**BEARS AND OREGON
 TIED FOR VICTORIES**

California Has Won Twice, and
 Lemon-Yellow Equal Num-
 ber in Past Meetings
 on Gridiron.

Game Today First of the Five
 Contests Played on
 Kincaid Field.

With a record of two victories apiece,
 the University of California, and the
 University of Oregon football teams, will
 meet for the fifth time in the game this
 afternoon, on Kincaid Field. Four times
 in the history of the school, elevens
 representing the schools have battled
 each other, with the result that each
 school has two victories to its credit.
 The game today will decide which team
 may claim the honors of the gridiron.

In 1899, Oregon warriors gave battle
 to the California "bears," at Berkeley,
 and when the smoke had risen, Cali-
 fornia was on the long end of a 12 to
 0 score. Again in 1900, the "huskies"
 tied with one another. Oregon winning,
 2 to 0. In 1904, California succeeded
 in defeating the Oregonians, by a score
 of 12 to 0. But in 1916, Oregon, with its
 stellar team came back and "cleaned up"
 on the Bears, to the tune of 39 to 17.
 All of these games were played either
 at Berkeley, or at San Francisco. To-
 day will be the first time the Cali-
 fornia Staters will have met the Oregon
 representatives on Kincaid Field.

line, where halfback Gammons, of Cali-
 fornia, fell on it, scoring a safety.

Oregon Has Edge

Although the field was slippery, and
 California outweighed the northerners
 13 pounds to the man, Oregon had a
 slight edge from the start. Payne, the
 yellow-lemon fullback, punted fifteen
 times for a twenty-nine yard average.
 Other stars for Oregon were Captain
 Zeigler, Jakway, Scott and Smith.

The two teams again met on October
 23, 1904, for their third mix. The game
 which was played at Berkeley, resulted
 in a 12 to 0 victory for the southerners.
 Again Oregon was outweighed, and only
 sheer weight won the game for Cali-
 fornia. The Oregon team was light and
 fast, and especially efficient on the de-
 fense, succeeding in holding down Cali-
 fornia's offensive.

Latourette Stars for Oregon

Latourette was perhaps the star of
 the game for Oregon. His punts out-
 distanced those of Heitmuller, his op-
 ponent. Kennon and F. Templeton, were
 big stays in the Oregon team.

Oregon won her second victory from
 California last fall, when Bezdek's cham-
 pions trotted away with a 39 to 14 vic-
 tory. The game was Oregon's from the
 start. The California eleven was com-
 posed of new material, whereas the
 Oregon team was one of veterans.

Boynton, head of the Physics depart-
 ment. One will deal with electricity,
 especially in regard to motors. Some
 work will also be given in wireless tele-
 graphy. The other course is one in
 photography, which the department is
 equipped to give.

As prerequisite work for the course
 in electricity, Dr. Boynton advises the
 term of general physics, which deals

with the fundamentals of electricity. A
 course in general physics also deals
 with the subject of light, and this will
 be necessary for the work in photog-
 raphy.

The military courses will be offered in
 the spring, and the prerequisite work
 will be given during the winter term.

There is not a moment without some
 duty.—Cicero.

**UNIVERSITY MAY GET
 LARGER APPROPRIATION**

Figures Show State Valuation, Upon
 Which Money is Granted,
 Has Gone Up.

Figures prepared by the Oregon State
 Tax Commission, show that the assessed
 valuation of the state has increased
 \$46,882,064, over the last year.

The University of Oregon has a fixed
 allowance of \$.003 (three tenths of a
 mill) on every dollar of assessed valua-
 tion in the state. This will give the
 University an additional \$14,064, for
 operating expenses next year.

The total assessed valuation of the
 counties of Oregon, as compiled by the
 county assessors, is \$807,917,171. Last
 year a similar assessed valuation was
 \$761,035,127. This year's figures do not
 represent the entire assessed valuation
 of the state, as the assessment of
 public-service corporations and other
 properties, assessed by the Tax Com-
 mission.

Universities authorized as yet have
 not been notified by the State Tax Com-
 mission that the assessed valuation of
 the state has increased, and that the
 University has been given credit for any
 money. Karl Onthank, secretary to the
 president, says the sum is small, but
 that it will help.

"As nothing is definite, don't be too
 optimistic, regarding this increase," said
 Mr. Onthank.

NEW WAR WORK PLANNED

Electricity and Photography to Be
 Taught Third Term.

Two courses which lead to military
 training, are being prepared by Dr.

Kuykendall Drug Store
