RESOLUTION ADOPTED IN HONOR OF GURNEY

Freshmen to Send Condolence
to Mother of Classmate
Lost in Tuscania
Disaster.

1921's Will Buy Special Caps
for Basketball and Foot-
ball Men.

A resolution of condolence to Mrs. D. J. Gurney, of Glendale, Ore., mother of James B. Gurney, member of the 20th engineers, who was killed in the Tuscania disaster, was passed by the classmates of Gurney at a meeting of the freshmen in Villard Hall Wednesday morning, presided over by Marian Spoerl, vice president.

Following is the resolution as read at the meeting.

"Whereas, It has pleased Almighty God in His infinite wisdom to remove from the activities of this life our dearly beloved classmate, James Brian Gurney, and

"Whereas, In the death of this classmate, the University has suffered the loss of a most faithful student and friend, whose loyalty to the University and love for its teachings he has highly esteemed;

"Be it resolved, That we, his classmates of the University of Oregon, extend to his bereaved family our sincerest sympathy in our mutual sorrow and loss, and

"Be it further resolved, That a copy of these resolutions be sent to the family of the beloved classmate, a copy be entered upon the minutes of this class, and a copy be forwarded to the Oregonian for publication."

Delegates Chosen.

Sam Lehman and Eileen Tompkins were chosen to represent the class at the state oratorical contest, to be held in Salem March 8 and 9. Joe Hammersley, president of the class, was nominated as one of the delegates, but was defeated.

The sum of \$130.50 was the expense of the freshmen glee, according to a report read by Clarence Moffatt, chairman of the general committee in charge of the dance.

The class decided to buy special caps for all freshmen who have made their numerals in either basketball or football. This will necessitate an expenditure for 12 caps.

Dean Elizabeth Fox told the class of her intended trip to France this spring. "I have wanted to go to France," she said, "ever since the first University men appeared upon the campus in the uniforms of the service, but

I realized my place was here. Now since I have received a definite call, I know my services are needed elsewhere."

Advices Girls to Remain.

Dean Fox advised the girls who are planning to leave college to take up war work, to remain in the University. "We will all," she said, "be called upon sooner or later. Education is the important thing right now."

Dean John Straub complimented the class upon the success of their dance. "The decorations," he said, "were splendid."

FOULKES WINS ON DESIGN

Receives First Mention on Exhibit at
Beaux Arts Institute.

Horace Foulkes, sophomore in the school of architecture, received first mention for an architectural design at a recent exhibit at the Beaux Arts Institute of Architecture, New York. His problem was considered one of the three best designs submitted from the entire United States.

The design was a Greek theatre, which received first mention in the architecture judgment, held on the campus last month.

All problems done by University of Oregon students that were submitted at the Beaux Arts judgment received honorable mention.

EXAMS DO NOT FAZE WOMEN

Michigan Co-eds Particularly Healthy
During Test Weeks.

Examinations have a particularly healthful effect on the women students of the University, according to Dr. Elsie Walker, of the health service. No cases of illness have been reported during the past two weeks, despite the demands of exams and the inclement weather conditions.—Michigan Daily.

DROP CONTEST STORIES IN BOX

Announcement Made by Mr. Thacher;
Miss Burgess to Keep Them.

Professor W. F. G. Thacher announces that the stories for the Edison Marshal short story contest should be put in his box in Villard Hall during his absence at American Lake. Miss Julia Burgess will take charge of them until Mr. Thacher returns. The contest closes at the end of this term.

CADETS MUST SALUTE OFFICERS

Berkeley Requires Military Courtesy
From All in Uniform.

According to information received at the office of the department of military science, all cadets in the new olive drab uniform must salute all commissioned officers of the army, navy and marines. This contradicts the previous report that only seniors and juniors give the military courtesy.—Daily Californian.

ORDNANCE STUDENTS LEAVE FOR BENICIA

Held Up for Three Days While
Transportation Is
Straightened
Out.

Advanced Course of Six Weeks
to Be Given Them at
Southern Arsenal.

After waiting in Eugene since Sunday while their transportation and pay check money matters were being straightened out by the ordnance department in Portland, the 55 members of the third ordnance class left yesterday on the 1:50 train for Benicia, California, where they will take a six weeks advanced course in the arsenal at that place.

Unlike the members of the first two classes, the members of the third course were enlisted before beginning work at the University last January. They were put under government pay and should have received an allowance for living expenses as well as the regular government pay to privates in the army. The men left yesterday and the money will be forwarded to them. The government paid their transportation.

The members of the class left in charge of Sergeant E. K. Wild. Sergeant Wild will return later in the week to help with the preparation for the next class which will begin in April.

Because of the fact that the next course will have 90 members instead of the fifty to which the classes were previously limited, Sergeant Vernon B. Fairly, formerly an instructor in the ordnance department at Camp Meade, Maryland, has been detailed to work here under Lieutenant Jeremiah. He arrived on the campus today.

The members of the next course will not arrive on the campus until Saturday and Sunday because of the fact that they cannot enlist until late this week and must enlist before coming to Eugene for the course. The course will open Monday morning.

JUNK BOXES AT POMONA COLLEGE

Tinfoil, Gloves, Tooth Paste Tubes, Are
Salvaged for Red Cross.

Red Cross salvage boxes, says the Pomona College Student Life, have been put up on the campus for students to fill with old "junk", which before now has been discarded. Tinfoil, empty tooth paste tubes, old gloves, jewelry, and canceled stamps are wanted. The "junk" is sold to buy yarn and surgical dressings, which are much needed by the Red Cross.

MILITIA WOULD GET STATE RECOGNITION

Battalion Not Liable to Service; Merely Means University Could Obtain
Supplies Easily.

Enlistment for Two Years Only
But Commandant Could
Grant Absence.

Contrary to general opinion, the securing of a section of state militia for the University of Oregon will not in any way hinder the men from pursuing their daily habits and daily work, according to Lieutenant-Colonel John Leader.

"I want to correct a statement which appeared in the Emerald several days ago," he said last night, "stating that the University battalion would be under the control of the state and liable to immediate service. It would mean nothing more than that we would have recognition by the government, and as an organized body under the government, we could more easily obtain guns and ammunition in the future."

Enlistment for Two Years.

"The time of enlistment would be for two years, which means that at any time the commandant could grant a leave of absence to anyone who might be leaving the University. This leave could be extended to cover even the period of two years, which is the length of time that the students would be obligated for service."

It is the opinion of Colonel Leader that with this state militia at the University, the obtaining of an appropriation for a summer camp, and summer training of arms and ammunition would be greatly expedited.

Must Swear Allegiance.

The men must swear to support the constitution of the state of Oregon, and also the constitution of the United States which in his belief, is no more than any man in the University is willing to do. The troops could not be taken outside of the state, nor would they be liable to service in the national army until members were drafted into the service through the regular channels which are now in force for all men between the ages of 21 and 31.

"I want it understood that in no way would the obtaining of the state militia tie the students up in any way. They would be perfectly free to do as they saw fit, the regular commander of the battalion being able to grant them leaves whenever necessary."

ROSENBERG'S ORATION GOOD, SAYS PRESCOTT

Speech to Pro-Germans Remarkable;
Delegates Chosen for State Con-
test at Salem.

The address of Abe E. Rosenberg, '21, who will represent the University at the tenth annual oratorical contest, held at Salem, Friday March 8, is very remarkable, according to Professor Robert W. Prescott, instructor in public speaking. The speech is addressed to the 30,000 pro-Germans who are living in the United States. The title is, "Your Name—Honored Yesterday—Today Loathed—What Shall It Be Tomorrow?"

Mr. Rosenberg states that the old Germany was honored for her great qualities of character—the very qualities for which the allies are now fighting. He aims to show that the old Germany has been betrayed by the mad despots who have reversed the old Germany and made its name a word of hissing and scorn. The greatest service the people of Germany, who are living in this country, can do for their fatherland is to join with their motherland, America, and help her save Germany from the men who are ruining her. The people in Germany are helpless under the spell of these men, and it is up to the ones who are here, and still sane and free, to raise the name to the old place that it once held.

Delegates who will represent the University are, from the senior class, Walter Meyers and Harold Cake; from the junior class, Dwight Wilson and Marie Badura; from the sophomore class, Jesse Garner and Merritt Whitten; from the freshman class, Sam Lehman and Aileen Tompkins. After the contest the visiting delegates will be entertained with a banquet.

HOWE TO LECTURE AT MEDFORD

Professor of English Literature Leaves
Friday for Extension Work.

Professor H. C. Howe, professor of English literature, will go to Medford Friday, March 8, for the University extension lecture course. He will lecture on "Literature as an Expression of Race Psychology."

Send the Emerald home.

These Spring Models Are the Newest Vogue

They have just arrived;
New Coats, Suits and Dresses
—stunning advance designs,
inspired in the style centers.
On Coats and Suits, long
shawl collars and narrow
tailored lapels vie with one
another for wide recognition.

Buttons are used lavishly with
clever, while simple, but ef-
fective, attractive belts and
sash effects are used, al-
though some clever new gar-
ments are minus the belt, but
still retain the long lines.
And buying now you are able
to enjoy a full season's wear.
You pay as little, early as late.

Our prices are as low as is
consistent with the quality.

Coats \$10.00 to \$55.00. Suits \$18.50 to \$65.
