

**Emerald Stops Publication.**

THIS IS the last issue of the Emerald for this year. Examinations begin next week for seniors and the following week for undergraduates. Since the staff is closely divided between seniors and underclassmen, it would work a hardship to require their services.

The annual Emerald banquet will be on Wednesday at the Osburn Hotel at six o'clock, and the staff will sup together for a farewell good time.

The Editor.

**BANQUET LOTS DRAWN FOR EMERALD STAFF**

Reporters Will Be Guests of Management in a Celebration Next Wednesday.

After completing the last work on the 87th Emerald edition this year, the entire staff of the paper will set aside all work Wednesday evening and hie themselves down to Hotel Osburn where advertising manager, Floyd Westerfield, has arranged for the annual redactorian banquet.

The members of the staff come in pairs. There is no set rule regarding the procuring of carriages for the accommodation of the feminine partners and the others. The men who were so lucky as to draw the members of their own sex are duty bound to perform their tasks.

Westfield has planned some brand new stunts which he refuses to disclose. He will only say that they are something new and snappy. He says that he has not counted the number of courses of the banquet yet; but that there are less than twenty.

Sommer has charge of the list of those who are scheduled to answer to toasts and to speak. The chosen ones will be notified at least an hour in advance.

**YOKES ON PETTICOATS**

Petticoats are now being made with deep pointed yokes upon which are set net or thin silk foundations ruffled right down to the hem. A few of these petticoats are slightly stiffened, but most of them have merely a heavy cord around the bottom and a width of hair lace.

Are your wearing ordinary Shoes, or Burden & Graham Shoes.

**FORTY-TWO AT BANQUET**

Football Men Report for Last Time of College Year.

Forty-two men, members of the Varsity and the freshmen football teams, President Campbell, Coach Bezdek, Coach Hayward, Professor C. V. Dymont, R. A. Tiffany, and men likely to turn out next year, were present at a banquet given Thursday evening to talk over the chances of the Lemon Yellow for next fall. Coach Bezdek officiated as toastmaster and speeches were made by President Campbell, "Bill" Hayward, Professor Dymont, Mr. Tiffany, Coach Bezdek, and the letter men. Only two men, Anson Cornell and James Cossman, of this year's Varsity will not be in college next fall. All the Varsity men with the exception of Malarkey, Bigbee, and Cornell were present and all the freshmen with the exception of Johns, McDonald, Brown, and Wilson.

After singing several Oregon songs and giving a husky "Oskie" the gathering broke up and the men parted not to report again until Monday, September 11.

Those present were Beckett, Huntington, Tuerck, Montieth, Teggart, Mitchell, Bartlett Spellman Risley Snyder Callison, J. Cossman, L. Cossman, Morphitt, Peel, Barbour, Williams, Earl, Phipps, Madden, Skidmore, Gates, Hoisington, Cook, Downard, Jensen, Tucker, Holcolm, K. Farley, Medley, Garrett, Weivick, Gore, Turtleott, Couch, and McKinney.

**ALUMNI PRESIDENT APPEALS FOR RETURN**

W. C. Winslow Urges Every Member of Association to Be on Hand Alumni Day.

Commencement is once more at hand. While it seems but a short interval since our last meeting, yet another year has passed, and our membership is about to be increased by the addition of the class of 1916. This year the entire commencement program has been rearranged for the accommodation of the Alumni Association, one day having been set apart as Alumni Day. Much study and thought has been given to this year's program, and as a result, Saturday June 3rd has been set apart for our association, and the commencement program for this day will be given up exclusively to alumni events. The program for Alumni Day as arranged by the committee in charge is as follows

- Saturday, June 3, Alumni Day.
- Forenoon—Business meetings.
- Noon 12:00—Dinner, University dinner.
- Afternoon—Faculty Baseball (O. A. C. vs. U. of O.) 4 p. m.
- President's reception 3 to 5 p. m.
- Evening—Alumni ball.

Many members of this association are unable to attend the entire commencement program. We have attempted to make an arrangement whereby those who are only permitted to attend one day, may attend upon June 3rd and be present at all of the alumni events. There is a great work for the Alumni association of the University of Oregon. There is a broad field for our efforts. Yet to attain these ends, and to accomplish the results desired, we must have the active support of every individual member of the association. We hope that with Alumni Day, and with a large per-

**MARIAN COFFEY WINS IN SWIMMING EVENT**

Winner Closely Pressed by Anne Dawson—Score Ends 9 Points to 8.

Marian Coffey, a freshman from Portland won a green and yellow bathing suit by capturing the highest number of points in the women's swimming match held Thursday evening in the tank in the men's gymnasium.

Miss Coffey won 9 points. Anne Dawson, from Albany, was a close second with 8 points, while Ethel Murray of Portland won 6.

There were thirty-one women who entered the various events which included: Freshman races, long distance swimming, swimming under water, and diving.

The distance swimming under water resulted: Ethel Murray 1st, Anne Dawson 2nd, Marian Coffe, 3rd.

In the distance swimming, Miss Coffey was 1st, Miss Dawson 2nd and Marian Griebel 3rd. Miss Dawson was 1st in diving, Miss Coffey 2nd and Miss Murray 3rd. Miss Coffey and Mrs. Ed. Shockley gave an exhibition of fancy diving.

The freshmen winners were: September freshmen—Florence Pierce, first. Terrest Cox second, Helen Bracht third. February freshmen—Lucile Stanton first, Gladys Conklin second.

The judges were: Ethel Murray and Mrs. E. Shockley.

Swimming is not yet an accredited sport but will be voted upon by the women's league next fall.

centage of the members of the association present upon that occasion, this interest necessary for the welfare of the association will at once appear among the entire membership.

I desire particularly to urge that every member of the association if at all possible, make arrangements to be present on Alumni Day. I urge this for several reasons. First, we need your interest and co-operation. Second, Alumni Day is on trial. Your presence will make it a success and permanent event. Third, without you the association cannot accomplish that which is expected of it. Fourth, at this year's business meeting of the association there is to be offered several different plans for the re-organization of the association. Our present organization is incomplete, inadequate and unsatisfactory. Material changes should be made, and yet these changes should receive the consideration of every member of the association. Let us remember at this time, that if we are not present when re-organization is passed upon, that we ought to have no complaint in the future if the plan adopted is not in accordance with our own ideas. Let us now at this time resolve to be present at this business meeting, to see to it that the plan which is adopted is complete, adequate, and practical.

On account of all of these things the business meeting of the Alumni Association for this year will be one of the most important meetings ever held by the association, and I wish to urge every member to sacrifice if need be, but to be there ready to serve the Institution to which we owe more than we can ever repay.

Sincerely yours, W. C. WINSLOW, President of the Alumni Association.

**GOVERNOR IS LAST SPEAKER**

State Executive to Address Students on Responsibility Changes.

The speaker for the last meeting of the class in the economics of state administration will be Governor James Withycombe. The Governor will give his ideas on what changes should be made toward securing the strictest responsibility of each administrative officer. This according to Professor F. G. Young of the department of economics and sociology would involve a cabinet form of government and the change would point toward the short ballot which will give the governor the power to appoint the officials of the other state administrative officers.

Professor Young says that the governor has been attracted by the organization of the executive features of the state government embodied in the New York constitution recently drawn up by the New York Constitutional Convention under Elihu Root.

The officials have addressed members of the class in the economics of state administration at every meeting and Prof. Young says the record for the course has been that the head of a state administrative department or its speaking representative has been on hand for every lecture in the course except Carle Abrahams of the State Industrial Accident Commission who was detained when the Oregon Electric was out of commission.
