EATON MAKES STATEMENT

(Concluded from page 1.)

council in Wyoming, N. Y., where I have spent the past two summers. Before consenting to go as their delegate, I stated publicly (and it is a matter of record) that I was willing to go only on the condition that I should be free to act, and that it must be understood by all that I would go as a loyal supporter of the government. This statement not only met with the approval of those who had asked me to go, none of whom were pro-German, but as soon as my statement had been made the signatures on my petition were doubled in number, including the names of a large number of people who were in no sense pacifists and some who were active militarists. * * * * * At no time did I represent myself from Oregon, but on the contrary whenever Oregon was mentioned I explained the whole situation.

Story Signature Mistake
"As to the newspaper account to which my name was attached with the title 'Representative from Lane Coun-

ty in the Oregon Legislature,' and which the resolutions cite as the basis for the request to dismiss me from the legislature and the State University, that of course was a mistake, which I very much regret. But I did not make the mistake. The addition was made some place in the Journal office at Portland. And I wish to say that I feel sure that it was made without any intention of doing me an injustice.

"I shall be glad to add to this statement any other facts you desire, but I do not want to burden you with something you do not want.

Loyal to Government

"I regret that what I have done has been interpreted in a light that is not the true light, and that it has put me in a position to be misunderstood by others who love my country as I love it. I shall hope that we who in our zeal have seemed far apart, may find a way to make it clear that we are in truth together, at this time of all times when our country needs us most.

"That you may be free to do that which seems best without embarrassment to you or to me, I am sending this written communication, assuring

you that I will be glad to respond to any suggestions you may make that will forward our mutual desire."

SOCCER COACH NEEDED

Father Moran May Fill Shoes Vacated by Colin Dymont

Aspirants for the 'varsity soccer squad will have a week or so to wait before the first call for players is issued. No man has been found as yet to take Coach Colin V. Dymont's place, although two or three have been mentioned as possibilities. Father J. Moran, who assisted Coach Dymont during the past three seasons, may be induced to take over the reins. Jimmy Sheehy, ex-captain and a star forward on last season's team, may do some of the coaching also.

Prospects for a winning team are not very bright, as but few of the old men are on hand so far. The alternative of selecting soccer in place of gymnasium work will probably make for a good-sized squad however.
