

# BAN PUT ON BARE LIPS BY SENIORS

### Another Desperate Race Will Be Staged by Fourth-Year Men; Board to Demonstrate.

### Treasury Shows Surplus of \$134; Crandall Elected Manager of Basketball.

A plea for the senior mustache was made by Raymond Allen, chairman of the tonsorial committee, in Wednesday's senior class meeting in Deady hall, when he urged the men to make a valiant effort to raise the traditional adornment.

"Other classes," he declared, "have been able to cultivate mustaches; why can't we? Let's don't be slackers."

### Dr. Bovard to Give Aid.

Dr. John Bovard, senior class adviser, offered his hearty co-operation in the work "I shall be glad," said he, "to give instruction in raising these much-desired marks of superiority."

As an incentive to renewed efforts, the class decided that at the next senior party, no man should be admitted who did not wear a mustache. Jeannette Calkins, Harold Mason, Melba Williams and Cord Sengstake, the committee in charge of the party, say that there will be no exceptions to the rule, and mustaches, "camouflaged" or otherwise, must be shown.

### Class May Plant Tree.

"Slim" Crandall suggested that the class plant a tree as a monument to the memory of "days at Oregon." Charles Dundore, president, appointed Crandall and Larue Blackaby as a committee to formulate plans.

The following were appointed by Dundore as members of the senior play committee: Creston Maddock, Harold Cake, Tula Kinsley, Cleome Carroll and Helen Wells.

The seniors were notified that all pictures for the Oregon must be in by

February 10, and were told to prepare their individual write-ups.

A report by Don Roberts, treasurer, showed that the class has \$134 on hand. Crandall was elected class basketball manager.

### Man Disturbs Rest of Tri Delts in Wee Sma' Hours

### Housemother Calls Police and Footprints Are Found Beneath Window.

Panic reigned for a time in the Delta Delta sorority house about 2:30 o'clock Wednesday morning when a man was discovered prowling about on the third floor of the building. The excitement became worse when the fellow in descending the stairway to the second floor stumbled and fell half way down the stairs before he caught himself. The girls who were not awake before were startled from their slumber by the noise of the man's bumping down the steps, and there was little or no sleep for the occupants of the house during the rest of that night.

The man was heard to descend to the ground floor and leave the building through a window. The housemother called up the police and Officers Bristol and Judkins responded. They found the footprints of a man beneath the window, but were unable to follow them any distance.

Nothing was missed from the house. The marauder was evidently discovered before he could find anything to steal.

It is thought by the campus "hawk-shaws" that the miscreant who entered

### Cost and Scarcity Cause 1920's to Abandon Idea.

### Sophomore Men Urged to Enter Athletics; Class Picture Not Taken.

The plan to adopt green shirts as a mark of distinction for sophomore men, must be abandoned because of the scarcity and expense of wool, it was decided at a meeting of the 1920's Wednesday, in Guild hall.

Everett Pixley, chairman of the committee, reported that Eugene clothing store men declare it would be almost impossible to get green wool shirts.

"If we could get them," said Pixley, "they would be of poor material and would cost four or five dollars."

Jack Dundore, treasurer, after reporting \$27 in the treasury, urged the class to practice economy hereafter.

Merl Margason asked all sophomores to come out for basketball.

"The sophomores did credit to themselves in interclass football and soccer" he said. "There is no reason why we could not do just as well in basketball."

All sophomores who want to go out for handball were asked by Mortimer Brown to report at the men's gymnasium next Friday at 4 o'clock. "There is a cup offered for handball," said he, "and the sophomores might as well get it."

Herman Lind, chairman of the debating committee, reported that the committee has done nothing yet, as there will be no debating until the third term.

The class picture was not taken, as the photographer did not arrive. It will be taken at some later date.

the house and caused the sleepless night for the Tri Delts was probably a freshman who had been sent on his precarious errand as a part of his fraternity initiation. It is also a supposition that the man had an accomplice who stayed on the ground floor while his companion rummaged about on the third story.

part a wrestling match and part basketball. A little football was also in order, but the floor was a little too hard for that, so it was given up.

Joe Ingram shot the first basket for the Phi Delt, and for a while it looked as though his teammates would be able to shut the Sigma Nu gang out, but their fond hopes were sent glimmering by Gilbert, who took advantage of an open floor and shot a nice one when no one was looking. However, he did not do this until Morgason had made it four for the Phi Delt. The Phi Delt team was good at the wrestling end of the program and so had the ball in their possession most of the time. The final score was 8 to 4 in favor of the Delt.

Ingram, Morgason and Kennedy were the shining lights of the Phi Delt quintet, while Gilbert, Johns and Hollenbeck played the most consistent game for Sigma Nu.
