WHY THE RED CROSS NEEDS YOUR MONEY.

Once more the Red Cross is asking the people of America for funds necessary to carry on their great work in the war.

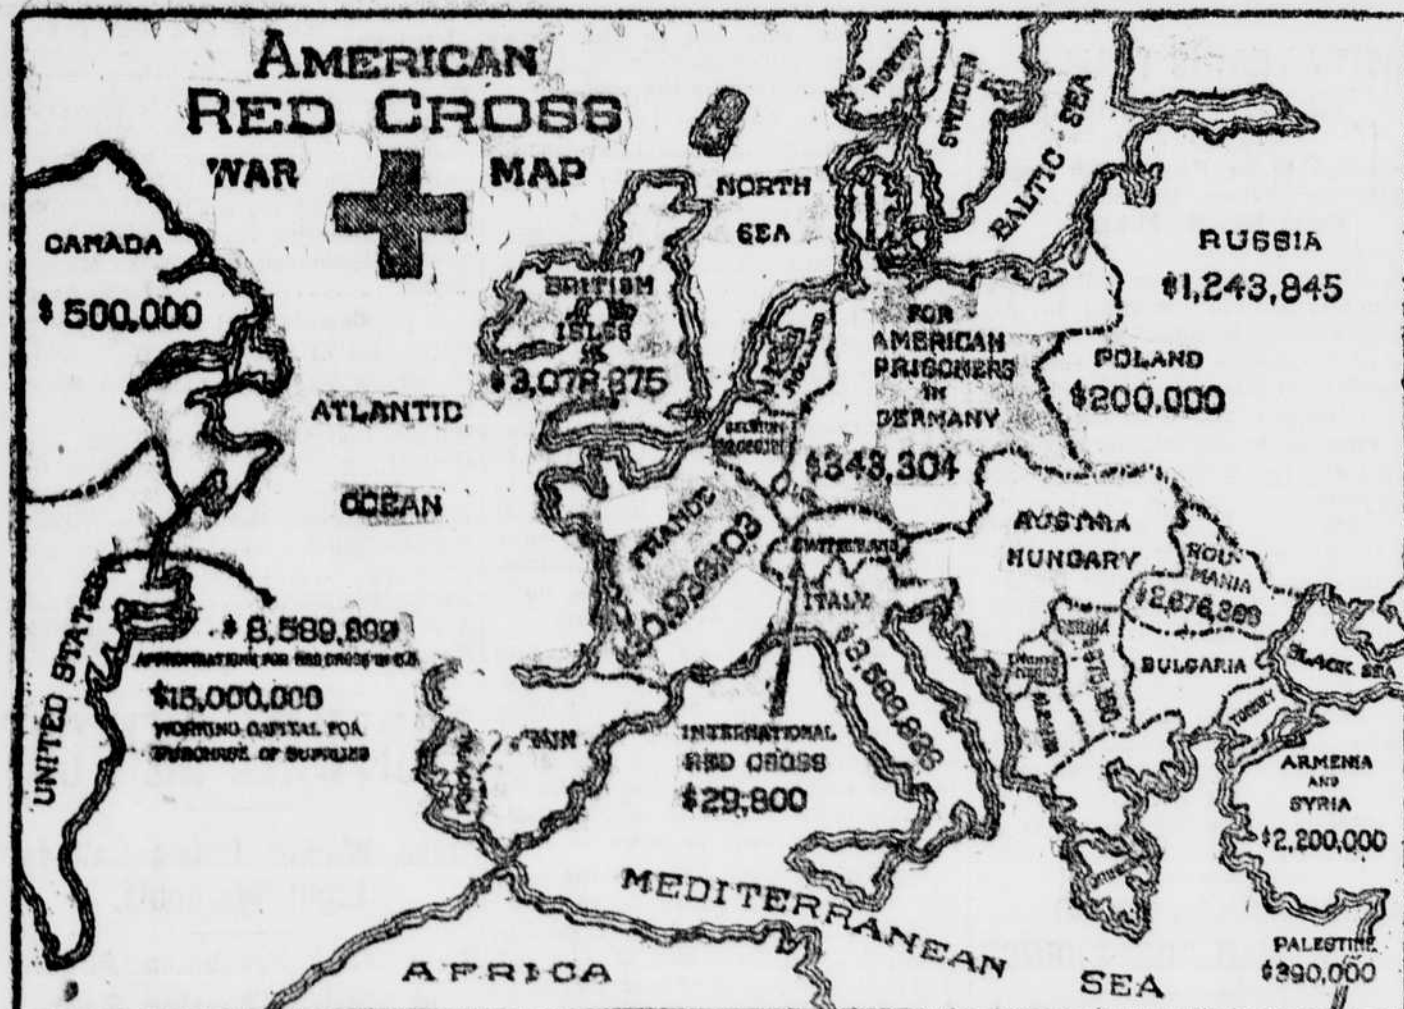

They are asking you to give.

Here and there they find a man or woman who asks, "What, again?"

The trouble here is not that those people, most of them at least, are not willing to give, but that they do not understand what any organization can be doing with such large amounts of money as America has given for the care of the wounded and needy since the beginning of the war. The average person does not figure dollars by the hundreds of millions and without a rather comprehensive study of the work of the Red Cross they are unable to grasp the magnitude of the work it is doing and its needs for such vast sums of money.

A study of the following chart will give an idea of what the Red Cross is doing with the dollars you and others have given and to every red-blooded American it will show why he should give more.

THIS MAP SHOWS HOW YOUR RED CROSS DOLLAR WAS SPENT

RED CROSS FUNDS ARE USED IN MANY PLACES

National Organization Issues Map and Statement Showing Details as to Where Money Was Spent.

How did the Red Cross spend your money?

The story of where your dollar went and the dollars of the millions of Americans who helped to make up the last \$100,000,000 fund of the American Red Cross is told by a glance at the map herewith.

This map explains very vividly just why the American Red Cross is asking the nation for \$100,000,000 next week.

It shows where every dollar was spent in Europe.

It gives the answer as to why Oregon

is being asked by the Red Cross for \$100,000,000.

Total Receipts are Big.

The total of the Red Cross war fund receipts, including interest, amounted to \$110,134,360.47; the total appropriations have amounted to \$82,217,943.82; while chapters received in refunds for their military work \$17,401,069.04. On April 15th, there was available for distribution \$10,515,347.61 and this will practically all have been expended before June 1.

President Wilson appointed the present war council on May 10th of last year. The synopsis of the principal expenditures shows the following:

France	\$30,936,103.04
Belgium	2,080,131.00

CIVIL SERVICE CALLING FOR BACTERIOLOGISTS

Applicants Must Be Through College and Have Two Years Post-graduate Experience.

A call for bacteriologists, male or female, has come to the president's office from the civil service department at Washington, D. C., and the limits of the call are such that almost any one with the required experience can qualify for that branch of national service.

The salary offered is \$1800 a year or more, according to the ability of the applicant. Vacancies in the public health department, or in positions similar in requirements to that, will be filled from these applications at a higher, equal, or lower salary. Applications are to be judged by "weights," ten weights to be awarded for physical ability and the remaining 90 to be awarded for education, training and experience. For the second consideration, applicants will be judged according to sworn statements.

All applicants must have been graduated from a college or university of recognized standing in a course including biology and bacteriology, and have at least two years post graduate experience in practical bacteriologic laboratory methods. They must have attained the age of 21.

These positions are open to any citizen of the United States who meets the above requirements. All those desiring permanent appointment to the apportioned Washington service must have been domiciled in the state or territory where they reside for at least one year previous to the examination.

Applications should be mailed to the civil service commission, Washington, D. C.

CO-EDS WIN IN TENNIS FROM WILLAMETTE

(Continued from Page One.)

amette team, composed of Mary Findley and Clara Perkins and the Oregon team, Marjorie Kay and Madeline Slotboom. Oregon took this match easily by the score of 6-4, 6-2, thus winning two out of the three matches. Miss Kay and Miss Slotboom showed good team work in their playing, both of them being steady, consistent players. Their opponents were hampered by the fact that they had not played together enough to do anything but spoil each other's game, and it was soon evident that they were no match for Oregon's team.

Willamette Teams to Play Return Game

Saturday, May 26, the Willamette team will meet the University team on the University court in a return match. The doubles team will probably remain as it is, Marjorie Kay and Madeline Slotboom playing together, but the singles players may be changed owing to the fact that Miss Epping does not show up at her best against Miss Findley's entirely different style of playing.

Lucile Saunders in Salem.

Miss Lucile Saunders, telegraph editor for the Statesman, and former student of journalism at Oregon, was present at the tennis match, writing it up for her paper, and later entertained Miss Campbell at luncheon and taking her through the capitol building where the two met and congratulated Governor Withycombe on his success in the primaries.

Theta Kappa Psi Takes in Four New Members Last Night.

Zeta Kappa Psi, woman's national honorary forensic society, held initiation last evening at the Bungalow for four new members, Harriett Garrett, Ruth Graham, Eva Hansen and Rosamund Shaw.

Disbelieving in a banquet without the touch of Hoover down town, the new and old members gathered around the fireplace after the initiation services and enjoyed the delicious refreshments served by the old members who were Miss Julia Burgess, Roberta Schuebel, Helen McDonald, Amy Carson and Marie Badura.
