MISS CLARA LEE RECOVERING

Former Employee in Registrar's Office Improves in Health.

Word received from Dr. Ralph Matson, head of the Matson sanitarium in Portland, yesterday at the office states that Miss Clara Lee, who was employed in the registrar's office for some time before her illness and who has many friends on the campus, is getting along in an entirely satisfactory manner and her complete recovery is assured. She has been in the sanitarium for about five months and will remain there for at least two months more.

DELTA TAUS DEFEAT SIGMA CHIS 8 TO 5

Semi-finals of Doughnut Baseball Played Off; Final Game Is Set for Saturday.

Losers Miss Men Who Left for Training Camp; Have Trouble Starting.

The Delta Tau Delta won the semi-final game of the doughnut baseball league yesterday afternoon when they took the Sigma Chis into camp by a score of 8 to 3. The game was started in the second half of the second inning, at the point where they were forced to stop several days previous on account of rain. The Sigma Chis had a man on third when the contest started and he scored, giving the Sigma Chis their third run. The game, started with the count 5 to 2 in favor of the Deltas.

When "Curley" Dalgleish, warm-up pitcher for the Varsity, took the mound for the Sigma Chis "Dot" Medley, star outfielder for the regular lemon-yellow team, went in and caught for the Deltas. The Deltas presented a brotherly battery to the six spectators. "Dash" and "Dot" Medley, of Cottage Grove, were in the points for the Deltas, while "Jiggs" Leslie caught Dalgleish's shoots.

The game was good for a doughnut contest and the three runs that the Deltas gathered were well earned. "Curley" whiffed five of the Deltas in the three innings that he faced them and Medley took the measurements of four of the Sigma Chis. "Dash" looked good on the mound yesterday and shows promise of developing into a Varsity twirler.

The Sigma Chis missed the men that left for the training camp in the game

yesterday and seemed unable to get going. Weigel, of the Deltas, was beamed again but as usual reports no ill effects. Ed Padden covered himself with glory when he smashed one into right field, the only hit secured off of Medley in the last three innings.

"Rolly" Woodruff and "Dot" Medley each got two hits out of two trips to the rubber in Wednesday's half of the game. The final contest will probably be played Saturday if it can be arranged. The Phi Deltas and the Delta Tau Delta will fight it out for the cup.

The line up: Sigma Chi:—Dalgleish, p; Moore, ss; Carter, 3b; Leslie, c; Breed, 1b; Mul-larky, rf; Smith, 2b; Padden, cf; McClain, lf.

Delta Tau Delta:—H. Medley, p; Woodruff, ss; Brock, 3b; D. Medley, c; Brown, 1b; Weigel, rf; McCoy, 2b; Portwood, cf; Madden, lf.

Freshman Shines Shoes to Raise Money.

Others Wash Windows and Scrub to Help Swell Canteen Fund to \$2500.

One freshman girl has established a shoe shining stand in her fraternal basement in order to help raise the \$2500 necessary for the canteen which the University girls are planning to establish. Although word has not been received by Colonel John Leader from the French government, the girls have plunged into the midst of work of all kinds. Others are raising their quota by scrubbing and washing windows.

Following is the list of work that can be obtained through Miss Tirza Dinsdale, Y. W. C. A. secretary; sewing, darning, taking care of children, cleaning, washing, typing, serving, washing dishes, cooking and clerical work.

Thus far only \$225 have been actually pledged, fifty women having signed pledge cards. Canvassing for pledges will begin on May 20. The committee expressed a hope that each University woman will give \$6.

Exquisite Silk Crepe de Chine Blouses Just Arrived by Express.

VARY IN PRICE TO \$12.00.

Aside from their general excellence there are little points and big points of superiority about these waists that will repay you for a close inspection. The quality of the material of these blouses reign supreme and in such charming colors of flesh, white, king blue, Nile green, Kelly green, Etc. Exclusiveness of styles that dressy college girls delight in.

(Blouse Section, Second Floor.)

"PEP" in the Picture World

We have something to tell you, U. of O. Students, Faculty, everyone in fact who own or is planning on owning a Kodak. We have news for you, GOOD NEWS—and this is it:

Linn's Drug Store now has a man, Mr. Chester Stevenson, who is an expert at developing and printing pictures — and by "an expert" we mean what we say!! He is one of the best in the United States. He is recognized as such. He has sold more pictures to the Eastman Company for its catalogues than any other one individual, which means that he is not only good at developing and printing, but a dandy at taking pictures. He will be mighty glad to show you where you are making mistakes; just why those pictures of yours don't come out right, and that will save you money.

Another point; Mr. Stevenson understands "the insides" of kodaks and he will doctor yours if it needs it. Bring it in and let him clean it up. He can tell you what is wrong with it if anyone can.

PICTURES WILL BE READY WHEN PROMISED

We are giving service. We want you to know we are giving service. If we tell you your pictures will be ready at three o'clock on Saturday, they will be ready then. You won't have to wait until five minutes after three. You won't have to wait at all. They will be ready at the time promised.

ONE THING MORE — DON'T FORGET WHEN YOU THINK OF LINN'S, THAT THIS STORE IS RUN ON THE SERVICE PLUS PLAN.

LEAVES FOR ALASKA

Alfred Powers Is to Spend Month in Red Cross Work.

To Investigate Sphagnum Bogs and Inspect Far Northern Chapters of Organization.

Alfred Powers, acting director of the extension division, who left Eugene Thursday night for Seattle, left there Saturday for a month's trip to Alaska in the interests of the Red Cross. Mr. Powers will first go to Juneau where he will remain for a few days, and then to various points on up the coast inspecting and aiding the Red Cross chapters in Alaska in their work and in raising the \$40,000 apportioned to Alaska in the campaign for funds for the organization. He will also investigate sphagnum moss bogs with the view of locating the most productive bogs from which to gather the moss for use in making the new surgical dressings.

During his trip Mr. Powers will write a series of articles on Alaska and the war for the Oregonian and for the Seattle Post-Intelligencer. One of these articles will probably be the story of the "Dough Boy Rebellion" the protest of the miners and other men of Alaska at being excluded from the draft. The "dough boys" threatened to march on Washington in a body if the United States did not recognize Alaska's responsibility in the war. Other articles will probably deal with Red Cross in Alaska and with Alaskan industries during the war.

Mr. Powers just returned to Eugene Wednesday from a several days trip to Seattle to attend the conference of between 400 and 500 representatives of Red Cross chapters in the northwest district of Washington, Oregon and Alaska. Mr. Guy E. Dyar, secretary of the social welfare work of the extension division accompanied Mr. Powers to the Seattle meeting. Ninety per cent of the chapters in the northwest district including several from Alaska were represented at the conference. One Alaskan representative reported that his chapter ran an auxiliary chapter at a distance of 800 miles from the main chapter. "Our farthest branch chapter is 100 miles from Eugene" said Mr. Powers. A feature of the meeting in Seattle was a trip to Camp Lewis.

TEAM TO GO SOUTH FOR GAME THANKSGIVING DAY

Varsity May Meet Southern California in Los Angeles Next November—Frosh Considered as Team Material in Absence of Older Men.

The Thanksgiving football game will probably be played with the University of Southern California at Los Angeles next fall if plans being made by A. R. Tiffany, graduate manager, materialize.

In a letter to Mr. Tiffany, the graduate manager of the university of Southern California, H. W. Bruce, said that they were willing to hold the date open until fall since they want the game with Oregon. Athletic conditions he said were very uncertain but they want to continue their athletics on a normal basis if possible.

Upper classmen, Mr. Bruce said, were so few in number that the Varsity may have to use freshmen on the team and he inquired of Mr. Tiffany if there would be any objection on the part of the University. Mr. Tiffany said regarding that point that the matter would have to be settled later.

"If they play football next fall," he said, "it means that they take us on, which practically settles it that we will play them on Thanksgiving Day."
