.

#### "COMUS PLAYERS" ON TOUR

University People Leave Last Night for El Paso, Texas.

Tonight the "Comus Players," Eugene's direct contribution to the personnel of the Ellison White Chautauqua troupe, will leave for El Paso, Texas, where they will make their first appearance May 1.

The "Comus Players" are composed of Professor A. F. Reddie, Miss Janet Young '14, Ralph Ash, ex-'17, Earl Fleishman '17.

The party will be on the road 15 weeks in all, and will cover 10 of the Pacific Coast states. The chautauqua is scheduled to appear in Eugene July 8th.

According to Mr. Reddie the players will carry a small set of scenery. This will be used in their two productions, which will be a short selection from "As You Like It," as it was supposed to have been played in Shakespeare's time; and a modern three-act drama, "Carson of the North Woods." The latter play is a scene depicting the French-Canadian woods near Quebec. The two productions will attempt to demonstrate the difference between modern and Shakespearean forms of drama.

izations about the city are lined up in the campaign and are taking an active part in its promotion.

All arrangements are about completed for the benefit dance which is to be held in the armory May 5, to aid in the campaign. A number of tickets have already been sold and a record crowd is expected.

Lamar Tooze, Jimmy Sheehy and Merlin Batley are the student representatives on the committee for the dance.

The students are beginning to take an active interest in the campaign as is shown by the number of votes that have been dropped in the ballot boxes placed in the library and the Y. M. C. A.

to get the "climax" worked up before the game starts. Because they did this Tuesday afternoon they defeated the Friendly Hall team by a score of 12 to 10. The fraternity boys got their first bats and to prove that they believed in getting off on the right foot, ten Sigma Chi men batted in the first inning and seven runs were scored to their credit. Sandy Leonard, who held down the receiving end of the Sigma Chi battery and led the batting order, made a three-bagger off Kuck, in his first time up. In his four times at bat he made three hits.

Kuck did not show up to his usual form Tuesday night, and Alexander, pitching for the winners, was also a trifle wild, but the jump gained in the first inning was too much for the dormitory men to overcome.

The Sigma Chi team was made up of the following men: Leonard, catcher; McCready, 2nd; Bullock, s. s.; Alexander, p.; Farley, 1st; Tregilgas, r. f.; Clubb, 3rd; Neil, c. f.; Sims, l. f.

Friendly Hall: McLain, 2nd; Reywood, s. s.; Hurd, r. f.; Knighton, c.; Nelson, 3rd; A. Cossman, l. f.; Campbell, m.; J. Cossman, 1st; Kuck, p.

The pangs of hunger overcame the teams representing the A. T. O's and the Fijis Monday afternoon when the end of the fifth inning—the closing frame for the preliminary Doughnut games—found each side with two runs to their credit. A hasty consultation of the captains resulted in a mutual agreement to postpone the deciding innings until a more convenient time.

Skippy Hargreaves, for the A. T. O's, proved a veritable Ty Cobb when it came to base running, and was responsible for a trip to third on a medium-sized single. Dwight Wilson and Blackaby split about "50-50" on the pitching, although the A. T. O's found the former for seven hits to the Fijis' two.

The results of Monday's game:
R. H. E.
A. T. O. . . . . 2 7 2
Fiji . . . . . 2 2 2
Those who assisted in Monday's entertainment were: For the A. T. O.: Wilson, c. f.; Kirk, 2nd; Hargreaves, s. s.; Brosius, c.; Blackaby, p.; Couch, l. f.; Hurn, 1st; Williams, r. f.; Potter, 3rd; for the Fijis: Hedges, 3rd; McMillan, c. f.; Kiggins, 2nd; Dwight Wilson, p.; Allyn, s. s.; Garbade, 1st; W. Sheehy, c.; Heitschmidt, l. f.; Roberts, r. f.

How much of the student trade are you losing by not advertising in the student's paper? How much of the other firm's advertising are you paying for because you are not advertising—and they get YOUR business. Your own judgment dictates that the thing to do is to advertise in the OREGON EMERALD, the student paper; the paper that reaches and is actually read by the students.
