WILL REPORT SOON
The question of senior examinations is still unsettled, due to the fact that the members of the faculty committee have been so busy outlining courses in the new military department which has been added to the school's curriculum that no time has been found for the consideration of the original question.

A report may be expected soon, according to Prof. H. C. Howe, chairman of the committee.

ALUMNI HERE AND THERE IN THE PUBLIC EYE

Newsp Notes of People You Know, Want to Know or Will Know, Is Gleaned
by an Emerald Correspondent.

Rose Basler, '14 and Boyce Fenton, '15 surprised their friends on April 6 by paying a visit to the Presbyterian parsonage where they were married by the Rev. William Moll Case. Immediately afterward they left for Portland in Mr. Fenton's automobile. Miss Basler has been an assistant in the German department for some time; her husband is connected with a bank at McMinnville. They will be at home after May 1 in that city.

One of the big social events of spring vacation was the wedding of Ethelind Risley '14 and Robert Bradshaw, '14, ex-captain of varsity football. The bride was attended by her sister, Olive Risley and the groom by Ernest Walters of The Dalles. About ninety people were present at the ceremony which took place at the Risley home at Oak Grove. Among those attending were Jannie Fry, '12, of Salem, Gretchen Sherwood Cake, '14, Ruth Raiston, '15 Ruth Gibson Bagel, '12 Grace True, '10, Genevieve Chapin, ex-'18, and Vera Redmond, ex-'15 of Portland. The bride is a member of Delta Delta Delta and Mr. Bradshaw of Phi Gamma Delta fraternity.

A number of the alumni have interested themselves in military movements. Dr. Seth Kerron, '06 and Dr. J. E. Kykendall, '08, are directing the education committee of the Red Cross here in Eugene.

Walter Brenton, '15 in electrical engineering, who is attending Cornell, has enlisted in the naval reserve artillery. He will go to Newport, R. I. when called for training.

Dr. Laurie Van Valzah, '13 who has been connected with a medical Corps in Texas has recently been promoted to a lieutenancy in a Maine regiment.

Ralph Allen, '16 spent a week in Eugene just before vacation. He has been teaching in Everett, Wash., where he belongs to the Washington National Guard. In order to finish the school year he has obtained a 90 day furlough.

Franklin Allen, '13 who is connected with the National Street Car Advertising Company recently had his territory changed from the California small town district to city work in Tacoma.

A letter was received by Professor A. F. Reddie from Janet Young, '14 saying that she expected to visit on the campus soon.

Frances Heath ex-'17 from Medford is visiting in Eugene.

The Glee Club concert will have Leah Perkins '16 back to join the singing. She has been teaching school at Halsey.

Oscar Furuset, Oregon, '08 and Harvard, '12 last week took the examination for judge advocate but has not yet written of the results. He is a lawyer in Portland.

Lucile Messner ex-'19 is expected down for the Kappa Kappa Gamma Dance. The house will also have Jessie Purdy '16 back for commencement.

Another romance was culminated April 7 when Agnes Miller, ex-'18, a member of Gamma Phi Beta, was married to Philip Brooks of Stanford. The ceremony took place in Spokane.

Grace Listman ex-'17 and Nita Hunter, ex-'19 are visiting Gamma Phi Beta.

Beulah Hayes, ex-'18, and Malcolm McEwan formerly of Stanford were married in Portland on April 17. They are now on their wedding trip.

A much feted bride-elect in Portland is Julia Platt, ex-'18. She will be married on June 9 to Joe McLean, also ex-'18. The engagement was recently announced. Miss Platt belongs to Kappa Alpha Theta and her fiance to Sigma Nu.

Charlie Fenton, '16, has been visiting in Los Angeles during the past month and expects to stay some time longer. Vivian Pallette, ex-'19, is also in the same city where she went for her health last December. Her condition is very much improved and she expects to be back to school in the fall.

Graham Mitchell, '13, and Mrs. Mitchell, formerly Helen Beach, '11 are planning to spend the summer in Porto Rico unless the war interferes with their arrangements. They have been in New York all winter while Mr. Mitchell, who was a professor in the University geo-

logy department last year, carried on work at Columbia University.

Vernon Motschenbacher, '14, former president of the student body, with Mrs. Motschenbacher is visiting in Eugene today.

Lucia Macklin, '14, was in Portland last week where she attended the conference of the Oregon Social Hygiene society. She is an instructor in the Woodburn high school.

A. C. A. ADMITS U. OF O.

Dean Fox Notified Petition Granted at Convention.

Miss Perkins and Miss Guppy Instrumental in Bringing Chapter Here.

Dean Elizabeth Fox received notice yesterday from Mrs. Gertrude Martin, national secretary for the Association of Collegiate Alumnae that a chapter of the University of Oregon women at the April convention of the Association held in Washington, D. C. Miss Mary Perkins, formerly of the English department here and a new student at Columbia, was official representative for the University at the convention.

Miss Ruth Guppy, formerly dean of women in the University, applied two years ago to the Association for an Oregon chapter. It was largely through her efforts and those of Dean Fox that the committee on recognition reported favorably on the petition in January, and recommended the installation of the chapter to the convention.

Miss Fox expresses herself well pleased with the granting of the chapter. "The Association, which represents all established accredited institutions of higher education in the United States, is an excellent one," said Miss Fox. "It will mean a great deal to all Oregon women who graduate, for any woman belonging to the Association here may also affiliate with chapters elsewhere. Collegiate Alumnae stands for social service, student help and vocational employment."

Special Military Courses
(Continued from page one)

and First Aid by Professors Sweetser and Bovard in consultation with Army medical officers. Monday, Tuesday, Wednesday and Thursday at 3 o'clock. Students taking this course will be excused from laboratories in time. Can be substituted for four hours of regular work not in the major subject. Of value to infantry and artillery. Not necessary for those in special Medical service work.

4. MILITARY TOPOGRAPHY. Practical map making and map reading. War department text books and material. Lecture or quiz Saturday at 9; field work 10 to 12. Can be substituted for a two-hour course not in major subject. Of especial value to officers of infantry and artillery. Profs. Smith and McAlister.

5. ARTILLERY SCIENCE. Gunnery mathematics, Prof. DeCou; Fire Control Electricity, Prof. Boynton; Explosives, Prof. Stafford. Daily at 8, with Laboratory Monday afternoon. Can be substituted for five hours regular work not in major subject.

6. MEDICAL SERVICE. For applicants for hospital and sanitary service. Tuesday and Thursday from 7 to 8:30 p. m., Prof. Bovard.

7. ORDNANCE CHEMISTRY. If desired by advanced students in chemistry, Prof. Stafford will offer a more advanced course in the chemistry of explosives.
