"When the federation takes up our cause" said Mrs. Gerlinger, "it means that every club woman in the state will be working for the woman's building. It means that we will have funds in one year instead of waiting for three years. Never has the goal seemed so close as now."

The freshman contest was an entire ly different story. This contest was an up-and-down affair from start to finis . Until the last few moments of play, it was impossible to tell which quintet would be victorious. With, the count even, one of the rooks dropped the sphere in the ring from a very difficult angle, and the final whistle blew before the frosh were able to tie the count. Durno, at forward, was the star for the freshman, making 12 points. Williams made a similar number for the Aggie first-year five. Chapman, at guard for the freshmen, held his man scoreless, and at the same time scored one basket.

Teams Play Again Tonight.

The two teams will endeavor to avenge the double defeat this evening, when two more contests will be staged. The freshman aggregation was very disappointed in not winning after such a close fight, and is out to win tonight. The Varsity will also try to wipe out last night's defeat.

The lineups of the teams were as
