"Oregon's chances for a 1917 team all depend on the way the boys turn out," said Bezdek yesterday afternoon when announcing practice for the first of January. "I can't tell anything about our prospects now. I will have a better line on the men after they have had a chance to show what is in them in the class games and after I have seen them at the conference Wednesday afternoon."

HOUSING DATA DISCUSSED

Committee on Student Living Conditions Reports Progress of Investigation.

Student living conditions were discussed at a meeting of the student living committee on Tuesday. Data regarding housing of University students was presented by the members of the committee, and plans for further research made.

J. F. Bovard, chairman of the committee, says that the work of the committee will continue for some time to be mostly the gathering of notes on living conditions. "We want to learn more about conditions before we take any definite action," said Prof. Bovard. "When we know more concerning the life of the students in their homes while at the University, we can work for the betterment of conditions."
