DANCE THEIR UNDOING
Senior Footballers Are Beaten by Sophs "Morning After."
6-0 Game Characterized by Mental Lapses and Wild Plays of Upperclass.

Lottery dances are lots of fun as a means for promoting democracy among classmates, and should be encouraged, but as a conditioning process for a football team, they are distinctly out of place. The seniors learned this fact Saturday afternoon, when after spending the greater part of the preceding night and early morning in terpsichorean pleasures, they met the sophomores for the class championship, and lost by a score of 6-0.

The sophomores with fire in their eyes, and a superabundance of fight, pushed the sluggish upperclassmen around the field pretty nearly as they liked. The lone score came in the first five minutes of play, following a march straight down the field, from the sophomores' 35-yard line. Line bucks were all the sophomores needed, and not once did they fail to make yardage. Boylen and Mulkey alternated at carrying the ball, Boylen making the touchdown. The try at goal went wide. The senior line obligingly made way wherever the second-year men desired, during their wild rampage to the goal line.

Grebe Starts Lone Drive
Captain Walter Grebe, of the senior, chose to receive the kick-off and start an offensive of his own. The offensive started, but that was about all, and after three downs, in which they gained five yards, Warner punted 45 yards to Mulkey. Again the sophomores started a relentless attack, but the whistle blew before they grew dangerous. The seniors held a council of war

between halves, and came back on the field with a little more "pep" than they exhibited the first half. After receiving the kick-off, the sophomores uncorked a couple of forward passes and had the ball on the senior 15-yard line. Here the sombrero-wearers showed a flash of class, held for four downs and obtained the ball. Grebe at once started an aerial attack, and three successive passes brought the ball to the center of the field.

The spurt was too good to last, however, and Mulkey intercepted a wild throw, and nearly got away for a touchdown. Montague tackled him on the senior 35-yard line.

Passes Miss Their Mark
Again the sophomores pounded the weary senior line, but their gains became shorter, and finally the fourth-year men got the ball. A punting duel followed, and with two minutes to play, the seniors had the ball on the sophomore 30-yard line. Playing desperately against time, Grebe and Bob Earl threw pass after pass in a vain attempt to find an end who was free, but the four were used up without one being successful. The game ended with the ball in the sophomores' possession, on their own 35-yard line.

For the seniors, Warner, Witty and Matson did most of the work. Sheehy was sorely missed, at quarter. Boylen, Runquist, Mulkey and Bain starred for the underclassmen.

EXAMINATION SCHEDULE GIVEN OUT BY COMMITTEE
Starting Wednesday Morning Quizzes Will Be Held Straight Through Until Friday Evening.

Dr. W. P. Boynton, head of the committee to arrange the examination schedule has announced the following plan:

All 3, 4 and 5 hour eight o'clock courses at 8 o'clock Wednesday, 2 o'clock courses at 10 Wednesday and English composition at 1:30 Wednesday afternoon.

Thursday morning at 8 will be examinations in all 3, 4 and 5 hour nine o'clock classes, at ten will be examinations in one o'clock classes and in the afternoon will be the examination in Economic History.

Friday morning at 8 will be the 3, 4 and 5 hour 10 o'clock classes at ten, all 11 o'clock classes will be given examinations.

All other courses are to be arranged by the instructor, and evenings and Saturday will be permitted.

As at present there are only two examinations scheduled in the afternoon and as these are chiefly freshmen subjects, the instructors in one and two hour advanced courses will have little trouble in finding a time for the examinations, Dr. Boynton thinks.

PROSPECTS BRIGHT FOR FRESHMAN FIVE
Fifteen Men Have Scrimmage Under Direction of Dean Walker; Nearly All Experienced.

Fifteen enthusiastic first year men turned out in the gymnasium yesterday afternoon in response to Coach Walker's call for candidates for the freshman basketball teams. The main practice was a scrimmage between two squads picked by the coach.

Prospects for a good aggregation are fair this year due to the number of experienced men in the class of 1921. Almost every man who reported to the coach yesterday has had more or less experience in interscholastic competition, so together with the coaching of Walker a good team may be developed, say the fans.

From all appearances the team will be light this year, as a number of the men weigh in the neighborhood of 130 to 140 pounds, a very light average for a college team. However, the lack of avoirdupois is expected to be more than made up by the speed and fight of the men

Several Are Candidates.
In the first practice, Starr, Jacobberger, Durnow, Houston and Blake appeared as the most likely candidates for the regulars. However, says Walker, nothing can be predicted at this stage of the game and the team will probably not be picked until after Christmas.

Whether the freshmen team will be allowed to play in the inter-class series has not been decided. If carried on as the other activities, the regular men will be disqualified, but as the case has been different in former years in this sport they may be regarded as eligible.

Matter Awaits Hayward.
Bill Hayward, director of basketball, is away on a hunting trip so this matter will be put off until he returns.

The inter-class games are to be played immediately following the doughnut series beginning the first of the year.

RIFLES FOR DRILL MAY ARRIVE ON CAMPUS SOON
President Campbell Applies to Adjutant-General. Guns Expected by January.

The long-awaited rifles for the University battalion may arrive in the next two weeks. Upon returning to the campus this week after a hurried trip to Portland, Colonel Bowen states that he has made partial arrangements with the state to secure rifles and bayonets.

"The adjutant-general of Oregon has promised to lend us rifles and bayonets, provided there is no objection on the part of the war department," stated Colonel Bowen yesterday.

In order to have the rifles here at the earliest possible date, President Campbell has already made a formal application to the adjutant-general for rifles and bayonets, and he has promised to forward the application to the war department at once. If it meets with favorable action by the war department, the rifles and bayonets should arrive on the campus before the first of the year.

NEW CLUB MEETS TONIGHT
Majors in History to Hold Session at Kappa Kappa Gamma House.

A meeting of the History club, a volunteer society composed of majors in the history department, will be held tonight at the Kappa Kappa Gamma house. A program has been prepared by a committee consisting of Lily Miller, Dorothy Flegel and Elmer Boyers.

The History club was formed about four weeks ago after the meeting of all students with their major professors. The organization has no officers, but matters of importance are settled by a committee which appoints a new committee at each meeting to have charge of preparations for the next session. Subjects concerning the history of the war are discussed.

"The finances of the football season came out about even," said Registrar A. R. Tiffany yesterday afternoon. "The total gains on the games will go to pay the expenses, that were incurred before the team ever played."
