"THINK ABOUT LIFE"

President Campbell Speaks at Real Stuff Meeting.

Urges Self Analysis Among College Men; Dr. Adam to Be Banqueted.

President P. L. Campbell gave a twenty-minute talk at the regular Tuesday night meeting of the Real Stuff club, his subject being "A Fight for Character". In his 30 years of experience in University work he said he had formed the opinion that college men cannot make their characters without actual effort and thought on their own part. That the development of the spiritual side of life was liable to be neglected by the over development of other activities, and that he considered it desirable for everyone to have definite periods of thought about the serious side of life, were other points he advanced.

It was decided to give a luncheon in the Y. W. C. A. Bungalow Monday noon as a reception to Dr. John Douglas Adam. Other guests will be H. S. Templeton, Ivan B. Rhodes, Dr. Joseph Shafer, Dr. Edward H. Pence, and President Campbell. Tickets for this luncheon can be secured from the committee in charge consisting of Ray Couch, chairman; Bob Atkinson, Roscoe Hurd, Douglas Mullarky, and Wayne Wells. The price is 25 cents.

Adam Lectures.

dresses are well adapted to student audiences."

Dr. Sparks, president of Penn. State college, names him as a "first-line speaker." He lays special emphasis on his ability as a personal worker.

"Dr. Adam has a mighty pleasing and powerful personality and as a speaker drives things home in a way that no other man has done for men" is the testimony of the correspondent from Ohio State University.

FENCING TAUGHT AT UTAH

The manly art of fencing has been attracting attention at Utah. Faculty members and students are receiving instructions from a "professor" with a French name.

JUNIOR COLLEGE IS PROPOSED CHANGE

Faculty Committee Gathers Information on Group Systems.

Supervision of Courses Will Save Flunks and Reinstatements; More Efficiency.

Modification of the University course of study to embrace the junior college work is under consideration by a faculty committee which met yesterday. Dr. W. P. Boynton, chairman of the committee, says the object is to get a preliminary outline of the good accomplished by junior colleges in other Universities and formulate a scheme which could well be used here. In case this meets the approval of the faculty before the catalogue for next year is printed, the system will be in use here in the fall; if not, possibly in the following year.

Junior colleges have been successful at the Universities of Berkeley and Chicago and would mean much toward increasing the efficiency of Oregon, according to Dr. Boynton. During the first two years groups of studies are set aside by each professional school for preparatory courses. The freshmen are not to be allowed to flounder around seeking the studies which they think they will like the best and eventually ending with withdrawals and flunks as a result of poor choice. Faculty members instead will take up each new student personally and find out where he obtained his best grades in high school, what his natural talents appear to be and where they could best be placed in the University.

Consideration of the "major subject" will not come until the first half of the college course is completed. It is the belief of those urging this system that fewer flunks will occur and reinstatements therefore will be unnecessary if this change is made.

Professors D. W. Morton, J. H. Gilbert, F. L. Stetson, F. S. Dunn, and Dr. Boynton form the committee appointed at the faculty meeting on January 19 to discuss the matter. The first meeting was held yesterday, and others will follow as soon as more material on the subject has been gathered.

The freshman class at its last meeting ruled that there shall be no flowers at the formal Saturday night. EVERETT PIXLEY, President.

TENNIS CLUB ELECTS

Adds Eight Members—Room For Ten More.

Tournament to Start Feb. 19 on Cement Court.

Eight new members were elected yesterday in the University Girls' Tennis club. They are Helen Hair, Gladys Smith, Helen Bracht, Marjorie Kay, Louise McCandless, Maude Lombard, Jessie Garner, and Grace Wheeler.

The annual election of officers will be held at the Delta Gamma house Monday at five o'clock.

The club tournament will begin February 19. The executive committee has charge of the drawings, and schedules will be posted in the Woman's Gymnasium library and on the tennis court bulletin board. All matches are to be played on the cement court.

"The membership of the Club is not limited to crack players," said Roberta Killam, president of the organization. "It's aim is to help those who are interested in the game and to train girls for the future University tennis teams. Membership is limited to 25. At present there are only 15 members. The club will be glad to consider the name of any girl who desires to join, providing there is still room for new members."

The date for the annual tournament with O. A. C., to be played at Corvallis this year, will be arranged as soon as the team is picked. The local club has asked for two matches.

MUST GUARD HEALTH

Girls Working Way Warned Not to Take Heavy Course.

One-Fourth Earning Own Expenses at Oregon.

That a co-ed earning her way entirely through college should not hazard her health by endeavoring to carry full University work is the decision of a group of employed girls which gathered at the Y. W. C. A. Bungalow Thursday for a round-table meeting.

The girls decided that it is much better not to attempt so much but to maintain a high standard of efficiency in everything undertaken. A girl in order to feel absolutely independent must know that she is giving an honest equivalent in work for all value received; to this end, she must not undertake more than she can effectively carry.

This round-table for the girls followed a similar meeting of the women employing student help last week. Both were conducted by the practical service committee of the Y. W. C. A. which has the employment bureau in charge. The purpose in both cases was to become better acquainted with one another and to discuss freely any problems which may have been encountered.

Next week Thursday at 4 o'clock a combined round-table discussion will be conducted for both the women and the girls, after which a standard is to be set which will include suggestions as to a sliding scale of compensation for different kinds of work, to vary with their difficulty.

The result of these conferences is to be worked over and published in a definite form following the open discussion next week.

Approximately one-fourth of the women at Oregon are either wholly or partly self-supporting and independent.

The work done varies widely from all kinds of household tasks to office work and coaching.

FROSH FIVES TO PLAY

Oregon Babes to Invade Corvallis Next Friday.

Both Teams Made Up of Seasoned Men; O. A. C. Quintet Includes Stars.

Basketball games between the Oregon freshmen and the O. A. C. rooks have been arranged for February 16 and 23. The first game will be played in Corvallis when the Oregon frosh accompany the wrestling team next Friday night.

The Oregon team will consist of Waldron, Fowler and Knudson, forwards; Leslie, center, and Reinhart, Boylen and Brown, guards.

Montana will meet Minnesota next fall in football in Minneapolis.

BANGS

TO AID WAR CAPTIVES

Y. M. C. A. Conducting Country-Wide Campaign.

Suffering Students Will Be Helped Regardless of Nationality.

A nation-wide campaign is on among colleges of the country to raise money to be sent to the students in the various prison camps of Europe. Y. M. C. A. secretaries will have charge of the expenditures, according to J. D. Foster, Secretary of the University Y. M. C. A. This money will be used to erect special buildings, provide reading matter, music, writing material, medical supplies, text aments for the students in all the prison camps, regardless of nationality. The campaign is under the auspices of the Student Christian Associations of the United States.

There are some 5,500,000 men and boys in the European prison camps, and of that number there are several hundreds of thousands of University students. These men are wasting away in the camps with nothing to do, and the desire of the originators of the campaign for money to help them is to better their conditions, mentally and physically.

In the near future a campaign for money to go to this cause will be inaugurated at the University of Oregon, and Foster says he hopes we will be able to raise at least \$500 here.

TO SOPHOMORES
All who are, or might be interested in a trip to Corvallis, meet in Dr. Morten's office, Friday afternoon at 3 o'clock. The purpose is to elect two delegates to go to Corvallis March 9 and to arrange matters concerning a class debating team.
Both men and women are urged to attend.
