

33 MEN WITHDRAW, 23 TO ENTER SERVICE

Next Draft Will Leave Present Enrollment of 441 Much the Same, Says Onthank.

THREE ATHLETES FOR NAVY

Aviation and Medical Corps Win Basketball Players. Emerald Staff Loses.

Thirty-three men have withdrawn from the University since the beginning of the term, twenty-three to enter military service, and ten for other reasons.

"It is likely," said Mr. Onthank, "that if college men take the advice of Secretary of War Baker, and wait for the draft, they will have the opportunity to finish the year."

Sports' Stars Enlist

College activities will lose several men through the withdrawals, it is predicted.

Harold Tregilgas, who leaves to enter the navy, was a member of the student council, and also played on this year's football team.

Jay Fox, letter man in basketball, goes to join the aviation corps. Besides his basketball playing, fans say he will be missed in the soccer team, as will Claire Holdridge, and Alex Pearson, who enter the same branch of service.

Few Sophomores Leave

The navy is the choice of Carl Knudsen, assistant yell leader, and member of the sophomore basketball team.

Ernest Boylen and Lee Waldron, both members of the sophomore basketball team, go to enter the navy and medical corps, respectively.

The Emerald will lose two members from its staff, through the withdrawal from college of Earl Murphy and Richard Avison.

M. E. Wilson, '20, son of Clarence True Wilson, prominent physician of Portland, has withdrawn from school to enter the hospital corps. Wilson is a member of Kappa Sigma.

Claude Hampton, 1915, took the aviation examination in Seattle, about two weeks ago, and will probably enter the aviation service.

BOOKS ARE SENT SOLDIERS

Four Boxes Shipped to Camps Friday; More Are Wanted.

Four boxes of magazines and one box of books were sent yesterday by M. H. Douglass, University librarian, for the soldiers' use. The books were sent to the Portland library, from where they will be distributed, but the magazines were sent directly to the Y. M. C. A., Fort Stevens.

More books are wanted, and as soon as enough are collected in the basement of the library, another shipment will be made. If recent copies of magazines, not over two weeks old, can be contributed, they also are desirable, says Mr. Douglass.

Mr. Douglass has made the following suggestion for Christmas, giving in view of the fact that many people are planning not to make gifts. "Let each student buy some new book that he wants to read, and when he has read it, let him double the benefit by sending it to some soldier, or to a camp Y. M. C. A." Books being sent to Fort Stevens, should be sent to the Y. M. C. A.; those sent to Camp Lewis, to the cantonment library.

NEW REGISTRATION SYSTEM TO SHORTEN PROCESS NEXT WEEK

(Continued from page one)

student's study card, under the old method of registration. It is especially necessary that particular care be taken to make out a class record card for every course, in which the student enrolls, since no enrollment can be effected in any course unless the instructor receives such a record card from the administration offices.

Fees Need Not Be Paid

After the required cards have been made out at the advisor's office, the student will take the original registration card and the class record cards to the cashier's window of the business offices for filing, where payment of all fees may be made at the same time.

The registration fees need not be paid, however, until registration day of the second term, Wednesday, January 2. Before filing their cards all women students will secure the signature of Dean Fox, on the registration card. A two dollar fine for late registration, or late payment of fees will be imposed.

Catalog to Be eady Soon

Students failing in any course that is more than a term course, or students desiring to change their enrollment for any other good reason, may do so upon the filing of a supplementary enrollment card, signed by the student's advisor, without expense or other signatures, up to the closing hours of registration day of the second term. It is possible, according to Dr. Caswell, of the physics department, who has had charge of the change in registration rules, that students leaving stamped envelopes at the registrar's office, may obtain the record of their term grades before returning.

University announcements of courses, similar to the usual catalog, are almost ready to come from the printer, according to Dr. Caswell, and will contain

much of the necessary information regarding prerequisites to courses and the courses to be offered during the different terms. The regular schedule of courses has not yet been sent to the printer, and further delay in getting some of the second term schedules organized may mean the extending of the limit for registration a day or two over the time which has been set.

It is hoped that this will not be necessary however, and that registration may be concluded next week, according to Dr. Caswell.

FRESHMEN MUST MAKE NINE HOURS NEXT TERM

Faculty Fixes Requirements Same as for Other Classes; Exams Start Wednesday.

At a meeting of the faculty last Thursday afternoon, it was decided that freshmen be required to make as many hours as are required of the sophomores and upper-classmen. Therefore the freshmen have been required to make but eight hours, in order to register for the following semester, but now, with the adoption of the three semester plan, this slight advantage has been done away with, and the requirements are the same for all.

In case there are students who do not succeed in making nine hours, they will be placed on formal probation, for the term that follows, and if by the end of this time they haven't 17 hours to their credit, they are dropped from school.

The complete examination schedule has not been made out, according to Dr. W. P. Boynton, but it is expected to be soon. The only thing that is definitely known, is that the examinations will start Wednesday morning, December 19, and end Friday, December 21. There will be three examinations a day for the first two days, and two the last day. These are the heavier courses, only the number of the various lighter courses will be decided upon later.

He Should Worry.

The English barber was finishing lathering a customer and was talking volubly as usual.

"Yes sir," he said, "we have to mind what we're about here. Every time we cut a customer's face we are fined a 'tanner,' and an ugly gash costs us a 'bob!'"

Then, picking up and brandishing a razor, he added: "But I don't care a hang today; I've just won a pound."

ANNOUNCEMENT.

All candidates for the freshman basketball team, turn out Monday at 5 o'clock, in the gymnasium.

BASKETBALL CENTER OF SPORT ATTENTION

played in Eugene, two in Corvallis, and two at Seattle. According to the schedule Oregon's first game will be played at Corvallis, on January 11th.

Tentative Schedule

The tentative schedule is as follows: January 11 and 12, Oregon vs. O. A. C., at Corvallis; January 18 and 19, Oregon vs. O. A. C., at Eugene; February 18 and 19, U. of O. vs. U. of W., at Eugene; February 28 and March 1, U. of O. vs. U. of W., at Seattle; February 8, U. of O. vs. W. S. C., at Eugene. This schedule gives Oregon four games with O. A. C., four games with the University of Washington, and one game with W. S. C.

Present indications however, point to a cancellation of the W. S. C. game, at Eugene, on February 8. If this game is cancelled, the O. A. C. vs. U. of O. games, scheduled for January 11 and 12, will most likely be changed to February 8 and 9.

It is possible that the 1918 number of University of Chicago Cap and Gown may suspend publication this year, because of the war. The board of student organizations voted that the Cap and Gown should be cut to half its usual size, and price, but the staff found it impossible to do this. Cards for the students to fill out are being prepared, with the intention of having the board reconsider its vote.

Commissions were received by 109 Harvard men this week. Of this number, one is a major, 18 are captains, 42 are first lieutenants, and 46 are second lieutenants. Other additions to this number are expected soon, as the list is incomplete.
