VOL. 18.

EUGENE, OREGON, THURSDAY, MARCH 1, 1917.

NO. 53.

GIRLS TO PLAY FOR STATE TITLE FRIDAY

Championship Basketball Game Will Be Staged in Men's Gymnasium.

PENDLETON ACCEPTS SILVERTON'S CHALLENGE

To Meet Valley Team on Neutral Floor; Dispute Over Number of Players.

The Pendleton girls basketball team, which plays the Oakland team for the state championship in the men's gymnasium tomorrow night, has accepted the challenge of the Silverton team for a game while on the trip in the Valley.

Mr. Drill telegraphed: "Team probably play Silverton on neutral floor while on trip. Silverton challenges. Claim championship of Willamette Valley."

The Pendleton girls arrive tomorrow noon and will be extensively entertained. The same would be true of the Oakland girls except for the fact that they arrive and depart the same evening.

Some difficulty was encountered between Oakland and Pendleton as to the number of players to be used. Oakland plays the intercollegiate number while Pendleton has been playing a six-member team.

Pendleton's undefeated girls' basketball team will be feted from the time they arrive Friday noon until their departure Sunday evening.

Sigmi Chi will act as hosts to the team on Friday night, accompanying the girls and their chaperone Mrs. S. R. Thompson, and Coach Louis Bailey, a graduate from the University, of the class of 1916.

The Oakland team will not arrive until Friday night at 6:50 P. M. and will depart immediately after the game.

A preliminary to the co-ed game will be staged by the Y. M. C. A. and Atlas Clubs for the championship of the city league.

The Silverton girls have issued a challenge to the winner of Friday contest, intercollegiate rules will be used.

The following is the lineup of the two teams: Pendleton: Edith, Lang, Birdie Easley, Vera Temple, Rhea Hall, Grace Rugg, Alice Easley, Helen Nelson, Anna McMabb, Thelma Thompson, Marie Chenoweth, Substitutes: Pendleton, Veva Cook, Alta Mentzer, Doris Chestnut, and Leta Agee. Oakland: Agnes Hogan.

VOLUNTEER'S BENEFIT RECITAL

Mrs. Thomas Carrick Burke of Portland, has offered to give a recital in Eugene for the benefit of the Women's building. Dr. Landsbury, who has been conferring with Mrs. Burke, has no definite program to announce as yet.

U. CLASSES TO BE IN SAND TO TEACH ON SHRIMP SLOOP PUPILS TO LIVE IN TENTS

"Sprig is almost cohe". Ask the biological student if he is ready for his summer vacation, chorus of voices, "Yea"—but not so Dr. J. F. Bovard whose summer vacation will consist of teaching a class in invertebrate Morphology.

A thorough course is given in biology and any student who puts forth good spirit can earn six credits in these six weeks of summer school.

The majority of the students make their headquarters in tent houses, but better yet, some of the classes are held on the sand and still others on board a little shrimp dredger.

FACULTY GRANTS REQUEST

Students Will Help Provide Speakers and Entertainment at Assemblies.

An all-University entertainment hour will be given in Villard hall some time in the near future, according to the faculty committee on assemblies, which has granted this request to the student body.

The faculty assembly committee decided that hereafter they would act with a student committee selected by the Student Council, in selecting speakers and planning the program for the weekly assemblies.

The whole question, also, of the devotional and musical features of the assembly programs will be discussed at the first joint meeting of students and faculty which will be held within a few weeks.

OREGANA CONTEST STARTS

\$10 and \$5 Will Be Given to Contestants for Highest Sales Average.

The Oregana contest sale begins today. Fifteen enthusiastic contestants are fighting for the prizes of \$10 and \$5 and two Oregana books.

Harold Tregilgas, circulation manager, says the book's printing is alone costing \$400 more than it did last year. There will be nearly 100 more pages in the book this year.

The circulation staff is urging everyone to assist the solicitors by ordering their Oregana early. The first payment is \$1.50 and the other dollar is paid when the book is delivered.

BABYLON'S WONDERS SHOWN ON CAMPUS

Tour Through Ancient Lands Given by Archaeologist in Address.

Dr. Edgar J. Banks Illustrates Lectures With Views of Near East.

Before an audience that taxed the capacity of Villard hall, Dr. Edgar J. Banks, author, traveller and professor at the University of Chicago, delivered a lecture last night on "The Bible and the Spade".

Starting from Constantinople, the speaker took his audience, via the lantern slide route, through Arabia, Palestine, and ancient Babylon.

Tablets and seals on which history of thousands of years ago was transcribed were flashed on the screen.

The speaker told how the tablets were deciphered and gave his hearers a short lesson in the cuneiform method employed by the Babylonians.

A feature of his talk was his description of the Arabians and said they could do all the things claimed for them.

In concluding his lecture Dr. Banks said, "More knowledge of the Bible has been brought to light in the last 50 years than in all previous time through these excavations."

AUDIENCE TAKEN 1000 MILES DOWN TIGRIS

While 700 college men and women waited in Villard hall to hear the assembly lecture, "A Thousand Miles Down the Tigris River", by Dr. Edgar James Banks, he was being rushed from the belated train in an automobile to the campus.

The speaker took the audience to the giddy summit of Mt Ararat 4000 feet higher than any peak in the United States, rising to the height of 17,212 feet.

THREE BERTHS OPEN FOR VARSITY NINE

Twirling Staff Has Room; Shortstop Booth Vacant; Outfield Intact.

First Contest With Spokane Indians April 7-8; Washington April 25-26.

Baseball will start at Oregon as soon as the snow melts and the ground hardens, with the competition open to three places on the varsity for promising exponents of the national pastime.

The return of "Dot" Medley, the demon swatter on last year's nine, brought great gobs of joy to Coach Bezdek as well as fandom in general.

Captain Nelson will be seen piloting the team from the first bag. Walter Grebe will occupy second base with "Speed" Maison at third.

The outfield is intact. Medley and Sheehy are the holdovers from last year with Virgil Alexander, the sensational Eugene boy, having first call on the left veldt sunfield.

Graduate Manager A. R. Tiffany has announced the schedule which includes 12 conference games.

The University of Washington nine opens the conference season here on April 25 and 26.

Oregon should have a strong offensive team. Captain Nelson, Medley, Huntington, Maison and Alexander can be counted on to hit in the select 300 circle.

Some of the regulars are working out nightly in the gymnasium in the preliminary process of unlimbering their long inactive muscles.

The following games have been scheduled for the season:

- Oregon vs. Spokane Indians at Eugene, April 7-8. Oregon vs. U. of W. at Eugene, April 25-26. Oregon vs. O. A. C. at Corvallis, May 2-3. Oregon vs. U. of W. at Seattle, May 4-5. Oregon vs. O. A. C. at Eugene, May 11-12. Oregon vs. W. S. C. at Eugene, May 16-17. Oregon vs. U. of C. at Eugene, May 21-22.

847 IN EXTENSION DIVISION

Registration in the extension division of the University now totals 847 according to the report recently issued by that department.

ANCIENTS WERE GUIDED BOOKS EXPLAIN WONDERS DR. BANKS GIVES DETAILS

That the ancients had guide books which directed them to many wonderful places, where there were monuments never equalled in the modern world, is the statement of Dr. E. J. Banks, archaeologist, who has traveled widely through Asia Minor, Egypt, and the Far East.

Dr. Banks presented slides of these various wonders and entered into a detailed description of each. He said that King Kufu spent his whole life building his tomb and impoverished Egypt to accomplish his end, even forcing the priests to work as day laborers.

Y. M. CONVENTION AT SALEM Oregon-Idaho Representatives to Meet Saturday.

The Annual Convention of the Oregon-Idaho Young Men's Christian association will meet in Salem Saturday, March 3. The meeting will last all day.

Students wishing to attend this meeting are asked to see Loren Roberts, president of the Y. M. C. A.

GLEE CLUB CLEARS MONEY

Home Concert Makes Up Deficit of Annual Trip.

Comparatively speaking, the present Men's Glee club, under the management of J. Bothwell Avison, outdid that of last year in respect to receipts.

"Botts" says there were 793 people in the theater the night of the concert. He refuses to say whether he counted the club and stage hands in that number.

SOPHOMORES \$50 IN DEBT

Juniors Head List With Balance in the Treasury of \$265.33.

Because the sophomore class spent a large portion of its finances for jitney bills at the time of the soph-frosh mix it is now the only class in debt.

The juniors head the list with a balance in the treasury of \$265.33. However, there are bills constantly coming in, some of them two years old, which keep Harold Tregilgas, class treasurer, busy looking up and paying.

After the expense of the senior dance had been discounted Ben Fleischmann found that class still had \$85.97 to its credit.

The total amount taken in during the year was \$159.37. Clifford Sevits, the freshman treasurer, has \$157.11 in the bank for the class but when he gets down to paying off the bills, he expects the sum to look considerably smaller.

KOLLEGE KARNIVAL PIGGER'S PARADISE

Only Gluttons Can Exceed 65 Cent Expense Limit Says Committee.

WOMEN, TOO, MUST BUY DANCE AND GRUB TICKETS

Corduroys, Flannel Shirts, Mid-dy Blouses and Sweaters Approved Garb.

- ◆ FEATURES OF K. K. K. ◆ No man escorting a girl can spend more than 65 cents, provided he is no glutton. Admission is 25 cents a couple and there are four shows at 10 cents a head. Each girl will be required to purchase 25 cents worth of tickets herself before going to the dance. These tickets may be used for refreshments. Corduroy pants, flannel shirts, mid-dy blouses and sweaters are encouraged by the management. White collars and pressed pants are frowned upon.

(John DeWitt Gilbert)

K. K. K. means Kollege Kid's Karnival. Kollege Kid's Karnival means the maximum amount and quality of fun at a minimum expense to all concerned.

Because the Karnival is being given by the whole University for the purpose of raising money to apply on a fund in which the whole University is interested, both men and women will be expected to attend the fete.

The committee in charge of the Karnival has held the cost to each individual as low as possible, making it a point not to fleece anyone whatsoever and making it impossible for the most profligate swain to plunge any further than 65 cents, unless he and his consort should possess appetites that will over-reach the quarter-dollar meal ticket provided by the lady's munificent expenditure.

There's no absolute rule against shiny shoes or white collars, but no person is guaranteed against social ostracism who appears at the fest clad in any of this L-System stuff.

The general character of the evening's diversion will be so riotous as to stir that old circus day feeling in the heart of the most astere co-ed that ever walked Hello Lane without speaking.

After the conclusion of this full half-dozen heats a half-hour intermission will be injected to allow the contestants a breathing space and a chance to visit the four class side shows which will be kept running continuously during this 30 minute halt.

Each class is striving to outdo the rest in the novelty and brilliancy of their stunts. Ballyhoosers will be present and the whole period will take on a gala day aspect likened only to a "Trail" or "Zone" or other lane of laughter.

It may be remembered that the Fiji frosh raced the Delta Tau frosh a few weeks ago; well, the Delt '20's have vowed revenge and are going to race the Fijis Saturday night according to their own plans and those of the committee as well.
