

## FIFTH ANNUAL FIELD DAY, UNDER W. A. A. AUSPICES, BIG SUCCESS

Letters and Trophies Awarded by Women's Athletic Association to Entrants in Events.

### CANOE RACE AT 8 O'CLOCK STARTS MANY CONTESTS

### Oregon Club Wins Hayward Cup from Kappas in Final Baseball Game.

An interesting succession of events and perfect weather made the fifth annual women's field day held this morning on the campus an entire success. Events started at 8 o'clock with the canoe race which was followed by other contests until noon when trophies and letters offered by the Women's Athletic Association were awarded by Margaret Crosby, president of the association.

Both losers and victors were cheered on by fans of each sport who gathered about each tournament and race, and offered words of advice and comfort to the players. The final game of the baseball tournament series drew the largest crowd, when the men sat upon the green and viewed in a superior way the game played with a "soft" baseball.

### OREGON CLUB GIRLS CHAMPIONS

Women's Athletic Awards Made Following Baseball Game.

The final baseball game of the series for the championship of the University and the Hayward cup was won by the Oregon club girls from Kappa Kappa Gamma with a score of 15 to 8.

Yesterday afternoon the Oregon club won from Kappa Alpha Theta with a 33-6 score and the Kappas won from Pi Beta Phi by a 16-4 score.

In this morning's game the Oregon club girls out-played the Kappas at every turn. Their batting was field and they were more sure of their field plays. Their team work was excellent.

At the beginning of the seventh inning the score stood 15 to 4. The Kappas rallied here and brought in four runs in the final inning, raising their total score four points.

Glady Smith, pitching; and Jeanette Moss on third did good work for the Kappas, while Peggy Crim, on second; Marie Badura at short stop were the stars for the Oregon club.

At the conclusion of the baseball

## ARTILLERY SEEKS MEN

University Asked to Name Recruits for Training School.

Good Knowledge of Mathematics Needed; Upperclassmen Desired.

The Coast Artillery has asked the University to name men desirous of enlisting in that branch of the service, to attend the three months' artillery training school which opens July 6 at Fort Monroe, Virginia.

The men needed are those who have a good foundation in mathematics and have studied algebra, geometry and trigonometry. Previous special technical training is helpful, but not necessary. Any special scientific training is very useful.

The University desires to send men who have had good training in mathematics and will be glad to have the names of graduates who have had the necessary foundation and would be interested. Two such men whom Karl Onthank, secretary to President Campbell, communicated with yesterday are Roy Andrews, assistant in the botany department and George Schantin.

There are also several students in the University, whom Mr. Onthank thinks should qualify. He will be glad to have them come to him for further information. Upper classment will be preferred. Students now registered under the draft law will be given the necessary papers here, inducted by the local board, sent to the Coast Artillery school and assigned to a special company where they will be given preliminary training until July 6.

## CLOSING COMEDIES RAISE MANY LAUGHS

Rosamond Shaw, John Houston Take Character Parts Well in "Prince of Liars."

"Barry Get Up" Was Amusing Trifle and Went with Much Zest.

The play offerings of the year by the class in Dramatic Interpretation came to a close Thursday and Friday evenings when under the direction of Fergus Reddie, the play "The Prince of Liars," by Sidney Grundy, and "Barry Get Up!" by Arthur Watson, were presented in Guild Hall.

"The Prince of Liars" proved undeniably amusing to the audience as a whole and exhibited most of the characteristics which are as the program noted, "so popular in our universities." But it offered very little real satisfaction to those who have enjoyed the previous productions of these classes and who were watching the final development of their season's work with interest.

"The Prince of Liars" is a farce of the older type, with many soliloquies and asides, and characters, complications and business that all had seen many times. Introduced at the outset were a married man whose wife is away, his mother-in-law who keeps such a close watch of him that even his pocket handkerchiefs are counted, and a circus rider known as the India Rubber Girl who invites herself to his home. So the onlookers are confronted with the familiar formula of the lies of an innocent hero, who seeking to extricate himself sinks deeper and deeper into his own net drawing everyone with him.

The audience laughed heartily at the farce, for literally sprinkled with types, the acting for the most part was better than the play. Most of the fun was put across by John Houston as Hummingtop, the husband, who proved the life of the party. He managed to get a good deal of originality by his diverting sidesteps and original girations. He was a very personable individual.

Mr. Houston was ably seconded by Rosamond Shaw who played the mother-in-law. She offered most of what approached the genuine characterization of the evening. The designer of her gowns deserves mention.

Cornelia Heess as the India Rubber Girl bounded about in a manner almost equaling Hummingtop. She contributed many temperamental little kicks but it was noted that she did not smoke a cigarette at the critical moment.

Joshua, mother-in-law's son, played by

## VOICE STUDENTS TO GIVE RUSSIAN MUSIC RECITAL

June 2 Date of Concert of Arthur Faguy-Cote Pupils—Mrs. Thacher to Give War Benefit.

Students of Arthur Faguy-Cote, instructor of voice in the University school of music, will appear in a recital of Russian music on the evening of June 2, in Guild Hall.

The concert of Mrs. W. F. G. Thacher, instructor of piano in the University school of music, is scheduled for June 4 and will take place in Villard Hall. Mrs. Thacher will be assisted by the University orchestra. The proceeds of the concert will go to Dr. Bertha Stuart, formerly head of the University department of physical training, who is now in France doing work among the war orphans.

Students of Mrs. Daisie Beckett Middleton, Miss Winifred Forbes and Dr. John J. Landsbury will be presented in recital in Villard Hall, June 7 and 8. This event will combine voice, violin and piano.

## DYMENT GOING TO FRANCE

Former Member of Oregon Faculty to Do Overseas Work for Red Cross.

Colin V. Dymont, director of the University of Washington school of journalism and former member of the University of Oregon faculty, leaves for France next month to enter the Red Cross service. Professor Dymont is at present in Washington, D. C., doing work for the United States fuel administration. His son, Donald Dymont, ex-'20, is now in France with the 162nd infantry (the old Third Oregon).

## MARINES WANT MEN SAYS CAPTAIN HOLT

Officer Visiting Campus to Urge Students to Enlist in Foot or Flying Corps.

Chances for Commissions Good if Men Are Willing to Work.

Captain Edward H. W. Holt of the U. S. Marine Corps, who came to Eugene yesterday for the purpose of recruiting men to be trained as officers in the Marine Corps, said yesterday afternoon that he would recommend 50 men from the University for the foot corps and six men for the flying corps.

The age limits are 20 to 30, but Captain Holt said that he would accept men who are at present 19 years and eight months. The boys enlist for the duration of the war. They report for duty as privates and if they enlist in the foot corps are sent for seven to nine weeks training at Mare Island. They apply at the end of this period to a recruiting depot to be sent to the longer training school. If selected, they are sent to Quantico, Virginia, where they take a three months' course in the officers' training school. If they pass the examinations given after this course, they become permanent officers in the Marine Corps. This applies only to the foot corps.

### Age Limit for Flying Corps 20 to 30.

Men recommended for the flying corps for which the age limits are the same as for the foot corps, are sent for a ten weeks' intensive training at the Massachusetts Institute of Technology and then for a three months' course in a flying school, after which they take an examination for officers. When men enlist in the flying corps, they are enrolled as gunnery sergeants in what practically amounts to a reserve, as explained by Captain Holt.

Captain Holt wishes to emphasize that he does not make wonderful promises to the boys, which he cannot fulfill. "It is all up to the men," he said yesterday. "They must make good, or they don't get anywhere. With a good education, they are bound to get ahead, if they apply themselves properly. College training practically means 40 points to a man in the final examinations."

Captain Holt will address the men during drill hour Monday. He is staying at the Hotel Osburn and will be glad to make appointments with anyone interested either Sunday afternoon or any time Monday. He will hold personal conferences with the boys Monday afternoon. Captain Holt leaves for Corvallis Tuesday morning.

The Marine Corps needs 1800 additional officers, Captain Holt said yesterday.

## NO STORY CONTEST ENTRIES

Gus Hurley Offers Prize of \$10 for Best Children's Tale.

No stories have yet been received for the Gus Hurley short story contest, according to Professor W. F. G. Thacher, who has charge of the contest. Two prizes of five and ten dollars each are offered for the two best stories, which are to be printed in Mr. Hurley's paper for children, "The Western Youth." The contest closes June 1.

The stories for this contest are to be written by students of the University in a style suitable for children. The stories should be about three thousand words in length and written so they can be divided into thousand word installments. Mr. Hurley will also give \$2.50 for the other stories that would be suitable for publication in his paper.

## DR. MARKS IS TO LECTURE

Physical Education Society to Hear Talk on "Ear, Nose and Throat."

A meeting of the Eugene Physical Education society will be held next Tuesday evening at 7:15 in Deady lecture room. The subject is "Ear, Nose and Throat," and will be handled by Dr. C. B. Marks.

The class in physical diagnosis is to substitute this lecture for its regular Friday 8 a. m. class, and the junior majors in physical education are asked to attend the lecture and report to Miss Harriet Thomson.

All University students and townspersons who are interested are invited to attend the lecture, which, according to Miss Thomson, promises to be very instructive.

## BATTALION CHAMPIONSHIP GAME SET FOR TUESDAY

Nines of Companies B and D to Meet at Drill Hour; Well Matched. Dalglish and Foster Twirlers.

Company B will meet Company D for the baseball championship of the University battalion next Tuesday at the two-hour drill period. The game should be some contest with Curly Dalglish opposing Hank Foster in the box. Both of these twirlers are good, and from the score of the last two contests Dalglish has the edge on his rival.

Both teams abound in heavy hitters and the only thing that will save Dalglish, as it looks now, is the fact that he knows the weak points of the Foster and Frosh batters, while Hank Foster will have to rely on his ability to outfox the company B batters.

The two infields are about even, the edge, if there is any, being in favor of Company D as they have Steers, Morrison, Campbell and Sheehy, which is almost a Varsity array. Company B has Medley, Moore, Houston and Moffatt, which is in itself a good line of ball players.

The outfields of the two teams are about evenly matched. The real contest will be between the twirlers.

## McFADDEN IS CHOSEN

Sophomore Named for Appointment to West Point.

Carter Brandon Is Alternate; Committee Has Difficulty in Selecting Men.

Carlton McFadden, a sophomore in the University and major in the department of economics, was selected this morning as the University's candidate for appointment to West Point, for the course beginning July 1. McFadden's home is in Junction City.

James Carter Brandon, of Medford, who is also a member of the sophomore class, received the recommendation of the committee as alternate for the appointment.

In view of the following telegraphic request received yesterday from Representative Hawley, it is probable that McFadden will receive the appointment from this congressional district. The telegram read:

"Can you recommend young man for appointment to West Point Military Academy who has advanced sufficiently far in University courses to be admitted as student of an accredited school, perfectly sound physically and suitable for appointment in all other respects. Must be actual resident of first congressional district and between 18 and 22 years of age and if qualified will enter academy July 1."

The University is already represented at West Point by three former students, all of whom were appointed last year. They are Wyville Sheehy, brother of James Sheehy, president of the student body; Ellis Williamson and Robert Montague.

"The committee had a very difficult time in making the selections," Karl Onthank said this afternoon. "There were several other men in the University who had every qualification, but they were not eligible for consideration either because they do not live in this congressional district, or because they do not come within the age limits. All of the men considered fell down to a greater or lesser extent in the mathematics qualifications."

On the committee had a very difficult time in making the selections, Karl Onthank said this afternoon. "There were several other men in the University who had every qualification, but they were not eligible for consideration either because they do not live in this congressional district, or because they do not come within the age limits. All of the men considered fell down to a greater or lesser extent in the mathematics qualifications."

## AMBULANCE MEN TRAIN

Seven Members of Oregon Unit Seek Commissions at Camp Lewis.

A letter recently received from Kenneth Bartlett, stationed at Camp Lewis with the University ambulance company, gives the names of seven old Oregon men who are attending the officers' training camp there. In all that makes twenty men at the camp, beside the additional five who have just been authorized to go. The seven are Sergeant Wallace Mount, Sergeant Charles Maurice, Sergeant Dave Wilson, Sergeant Ernest Vosper, Sergeant James Vance, Corporal Jay Gore and Private William Snyder.

The letter likewise says that they are on constant watch for orders that will put them on the move, and are more than anxious for such good news to arrive.

## DEAN WALKER TO BE GRADUATE MANAGER OF STUDENT SPORTS

Baseball Coach, Assistant in Football, Chosen to Take Post Now Held by A. R. Tiffany.

## TO ADOPT BUDGET PLAN OF FINANCING ATHLETICS

Man Selected Held Same Position in 1913-14; Will Keep Present Job.

Dean Walker, baseball and assistant football coach, was elected graduate manager of the University student body by the athletic council last night succeeding A. R. Tiffany who has held the office since June 1, 1914, and who did not apply for the position for next year. This is Walker's second term as graduate manager having served in this capacity during the year of 1913-14.

As coach and director of the intramural athletics of the University Walker has become well acquainted with the conditions and will be able therefore to plan for next year being guided by his experience this year. He will continue to serve as director of intra-mural activities and will also aid Bezdek in the handling of the football team.

### To Use Budget Plan.

Walker is planning to use the budget system next year in financing the teams and will base his figures upon the expenditures of this year. He plans to run the athletics of next year on as near normal basis as the war time condition will allow. "I intend to encourage and keep the athletic activities of next year as near normal as it is possible," Walker announced this morning. "In order to do this we shall have to plan our next year's program upon a budget system and allot to each sport a certain amount above which we cannot go."

In view of the fact that railroad fares have increased greatly and the war tax will have to be taken into consideration few men other than the squads, can be taken on the long trips. There is no disposition on Walker's part to skimp on trips but it will be necessary to eliminate all unnecessary expense. Oregon has two long trips this fall, one to the University of California and the other to the University of Southern California. The trip to Moscow for the game with the University of Idaho will also be quite a jump for the Varsity.

### Game With U. of W. Wanted.

It is quite possible that a meeting of the Pacific Coast conference will be held in the near future, according to Walker, at which time a war program will be decided upon. If the schedule revision comes up it is possible that Oregon may be able to arrange a game with the University of Washington.

(Continued on page two)

## NEW SPORT PLAN WINS

Intra-mural Athletics Meet Favor at U. of W.

Coach Hunt Tells of Scheme to Interest All Men in Work.

Intramural athletics have taken the University of Washington by storm, according to Coach C. J. Hunt of the northern institution, who was a campus visitor this week-end.

"Our plan is to have all of the men interested in some branch of sport all of the time," said Coach Hunt yesterday. The University now is running an inter-house baseball league with eighteen teams. Three leagues have been organized, and according to Coach Hunt, the rivalry is most keen.

The activity along intramural lines is hindering somewhat the participation of Washington intercollegiate athletics but Coach Hunt believes that by next fall things will have shaped themselves so that they can make a good showing in the Northwest conference.

The much-talked-of spring meeting of the moguls of the Northwest Conference will probably help the University of Washington, and if a schedule revision is brought up Hunt hopes to be able to get a game with Oregon for this fall.
