country, and the outcome is being watched with the keenest interest. We must not fail. Will you not, each reader of the Emerald, make some definite contribution, before the school year closes?

Money in Liberty Bonds

It will be a matter of satisfaction to everyone, I am sure, to know that as fast as this money is paid in, it is being invested in Liberty bonds. To-date \$8250 has been so invested. Thus the hundreds of people who have contributed to this fund, have served the nation as well as the state.

GRAD TO TRAIN AS AVIATOR

Former Student President Awaits Call to San Antonio.

Carlton E. Spencer, '13, former president of the University student body, has received an appointment to the aviation training station at San Antonio, Texas, and has returned to Portland, from Stanford, where he is awaiting his call. After graduation from the University, Spencer studied law at the Northwestern Law school in Portland, and acted as secretary for the school at the same time. He went to Stanford to take post graduate work this fall.

Charles Ray, movie star, is six feet tall, is an adept at French and Spanish, writes stories whenever the spirit moves him, takes a keen interest in electrical experiments and excels in all forms of athletic exercises.
