

Style's the word

You see here one of the new Varsity suits for spring. It's one of the economy styles by

Hart Schaffner & Marx

There is no superfluous use of wool fabric.

But that isn't the only way they conserve.

They save your money because they wear longer than other clothes and keep their style and shape until the last.

GRADUATION TAKES ON GLOOM FOR SENIORS

Question of Holding Commencement a Week Earlier May Come up Again.

Faculty Decision Would Leave Deserted Campus and Little Interest.

(By a senior.)

With the faculty decision against setting commencement up a week starting them in the face, the Senior class is desolate. Every member is a committee of one to look around for possible help in the situation. At present, however, that help seems far away and the weeks are growing fewer and fewer.

With no particular argument either for or against the recommendation taken in by the faculty committee that commencement be set forward one week, thus making it possible for the seniors to be graduated while there were still some signs of human life on the campus, the recommendation was turned down. As a consequence, members of the class have little interest left in their graduation, particularly since the latest training camp authorizations will take a number of the already pitifully small crew of men which grace its ranks and tear up its class meetings.

Would Upset Class Work.

The faculty reason for refusing the request is that it interrupts the regular routine of class work for the underclassmen, makes it necessary to make out two whole sets of examination questions, and cuts the year for seniors even shorter than it already is. It was pointed out to the committee that should commencement ceremonies be held on a totally deserted campus, very small interest would prevail even among the seniors themselves, since practically everyone is more than anxious to get at work of one kind or another. The mail carries diplomas just as it carries checks from home. As for the girl's viewpoint—many of them also will work this summer, and commencement loses its chief dignity and charm when it becomes purely a personal matter.

Sunday Exercises Unpopular.

The changing of commencement exercises proper for Sunday night is likewise meeting with disapproval among the class of '18. It was suggested in meeting but was not discussed fully at all and on more mature thought the seniors are seeing the disadvantage of the idea. The number of relatives and alumni in attendance will not be great; the plan crowds a formal commencement and makes of it a high schoolish affair; the next day will be "Blue Monday" and, after all, exercises held on Sunday night will not greatly facilitate the departure of the seniors—that is the feeling.

There is at present a tendency in the class to bring the whole question up for consideration again, and after conferring with various faculty members, it is believed that some more satisfactory arrangement can be found for the commencement ceremonies.

NO TRACK THIS WEEK-END

Plans for U. of W., O. A. C., and Doughnut Meets Fall Through.

There will be no track meet this Junior Week-end for the first time in several years. The University of Washington backed out of their contract to send a team, pleading that they were so devoid of track talent as a result of the war that they could not find enough men on the campus to make up a team. There was some talk of another meet with O. A. C., but this has been dropped. The doughnut meet also has been abandoned, as there will be so many visitors on the campus that such a contest would have little interest.

BEZDEK'S CREW FIFTH

Pittsburg Three Places Higher than Last Year.

Bigbee, Former Oregon Star, Not Regularly in Lineup.

While Hugo Bezdek's Pittsburg Pirates are at present occupying a position three places higher than they held the most of last season they are a long ways from the top, being fifth in the race for the National League pennant. The season is still young and several surprises may be sprung before the championship series next fall, but the Pirates seem to be playing no better ball than they did last year.

The Pirates in recent years have been a hard luck team losing the majority of their games by a close margin of one or two runs or having their pitcher blow up in the last inning, when it was too late, to save the game. "Skeet" Bigbee, former Oregon star baseball and basketball player, is not, according to eastern box-scores, playing regularly with the Pirates. "Skeet" played a good game with the "smoky city" crew last year but his old position in right field is being held down by Stengl, former Pacific Coast league star. Other Pacific Coast league men now with Bezdek are Cutshaw, who is playing second base, and Schmidt, catcher.

Pittsburg has only five regulars batting above two hundred which is not much of a showing for a big league club. Of these five only two are above three hundred, they being Carey and Mollwitz. Stengel who has taken Bigbee's place is only batting two twenty-two.

The real trouble in the Pirate camp seems to be in their pitchers. Out of the twenty-one leading pitchers of the National league there is only one Pittsburg twirler rated, Hamilton, who has won both of his starts.

"Rez" probably misses "Chuck" Ward at the short patch more than any of last year's regulars. Ward enlisted in the navy last winter and his place has been hard to fill.

Bezdek has declared himself to be on the market for pitchers but unless he hurries and grabs a few dependable twirlers the Pirates will wind up another season in the cellar.

KANZLER IS DELAYED UNTIL END OF WEEK

(Continued from page one.)

in the whole battalion. He dreams of seeing two squads of his men marching into the Presidio to show what real Oregon spirit is.

Of the other men, four are from Company D, counting Major Ray Couch, formerly captain of that company; two are from Company C and one is from Company B.

It is expected that definite announcement of the men who will go to the Presidio will be made Friday or Saturday, since the men will wish to make brief visits with their families if possible before leaving and since they must be at the camp by May 14.

WOMEN WILL GIVE SWIM

Gymnasium Majors to Entertain with Open Tank Friday Morning.

University high school and alumnae women will be the guests of the women's department of physical education Friday morning from 10 to 12, when the swimming tank at the men's gymnasium will be open as a feature of Junior Week-end entertainment.

Owing to the large crowd expected, the department requests that if possible, each woman provide her own suit, but towels will be provided.

VARSITY AND O. A. C. IN CLOSE BATTLES

Games Friday and Saturday May Be Real Contests; Berg and Kruger to Hurl in First.

Freshmen and Rooks to Meet Saturday Morning for Struggle.

The Varsity baseball nine will meet the O. A. C. aggregation for the last two games of the eight game series here Friday and Saturday of Junior Week-end. The games have been changed from Thursday and Friday, as they were previously announced, because of the cancelling of the track meet.

The O. A. C. team appeared to be in better shape last week-end at Corvallis than they have at any previous time this season. They may improve sufficiently this week to give the Varsity a real run for their money. The game that the Aggies won last week was a loose uncertain affair, and it is not much to their credit that they captured the contest.

Kruger will have to improve about 100 per cent if he expects to win one of the games here. He was hit hard and often by the Varsity sluggers last Saturday and he appeared to have nothing on the ball.

Lodell, Baldwin, Hubbard, and Seiberts are the quartet of Aggies that will bear watching as they are hitting the ball hard. The weak point on the Corvallis team is in their pitching staff and with the staff as it is, it is hard to get a line on the true worth of the other players.

Wilson Will Be Able To Twirl.

From present indications Berg will twirl the first ball for Oregon opposing probably Kruger, as they will save Coleman to work against "Chief" Wilson on Saturday. Wilson has been sick for the past day or two but Dean Walker is of the opinion that he will be able to twirl Saturday's contest.

The freshmen meet the Aggie rooks again next Saturday morning and this battle will probably prove to be more evenly contested than the Varsity. The rooks have a good pitcher in Miller, the drop ball artist, and the fresh will have to go some if they expect to take his measure. The rooks are working hard for this battle as they want to make it two straight.

PROM SETTING TO BE IN NATIONAL COLORS

(Continued from page one.)

head of decorations, say that the Armory will be unusually pretty in its military effect. The colors of the class are red and white, so with the service flags of their different houses and of the University and also the flag which was on the battleship Oregon and the two battalion flags, the Armory will be a blaze of red and white color. Hanging baskets will also be used around the musicians stand in the center of the floor.

Between the fourth and fifth dances, the Girl's Glee Club will put on a program. For some of the numbers, they will be dressed in Japanese costume and will imitate the Japanese steps.

Marion Coffey, chairman of the feature and program committee, is keeping the feature a dark mystery, but when it leaked out yesterday to a select few what the feature is to be, they shook their heads knowingly and said it will be good. The feature will be the eighth dance.

Several medals will be presented,

among them the cup which goes to the winner of the canoe fete, the swimming medal from Saturday morning's meet, the Koyl cup which goes to their best all round junior man, and the Gerlinger cup which is being given for the first time this year and will go to the best all round junior girl.

Helen McDonald, head of the refreshment committee, reports that punch will be served during the evening by junior and freshmen girls.

High School Students Free. Tickets for the dance will be \$1 for the students and town people, but high school students and alumni will be admitted free and in order to do this, it will be necessary to secure tickets from the Registrar's office for the athletic contests and for the dance. The tickets must then be brought to the dance and presented or they will be charged as any student.
