

## COMPANY D WINS CHAMPIONSHIP 12-6

**B Company Unable to Solve Delivery of "Hank" Foster, While Winners Pound Eddie Durno.**

### ERRORS ADD TO SCORING

**Contest Finishes Season Featured by All Kinds and Varieties of Baseball.**

Company D stepped on Company B with a martial tread and won the championship of the University baseball this afternoon by the score of 12 to 6. "Hank" Foster, who twirled for the winners, was in good form and kept his opponents safe at all stages of the game. Eddie Durno, who was on the mound for B company got away for a good start but was unable to keep up the good work.

**Three Innings Fast.**  
The first three innings were whirlwinds. Company B got one hit and one run, while D failed to enter either the hit or run column. The D company batters got to Durno in the fourth and sure did kiss that apple. Four runs were scored in this frame on three hits, two errors, a sacrifice, and a hit batter. In the sixth inning D company held another celebration, scoring seven runs on four hits, a walk, a hit batter, and three errors.

Morrison, lead off man for Company D, got the best average of the day. Out of five trips to the plate he walked twice got one hit and scored three runs. Gamble and Steers both scored two runs out of three times up and "Cork" Young got two out of four. For Company B Lind gathered two hits out of three times up and scored one run. He was the only B company batter to get two hits.  
**Game Finishes Season**  
Eddie Durno fanned twelve of the D

## CLASS ELECTION NEXT

**Nominees to Be Wednesday at Assembly Hour.**

**Harold Grey and Billy Morrison Out for Presidency of Senior Class.**

Junior, sophomore and freshman classes will meet Wednesday during assembly hour, when nominations for class officers will be held.

Harold Grey and William Morrison will be nominated as candidates for president of the senior class, in the junior meeting in the Oregon building. Helen Downing has been announced as a possible candidate for the secretaryship, and so far has no opponent. Entries in the race for vice-president and treasurer have not been announced.

Harry Jamieson and Jack Dundore are the candidates for president of the junior class and will be nominated at sophomore class meeting in Guild hall. Era Godfrey, candidate for secretary, and Gladys Smith for vice-president, are unopposed so far. Herald White is the only entrant in the race for treasurer.

The freshmen, in Villard, will nominate John Kennedy and Clarence Moffatt as candidates for presidency, of the sophomore class. Madeline Slotboom is the only candidate at present for the office of vice-president. Pearl Davis and Theodora Stoppenbach have been named as candidates for secretary.

Martha Sichel, Carl Weigel and Odine Mickelson all aspire to the office of treasurer.

Elections will be held the Friday after nominations.

### OREGON GRADUATE VISITS HERE

**Harold Fitzgibbon, '17, Member of Medical Corps, Here for Week-End.**

Harold Fitzgibbon, '17, was a week-end visitor on the campus. He is a member of the Medical Reserve Corps and expects to leave for New York soon. Fitzgibbon graduated last year in the pre-medical department of the University and has since been studying at the University of Oregon School of Medicine in Portland. He is a member of Beta Theta Pi fraternity.

## COLONEL LEADER HOME FROM PUBLICITY TRIP

**Visits Tacoma, Camp Lewis, Portland; Delivers Commencement Address at Klamath Falls.**

Colonel John Leader returned from one of the most extensive publicity trips he has yet taken in the interest of the University.

Leaving late week before last, he went to Tacoma and Camp Lewis on military business and inspection; he was next in Portland on business with the State Council of Defense, of which he is the head. A commencement address at Klamath Falls constituted his next engagement, and yesterday he spent in Medford, delivering talks to the high school and other organizations. Other high schools in the southern part of the state will also be on his itinerary.

According to Karl W. Onthank, secretary to the president, if Colonel Leader has 48 hours in each of his days he would still be entirely unable to fill the engagements for which he is constantly requested, so popular has he become with people all over the state. Already six towns have put in bids for his time on July 4, and the office is constantly receiving requests for his services out over the state.

"He is doing the most excellent propaganda work for the war, not only for the United States but for England as well," said Mr. Onthank, and if he had never accomplished anything else—if he devoted his entire time to that sort of thing—he would be more than worth while for the remarkable good which he is constantly doing. For the University he has done uncalculated good."

## Y. M. WANTS DRUCKER AS WAR ZONE WORKER

**Communication Received from Philological Society by F. S. Dunn, Asking for Man.**

**Professor Hopes to Work with Raymond Robins in Russia.**

Professor A. P. R. Drucker, who during the past year has been taking Dean D. W. Morton's place in the school of commerce, has responded to the call sent out by the Y. M. C. A. through the American Philological society for workers in the war zone.

Professor F. S. Dunn, head of the Latin department, received the communication from the society, which is composed of faculty men of the United States interested in languages and literature, asking for recommendations and he immediately thought of Mr. Drucker as admirably fitted for the work, both on account of his knowledge of the European languages and his experience in social welfare work.

Though nothing definite has been settled yet, as it takes time for the correspondence and routine work to be done, Professor Drucker said yesterday that he intends to go if proper arrangements on certain points can be met.

"If I go," he said, "I presume that I will be sent to France, but if possible I should prefer to go to Russia. I am not sure that any Y. M. C. A. work is being done there now, though Raymond Robins is still in Russia doing Red Cross work. There is nothing better that I should like to do than work with him."

Mr. Robins, who is a personal friend of Professor Drucker, comes from Chicago where he spent his time and for the Polish peoples in the tenements.

If Professor Drucker cannot go to Russia, he said that he would prefer then to go to some of the Slav countries of the Allies in the eastern front, since he knows their languages and characteristics.

### FARRINGTON OFF TO JOIN NAVY

**Phi Delta Theta Frosh, Left Sunday for Bremerton Navy Yard.**

Paul Farrington, a freshman in the University, left Sunday evening for the Bremerton navy yard to enlist in the naval reserve. Ray Dunn, who has been in the service for the last year, went with him. Both are members of Phi Delta Theta.

## MATHEMATICS MAY BE REQUIRED NEXT YEAR

**Faculty Committee to Present Matter of Compulsory Work in Military Science Courses.**

**West Pointers Recommending Study of Trigonometry and Geometry.**

Faculty officers, Karl Onthank, E. S. Bates, Dean Walker, Hamilton, J. F. Bovard and Eric Allen of the University battalion met with Professor E. E. DeCou, head of the mathematics department, yesterday afternoon in Dean Allen's office to discuss the advisability of recommending that the faculty make mathematics one of the required military courses for next year. At the faculty colloquium a week from next Thursday President P. L. Campbell will be present and the matter can be definitely settled.

"Mathematics is more fundamental than anything else if the men desire to go into the service as an officer," said Professor DeCou. "The well-equipped in mathematics has a big advantage."

### Math. Essential in Artillery.

If this measure goes through the minimum amount of math to be required by the University will probably be college algebra and trigonometry and especial attention will be paid to Class A men and men under draft age. Trigonometry is vitally essential to an officer in artillery.

The United States Military Academy at West Point requires an hour and 35 minutes to be spent in the mathematics section room each day. Wyville Sheehy and Robert Montague, both former students who are now at West Point, say that it is the most important subject in the curriculum.

### Sheehy Recommends work.

Sheehy says "Mathematics is the all-important subject to be mastered. Thus far we plebes have gone through very thorough courses in plane and solid geometry, algebra and plane and trigonometry, conic sections and surveying—and all of this since last September too."

The general viewpoint of the faculty seems to be that the men need the mathematics and the subject will probably be made compulsory.

## UNIVERSITY GRADUATES APPOINTED AS TEACHERS

**Eleven Oregon Men and Women Get Positions in High Schools.**

Eleven graduates and seniors of the University have been elected to positions in the schools of Oregon and other states, according to the latest report of the education department. The list is: Ruth Lawrence, re-elected a principal at Colton, Oregon; Alice Vander Sluis, elected supervisor of music at Medford, Oregon; Elizabeth Carson, elected to teach English, history, Spanish and Latin at Gold Hill, Oregon; Gladys Conklin elected to teach physical training at Eugene; Mrs. Helen Braucht Maurice elected to teach English, botany, singing and instrumental music at Vernonia, Oregon.

D. W. Boitnoit, elected principal at Heppner, Oregon; Leola Ewbank, elected to teach Spanish and Latin at Redmond, Oregon; Clarie Deyoe, elected to teach at Harrisburg, Oregon; Agnes Elteach at Steamboat Springs, Colorado; Bott elected to teach at Goldendale, Washington; Allen Rothwell, elected to and Ida Johnson, elected to teach in the commercial department at Seaside, Oregon.

### FOSTER CAPTAIN OF TRACK

**Montague and A. Runquist Only Letter Men This Season.**

Henry Foster, high-point man for Oregon against O. A. C. this year, was elected track captain for next year at a meeting of the letter men yesterday. Foster's specialties are the sprints and the broad jump. He won the 100 yard dash and the broad jump against the Aggies.

The only other letter men are Jack Montague and Albert Runquist. In order to have the records made complete Jack Montague was elected captain for the season just closed. No Varsity men were on hand to begin the season and so no captain was elected then.

## MISS FORBES TAKES PORTLAND POSITION

**Instructor in Violin Will Be Head of Department in New Ellison-White Conservatory.**

**School Is Under Direction of William Robinson Boone, Organist.**

Miss Winifred Forbes, instructor in violin and director of the University orchestra, has accepted the position of head of the violin department for next year in the new Ellison-White Conservatory of music, just established in Portland under the direction of William Robinson Boone.

The conservatory will have departments of piano, voice, violin and dramatics, all to be under teachers of recognized ability throughout the country. Mr. Boone, who will head the school, is one of the leading organists of the Northwest and stands high in musical circles in Portland and Oregon.

The bringing of Leopold Godowsky to Portland this summer to give a series of lectures and classes is the first effort of the Ellison-White company in support of the furthering of musical education, and speaks well for its strength, according to Miss Forbes.

Miss Forbes will go to Portland at the close of the college year here and will teach in Mr. Boone's studio during the summer.

"I dislike to think of leaving my many friends here and giving up this work which I have enjoyed so much," said Miss Forbes this morning, "but I have wished for some time that I might work in a city, where there are more broadening influences and for that reason, I may say, I am glad I am going to take up this new work."

No one has been selected to fill Miss Forbes' place next year, Dr. J. J. Landsbury said today, but the appointment will be announced soon.

## OREGON INSTRUCTOR GETS BEAUX ARTS MENTION

**Clinton Baldwin Given First Honors at School for Design of Country Chapel.**

Clinton Baldwin, instructor in pen and pencil in the school of architecture, recently received first mention from the Beaux Arts Institute of Design, New York, for an architectural design of a country chapel. The judging was held May 3, in New York, and the results were received by Dean A. H. Lawrence yesterday.

Mr. Baldwin was a student in the University school of architecture in 1916. Two months ago he returned to the campus to take the place of Frederick Tritsch as instructor in pen and pencil. He designed the Liberty Temple, in Portland, which was put up during the fourth Liberty Loan campaign. This is the sixth first mention accorded to the work of University or Oregon architects by the Beaux Arts Institute of Design during the year.

Oregon students receiving honorable mention at the same judging in New York are Lorin Ellis, Hollis Johnston, Horace Foulkes and Irving Smith.

### KANZLER GETS NO ORDERS

**Telephones Major Allen He Has no Authority to Leave Camp Lewis.**

Captain Jacob Kanzler telephoned long distance to Major Eric W. Allen yesterday that he had not yet received orders from Washington giving him authority to leave Camp Lewis and that there was nothing he could do to hasten government action. He seemed anxious to come, Major Allen said, but must await orders from Washington. No possible date of his arrival can be conjectured, Major Allen says.

### BATTALION TO BE IN PARADE

**Anyone Not in Line on Memorial Day Will Get Two Cuts.**

The University battalion will form at the men's gymnasium at 10:00 Thursday morning to join in the Memorial day parade. Announcement was made at drill yesterday that anyone not present in line Thursday would be given two cuts.

## MONEY FOR WAR FUND TO BE MADE AT LUNCHEON

**Woman's League Will Serve Cafeteria Meal at Faculty Picnic Thursday.**

To earn money for the University women's war fund, the Women's league of the University, will serve a cafeteria luncheon Thursday noon to faculty members at a faculty picnic which will be held in Hendricks Park.

Dorothy Flegel, president of the league for next year, and Helene Delano, have charge of the luncheon. They will appoint a committee of five girls to take charge of buying the food, transporting it to the park and serving it.

There will be baked beans at 10 cents a helping, pork sausages two for a dime, buns two for a nickel, coffee five cents a cup, pickles a cent apiece, paper plates a cent and perhaps sugar and cream for the coffee at five cents.

According to Dorothy Flegel, a good meal will not cost more than 35 or 40 cents. This is cheaper than one could prepare a luncheon at home and besides saving time and labor by purchasing lunch from the Women's league one will be aiding a good cause.

In case it rains Thursday, luncheon will be served at Dr. George Rebec's home where a large porch will serve as ample shelter from showers.

## CRICKET EQUIPMENT SHIPPED TO CAMPUS

**Practice on New Game Made Possible by Portland Club which Sends Paraphernalia.**

**English Sport to Be Last Event for Year; Baseball and Track Men May Play.**

Dean Walker yesterday received word from a member of the old Portland cricket club saying that the club had shipped its cricket paraphernalia to the University to be used in a cricket game between University teams in the near future. Coach Walker has not received notice of the arrival of the shipment in Eugene yet but expects to receive it within the next few days.

Practice in the art of playing cricket and the selection of two teams to play the exhibition game will begin with the arrival of the apparatus and the return of Colonel Leader, according to Coach Walker. It was upon the suggestion of Colonel Leader several weeks ago that cricket will be introduced into University sports. As he is practically the only man on the campus who fully understands the game his presence on the practice field will be necessary as the sport will be practically new to every one of the men who will turn out to make the teams.

### Men Urged to Answer Call.

It is probable, according to Coach Walker, that the two teams will be selected from this season's varsity and frosh baseball teams as they are practically the only two athletic groups now in school and as the men of the teams are in better athletic trim than others. Every man in the University is urged to answer the call for cricket players, however. The game calls for 11 men on each team.

Colonel Leader has written to England for cricket paraphernalia for permanent use at the University but as the shipment could not reach the University before school would be out the Portland cricket club members donated the use of their equipment to the University. The club is now inactive but in past years was a live organization and cricket games were prominent on the sport program of the Rose City.

### Sport Critics Comment.

News that University athletes were going to play cricket has received comment from sport critics from all parts of the state so that it is probable that the exhibition game which will be staged in the near future will attract a large crowd. School athletes are anxiously awaiting the arrival of the cricket apparatus so they can begin practicing the English sport. The cricket game will be the last event on the University sport program this year as both baseball and track seasons have been completed and the Women's field day was held last Saturday.

## 116 TO GRADUATE, 82 WOMEN IN LIST

**Fourteen of Number Major in Mathematics; Seventeen Are in English Literature.**

**Many Applying for Degrees to Be Absent in Military Training Camps.**

One hundred and sixteen seniors have filed their applications for degrees, according to the latest figures at the registrar's office. Of this number 82 are women and 34 men.

Seventeen of these claim English literature for their major subject, while 14 have majored in German, and 14 in mathematics. Commerce has four enrolled and economics has the same number. Total enrollments for other departments follow: History, 10; journalism, 5; Latin, 5; romance languages, 5; education, 5; physical education, 4; zoology, 3; architecture, 3; public speaking, 3; rhetoric, 3; botany, 2; physics, 3; Greek, 2; music, 2; art, 2; chemistry, 1; and political science, 1.

All of those applying for a degree will not be here at commencement time, for many of the men have left recently for various training camps.

The list of applicants with their home addresses, and major subjects follow:

Raymond Nelson Allen, Eugene, chemistry; Ellen Mae Anderson, Portland, Latin.

Walter R. Bailey, Springfield, history; Lillian May Bancroft, Eugene, mathematics; Mary Withycombe Bane, Eugene, English literature; Charlotte Jane Banfield, Portland, English literature; Selma Bauman, Paul, Idaho, German; Anna Landsbury Beck, Eugene, English literature; Larue Blackaby, Ontario, Commerce; Lillian Lucille Bohson, Portland, romance language; Elmer George Boyer, Rickreall, history; Edythe Flora Bracht, Eugene, education; Arlo B. Briatow, Eugene, public speaking; Mildred Clara Broughton, Portland, romance language; Lurline L. Brown, Lebanon, German.

Harold Haseltine Cake, Portland, Physics; Jeanette Calkins, Eugene, journalism; Cleome Carroll, Eugene, art; Amy Elizabeth Carson, Springfield, public speaking; Elizabeth Huey Carson, Hood River, mathematics; Louise Clambey, Caldwell, Idaho, Botany; Dorothy Collier, Eugene, English literature; Gladys Conklin, Eugene, physical education; Sabra Conner, Portland; Ray M. Couch, Island City, commerce; Margaret Frances Crosby, Riddle, English literature.

(Continued on page two)

## ORAGANA DUE MONDAY

**1918 Annual Now on Press Will Be Distributed June 3.**

**Holdup of Cuts at Engravers' Cause of Delays, Says Helen Brenton.**

The long-looked for 1918 Oragana is at last in sight and Monday is the day set for its arrival. With four members of its staff now in the service, all the work has fallen upon one or two workers. "The printers," said Helen Brenton, editor, "are working full time and I am sure the book Oragana will be off the press this week."

Sample copies of the Oragana will be taken to the different houses on the campus Sunday, and Monday 100 copies will be placed in the Co-op for distribution. "There are 300 pages printed now," said Jack Dundore, business manager, "the remaining 100 pages can easily be printed this week. The feature and military sections are among the 300 printed pages."

In the absence of Dwight Wilson from the campus, Jack Dundore will act as distribution manager. Dwight is the fourth member of the Oragana staff to leave for the service. The other three were Jimmie Vance, George Cook and Harold Newton. Harold Grey will act as assistant distribution manager.

The Oragana could not be printed for Junior Week end this year because many of the cuts were held up at the engravers in Portland.
