**SPEAKERS OFFERED  
 TO OREGON SCHOOLS**

Thirteen Faculty Members and  
 Twenty-Seven Subjects  
 Available For  
 Graduation.

Practically Every Department  
 Represented; Wide Choice  
 of Lectures Offered.

The University of Oregon offers opportunity for various high schools throughout the state to secure members of the University faculty to address graduating classes at commencement time this year.  
 A list of 13 instructors, together with the subjects on which they are pre-

pared to speak, has been published by the extension division, and will be sent to principals of all Oregon high schools. Practically every department in the University is represented, and there are 27 subjects from which a choice may be made.

No charge whatever will be made for the speakers' services, but necessary traveling and hotel expenses will of course be paid by the school. Sometimes where several schools in the same district can use the same speaker, the expenses, by being pooled, can be materially reduced, especially where the distance from the University is somewhat great.

Following is the list of available University speakers and their subjects:

Dr. E. S. Conklin, department of psychology, "The Pursuit of Loyalty"; E. E. De Cou, department of mathematics, "Ultimate World Peace and the World War"; Guy E. Dyar, extension division, "The Biggest Hour"; F. S. Dunn, department of Latin, "The San Grael of Today," "The Spartan Shield," "And So We Came to Rome"; Dr. J. H. Gilbert, department of economics, "Foundations of Success," "Democracy and Education," "Education and Public Opinion," "Chief Obstacles to World Peace," "League to Enforce Peace"; E. L. Keezel, school of education, "Pro Patria"; Dr. J. J. Landsbury, school of music, "Two Kinds of Folks," "Unchanging Values"; Alfred Powers, extension division, "Train the Brain," "Facing Towards the Morning"; R. W. Prescott, department of public speaking, "The Call of the Present," "The Call of the Future"; Dr. Joseph Schaffer, department of history, "Aspects of the Great War," "What's Wrong with the World?"; Dr. H. D. Sheldon, school of education, "American Scholarship in the Present Crisis," "American Contributions to Civilization," "American Spirit in Literature"; Dr. John Straub, dean school of arts and sciences, "This Counts," "Is it Worth While?" "Service"; A. R. Sweetser, department of botany, "Deliver the Goods."

**BAND WILL GIVE CONCERT**

Men to Have Entertainment May 3—No  
 Trips This Year Because of Finances.

The University band plans to give a concert May 3.

This was decided last week when all prospects for a trip were abandoned because of the low state of the band's finances. Concert music will be ordered and work will start as soon as possible. It is planned to have several vocal and instrumental solos by members of the student body, and to make it an entirely student affair.

If possible, a dance will be given after the concert, the receipts to be used to purchase new instruments. The committee in charge of the concert is Perry Arant, Roy Shisler and Bruce Yergen.

**LACK OF OFFICERS  
 DELAYS R. O. T. C.**

(Continued from page one)

action of creating a special cadet corps to embrace colleges of the country.

**Legislation Expected.**  
 President Campbell is confident that the bill authorizing the cadet corps will be passed by congress sometime this month and that the plan will be put into operation early in May. If it does the University will take advantage of it and organize under its provisions immediately.

Under the cadet plan all college men would be enlisted and then given furlough to continue their work in school until they reached the age of 21, when, if they had not completed their course, they would be given the extension of time necessary for them to finish their work, provided that the class of work done by each was sufficiently high to win recommendations from the school authorities. In case of men over 21, those having a creditable record behind them would be given furloughs to complete their work upon recommendation of the University authorities.

The possibility of having both a cadet corps and an R. O. T. C. on the campus still exists, but the establishment of the latter depends entirely upon whether or not a suitable officer can be secured to fulfill the government's requirement that there must be a United States Army officer in charge of the corps.
