ROBERTS HEADS Y. M.

Lectures Planned for Fraternities and Friendly Hall.

Association Has Already Secured 146 Jobs for Men. 66 Last Year.

To succeed Walter Dimm, who resigned because of the pressure of outside work, Loren Roberts was elected president of the campus Y. M. C. A., Thursday afternoon. Dimm's work as editor of the Springfield newspaper in addition to his college studies interfered with his Y. M. C. A. work.

Roberts assumes the charge of the association work under very favorable circumstances, for an excellent start has been made in the year's work, according to J. D. Foster. To date 146 jobs have been provided for university men, netting for them hundreds of dollars. Up to this time last year only 66 jobs had been found for the boys, an increase of 80 opportunities for employment so far this year.

The association is initiating a movement this semester which is aimed to bring the fraternities and Friendly hall into closer touch with the members of the faculty and through these members provide instruction in college life problems as well as those of later life.

A series of lectures, followed by informal discussions, will be given Tuesday evening of each week for six weeks at those fraternities that desire to have the speakers. The meetings will be short and informal and the speakers will be chosen from among the following, President P. L. Campbell, Prof. E. C. Robbins, Dr. E. S. Conklin, the Rev. Mr. Parkinson, Dean Sheldon, and Dean D. W. Morton.

Extension work will occupy a large part of the program of the association again this year and will begin tomorrow night at Camp nine of the Booth-Kelly Logging Co., near Wendling. Leslie Blades, the blind pianist and lecturer, Henry Thorsett, who through practical experience is familiar with logging camp work, and Earl Fleischmann, varsity debater, will assist D. G. Bennett of the Y. M. C. A. chapel car in providing the weekly entertainment for the lumber-jacks. Bennett is a paid secretary of the national association and the chapel car is a traveling Y. M. C. A. fitted up for services and entertainment. A similar car is in use in the Potlatch lumber district.

Speaking in behalf of the movement for student volunteers to take up the Christian work in foreign fields, Rex Wheeler, will visit the campus next week. Wheeler is a letter man from the track squad of Yale, received his post graduate degree at Harvard and holds a degree from the Auburn Theological seminary. He will spend Wednesday and Thursday of next week in Eugene, meeting Wednesday night with the student volunteers of Oregon of whom there are at present 13. Thursday morning he will hold personal interviews with those young men interested in work in the foreign field as well as any interested in the Y. M. C. A., and Thursday afternoon he will attend a Seaback reunion meeting.

TO PRESENT LIGHT OPERA

Philharmonic Society Will Stage "Chimes of Normandy" in November.

The Philharmonic society plans to present the light opera, "Chimes of Normandy," about the middle of November, according to a decision reached last night at a meeting of eighty members of the society.

Practice will begin Monday night at 8 o'clock in Villard hall, and at that time officers will be elected to fill the vacancies caused by the resignation of the former president, E. S. Tuttle, and the secretary, J. M. Waterhouse.

"There is plenty of room for new members," said Prof. Ralph Lyman, dean of school of music, "and we would welcome any who can sing. We want a chorus of 100 for our concert. Students of the University are especially welcome."

The proceeds of the concert will be used to defray the debt of a little less than \$150 incurred by the secretary last year. The deficit was somewhat larger than that, but during the summer some unknown person deposited \$20 upon the society's account at the bank according to Professor Lyman.

ONTHANK MAKING REPORT

Will Be Submitted to Legislature. Covers Whole University.

Karl Onthank, secretary to President P. L. Campbell, is finishing a report of the University, which will be sent to J. A. Churchill, superintendent of public instruction at Salem. This report will be made a part of Mr. Churchill's twenty-second biennial report to the twenty-ninth legislative assembly, January, 1917.

The statement includes: A summary of the officers, a list of the deans of schools, and a brief description of the courses offered and their organization. Reports of this nature are required by law from all the educational institutions of the state.

SENIORS STEAL FROSH DRUM

Pass Resolution Favoring More Student Body Dances in Gymnasium.

The noise that preceded the first meeting of the senior class yesterday morning was a manifestation of pep that is to mark the proceedings of the class all year, if the opinion of Roland Geary, president, is to be accepted.

Mr. Geary wants 1917 to show the campus its spirit, by being numerous in parades, by being vociferous in yells, by being uniformly in sombreros on the masculine side, and in other ways. The drum stolen from the "frosh" behind which 65 members of the class marched

around the campus, was taken into the meeting room, and blows upon it freely punctured the proceedings.

The business conducted was as follows:

A committee was named to select a senior play—Alex. Bowen, Mrs. Rosalind Bates, and Echo Zahl.

A committee was named to arrange the lottery dance, which is not due until January.

Treasurer Fleischmann reported more than \$100 in the treasury, and sporadic efforts to pass resolutions for spending some of it—such as a 30c dinner for the class—were defeated.

A resolution favoring restoration of intercollegiate basketball was passed; also a resolution favoring more student body dances in the gymnasium.
