### BOARD ACCEPTS RESIGNATION

(Concluded from page 1.)

and one which has done me untold damage. I now ask you to weigh the evidence and give a decision from which there can be no appeal. I want to be cleared or I want to be convicted. For me and the University there is no middle ground."

Says Charges Were Framed.

Practically all of the 19 pages of Mr. Eaton's written statement were devoted to a defense of the People's Council, which, he declared, was not disloyal in its purpose, nor pro German in its membership, and to the expose of a political plot to involve not only himself, but President Campbell, other members of the faculty and two members of the Board of Regents.

To the charges brought against him by the Chamber of Commerce Mr. Eaton made emphatic denials, except that he admitted having attended the Chicago meeting and that he wrote the article appearing in the Oregon Journal. He charged that the resolutions condemning him and demanding that he be dismissed from the University faculty, were passed at a meeting of the Chamber of Commerce at which only one-thirtieth of the members were present and that the question had been kept alive by continued publicity, unfavorable to him, in the Eugene Guard and a Portland paper.

Friends Offered Support.

"Many citizens of Eugene have come to me and asked for a mass meeting that the majority of the people of the city might condemn the action of the Commercial club and show the people of the state that the resolutions passed by that body did not reflect the true sentiment of the community," said Mr. Eaton. "To all of these requests I said no to relieve the Board of Regents of any pressure that might be brought to bear upon them."

When Mr. Eaton had concluded his remarks the board went into executive session, and it was not until shortly after one o'clock Sunday morning that their decision was announced.

"I felt sure that when the regents had heard my full statement they would do as they have done, clear me of the false charges of disloyalty to my government, brought by the local Commercial club," said Mr. Eaton, Sunday afternoon.

Board's Action Final.

"The fact that they accepted my resignation was a disappointment to me, but, as I told them last night, whatever decision they made would be received by me as final as far as the University is concerned."

"I will, as soon as I am able, make a full statement of the case to my friends and neighbors in Eugene, to my colleagues in the faculty, and to the students of the University, who have waited patiently for it. Now that the board has met, I feel free to do this."

"I have no plans for the future to announce."

"In offering my resignation to the regents, I believed I was doing the best thing for the University. In accepting their verdict as final, I hope that I am doing the same thing. At the end of this week my work as a member of the faculty of the University will be ended, but my interest in and work for the University will go on."

It is understood that within a few days Mr. Eaton will arrange for a mass meeting and at that time will give a full statement of his case to the students of the University and the people of Eugene.

No provision for the continuance of Mr. Eaton's classes in art appreciation have been made, according to President Campbell, and it is probable that they will be discontinued for the remainder of this semester.

Faculty Asks Retention.

The one communication to the board asking that Mr. Eaton be retained was one signed by 43 members of the faculty. While admitting that Mr. Eaton's attendance at the Chicago meeting was an unwise act, the petitioners declare their "absolute confidence in the patriotism and high-minded intentions of Mr. Eaton," and express their belief that he has suffered already beyond his utmost fault. It is signed by the following: George Rebec, Ellis F. Lawrence, W. P. Boynton, W. F. G. Thacher, John J. Landbury, E. L. Packard, R. M. Winger, Julia Burgess, Mary H. Perkins, Hugo Bezdek, E. E. DeCout, Elizabeth Fox, Mable H. Parsons, E. M. Pennell, Harriet W. Thomson, James D. Barnett, H. C. Howe, F. G. Young, Joseph Schafer, H. D. Sheldon, R. C. Clark, M. H. Douglass, Frederic S. Dunn, Ernest S. Bates, O. F. Stafford, F. L. Shinn, B. W. DeBusk, Warren D. Smith, C. H. Edmonson, Robert P. Reeder, Eric W. Allen, John F. Board, Percy P. Adams, E. W. Hope, George Turnbull, J. H. Gilbert, Harthan de Fell, E. Thorstenberg, A. F. Reddie, A. H. Schreff, F. G. Schmidt, H. A. Clark and M. Cummings.

## SCHEDULE OF ECONOMY GIVEN BY MISS TINGLE

HEAD OF DEPARTMENT OF DOMESTIC ART OFFERS SUGGESTIONS FOR CONSERVATION OF FOOD

Wheat, Meat, Sugar and Fats Named As the Necessaries to be Saved.

Groups or individuals seeking helpful suggestions as to food economy will find Miss Lillian Tingle, head of the department of domestic art, and her class in food economics willing sources of information, according to a statement made yesterday by Miss Tingle.

"Wheat, meat, sugar and fats are the foods we must conserve," declared Miss Tingle, "and it is principles of conservation and not definite recipes that will help out there. There must be less waste of milk, and by that I mean that we should not stop using milk, but rather use every particle of what we have."

"Don't throw away a drop of sour milk; make it into cottage cheese," she suggested. Miss Tingle explained that the shortage of the milk supply is caused by the big prices dairymen can get from the butcher for their dairy cows and the high prices of hay and feed.

Sparing of Butter Urged.

Butter should be used only at the table, and then very sparingly, Miss Tingle says, and she suggests the use of fruit butters in its place. "Fruit butters don't take the place of butter as fat, they merely make the bread go down," she says, "we can get the fat substitute in our other foods." Nuts she points out are an especially good source of fats and protein. "Use perishables freely," commands Miss Tingle. "Fish instead of beef; fresh fruit instead of canned."

Fears Sugar Famine.

Miss Tingle is especially concerned about the sugar famine, which she says will be upon the United States by December unless the present rate of consumption is lessened. "Stop eating candy, and use less sugar at the table," she gives as a means of helping out. Potatoes, says Miss Tingle, are an excellent substitute for bread, and other cereals should be used instead of wheat.

## UNIVERSITY GIRLS CONTINUE WORK ON SEVENTY-FIVE CONVALESCENT ROBES

Mrs. M. L. Bugbee to Tell at Wednesday Meeting What Eugene and Oregon Are Doing.

Work on the seventy-five convalescent robes, started at the co-ed party on Saturday afternoon, will be continued at the Y. W. C. A. meeting at four o'clock Wednesday afternoon, and the girls are asked to bring their thimbles. Talks on "What Oregon and Eugene Are Doing" and Red Cross work in general, especially at the front, will be given by Mrs. M. L. Bugbee, of the Eugene chapter. Faculty and student viewpoint on real campus service will be discussed.

The Y. W. C. A. bungalow is in almost constant use, according to Miss Tirza Dinsdale, secretary of the association. Fifty-five girls have taken out yarn for knitting, and one girl has knit a sweater since a week ago Saturday. There are regular hours for knitting at the bungalow on Monday and Thursday.

The honor roll will be completed this week and a picture of each article that a member of the Red Cross knits will be placed after her name. Those at the head of the campus auxiliary of the Red Cross are anxious to have the girls who have joined in other places to transfer their membership. An effort is being made to get a sewing machine, which will make quite a saving of time.

## URGES CUTTING DANCE DATES TO ONE

Dean Straub Also Suggests Ten Cent Admission to Student Hops.

Dean Straub hopes that this year the fraternities and sororities will give only one dance during the entire school year. "I feel that this will increase the democratic spirit on the campus," he said yesterday, "and I would be very glad if it could be accomplished."

Ten cents per couple as the price of admission at the student body dances, which are scheduled for every three weeks, is another one of his ideas for the dances this year. "The purpose of these dances," he said, "is just to get the students together so that all may become acquainted, and not to make money. The dances are to be informal."

Following are the dance dates which

have been granted: October 27, Mary Spiller, Chi Omega and Delta Delta Delta; November 3, Kappa Kappa Gamma; November 10 and December 1, student body.

Ohio State University is planning a liberty loan drive with the object of leading all other colleges and universities in the country.

Princeton's graduate school is suffering more from the war than any other branch of the university.

### NO ASSEMBLY WEDNESDAY

Assembly hour tomorrow will be devoted to conferences between students and professors. All of the freshmen will meet with their faculty advisors and the sophomores and upperclassmen will confer with their major professors. All of the conferences will be held in the offices of the faculty members and students "cutting" will have to make up the conference later, or be credited with cuts.

## Buy A Liberty Bond

"And when they had tied him up with the thongs, Paul said unto the Centurion that stood by, Is it lawful for you to scourge a man that is a Roman, and uncondemned? And when the centurion heard it, he went to the chief captain and told him, saying, What art thou about to do? for this man is a Roman. And the chief captain came and said unto him, Tell me, art thou a Roman? And he said, Yea. And the chief captain answered, With a great sum obtained I this citizenship. And Paul said, But I am a ROMAN born."

This was nearly two thousand years ago. Paul boasted of his citizenship. He was "a Roman born."

We are born citizens of the United States, the greatest nation that the world has ever seen. Are we also proud of our citizenship? Do we value it for what it is worth?

Our country is calling on us to subscribe for Liberty Bonds. Are we doing our part?

The banks of Eugene have arranged so that any student can purchase a \$50.00 Liberty Bond by paying \$5.00 down and \$5.00 a month for nine months thereafter. These bonds are the best security in the world. Every student should own a bond or at least have an interest in a bond. If you belong to a fraternity or sorority and do not feel able to meet the cost of a bond yourself, see that your society purchases a bond and that you have an interest in that bond.

In future years it will be a pleasant memory to you that you have helped in this national crisis.

## KILPATRICK SPEAKS FOR LIBERTY LOAN ON TOUR

(Concluded from page 1.)

pearance in his district would be instantly expelled.

After the meeting the banks were crowded to the walls with people, mostly of the laboring class, who were vying with one another for a position in line at the Liberty bond window. The U. S. Marine Corps, at its aerial station near Marshfield, was represented by a sergeant, who was among the first to place his subscription for himself and the men under him.

Farmers Found Most Backward.

In closing, Mr. Kilpatrick said: "My general impression is that the laborer and the business men, although perhaps not fully awake as yet, are beginning to realize the true seriousness of the situation. The farmers are the most backward of any class—which is probably due to the fact that they have not had the proposition placed before them as clearly as the other classes. The newspapers, with one or two noticeable exceptions, are back of it, and the sentiment of the people is so strongly against the other faction that obstruction is rapidly disappearing."

### STUDENT DANCE FINANCIAL SUCCESS.

The first student body dance, held in the gymnasium Saturday night, was largely attended and the treasury of the student body netted \$65 from the affair. Of this amount \$25 will be used to complete the payment on gold football fobs given to the members of last year's championship football team.
