

Eyes for Business

It is waste of time to be constantly changing glasses. This can be avoided by having both FAR and NEAR sight in one lens. Such glasses are called

BIFOCALS

They are indispensable to the busy man or woman who needs glasses for near work. Instead of blurring the distance vision, they improve it. They also

REST THE EYES

The exact fitting and adjustment of Bifocals is particular work. It pays to have important things done right. So, those who care, go to

SOCIETY NOTES

Mrs. Raymond Walsh (Jennie Fry) of the class of 1912, now living in Sacramento, California, where her husband, also an Oregon student in the class of 1911, is assistant division engineer of the Southern Pacific, spent the week in Eugene at the Delta Delta Delta house. Other alumnae guests at the Tri Delta house this week are Josephine Moorhead Lilburn, graduate of 1915, who taught music in Roseburg for two years after completing college, and Norma Graves (1914), who headed the English department of the Pendleton high school for two years and is now living in Portland.

The Y. W. C. A. Cabinet enjoyed a most delightful house party in the Chambers cottage on North Washington near the Willamette river the Tuesday, Wednesday and Thursday preceding the college year.

Business and play were combined. Cabinet sessions were held each day and the year's work outlined. After business hours, the girls enjoyed canoeing, swimming and tennis.

The Advisory board and some faculty folk spent Wednesday afternoon with the Cabinet members as hostesses. And the same evening Mrs. L. R. Kerns entertain the house party with a campfire.

Those who were able to return early for the party were Miss Tirza Dinsdale, general secretary of the campus Y. W. C. A.; Essie Maguire, president; Frances Elizabeth Baker, secretary; Helen McDonald, treasurer; and the chairman of committees, MaBl Weller, practical service; Joy Judkins, meetings; Ami Legus, missionary; Mellie Parker, social; Kitten Johnson, association news; and Dorothy Fliegel, Bible study.

The first week activities came to a close Saturday night at the student body informal dance held in the Eugene armory. Preceding the dance the different women's organizations on the campus held open house for the men. At ninety-three over three hundred couples were dancing on the armory floor. In the receiving line were: President and Mrs. P. L. Campbell, Colonel and Mrs. W. H. C. Bowen, Col. and Mrs. John Leader, Dean Louise Ehrmann and Dean and Mrs. John Straub.

Coming as a surprise Friday night was the announcement of the engagement of Lucile Stanton, a senior in the University and a member of Kappa Kappa

Gamma, to Joe Trowbridge, enrolled this year in the Students' Army Training Corps on the campus and a member of Phi Gamma Delta. Miss Stanton is a major in the school of commerce and last year was president of the club organized by the students of that department. She is a sister of Glenn Stanton, who last year was president of the Architecture club on the campus. He is now in the service. Miss Stanton's home is in Humboldt, Ia. Trowbridge graduated from Jefferson high school, Portland, two years ago, entering the University last year as a freshman.

FOUR MINUTE MEN TRAIN

Members in Prof. Prescott's Class Get Real Practice.

Under the supervision of Professor Robert W. Prescott of the public speaking department, a four minute speakers' class will be organized on the campus, the purpose of which is to put before the students new war propaganda from time to time. The Public speakers throughout the nation have promised to take up this work and it is in the interest of this movement that Professor Prescott is giving his assistance. This four minute speakers' organization offers an opportunity for real individual help in the present war situation.

All students are encouraged to register with Professor Prescott in this work, and should it be desired he will give one credit to any person who gives a weekly speech of four minutes duration throughout the term. Should the individual be successful in his speech making for the period of this three months he will upon Professor Prescott's recommendation be awarded a bronze insignia of merit which will be issued by the government.

LIBRARY APPOINTS STAFF

The new regular members of the University Library staff are Mrs. Ernest Vosper (Helene DeLano), Dora Francis and Corabel Bien. The student assistants are Mrs. Minnie Johnston and Marjorie Dresser. Charlotte Patterson, also a student of the University, will have charge of the University high school library.

DISPLAY FRENCH POSTERS

The University Library recently received several French war posters from representatives of the French government in Washington, D. C. These posters advertise the third Liberty loan of France, in 1917.

REV. A. M. SPANGLER FATHER OF "Y" BOYS

Association in New Quarters in Friendly Hall in Care of Eugene Pastor.

Quartered in the south end of Friendly hall the University Y. M. C. A. is at work to a greater extent than ever before. Every day Rev. A. M. Spangler, who is acting secretary until a regular war camp secretary is secured, is looking after the interests of the men, passes out countless numbers of the red triangle sheets of writing paper and envelopes to the members of the S. A. T. C. Mr. Spangler is also in the postal business having a fine assortment of stamps for sale and reports a net profit of seven cents as a result of the first day's sales.

The moving of the Y. M. was made necessary by the change of Dr. F. G. G. Schmidt's class room. The room formerly occupied by Dr. Schmidt is to be used by Colonel Leader for the civilian training camp. Dr. Schmidt is now located in the former home of the Y. M. where he will hold his classes in German.

Piano and Billiard Table In.

The new quarters in Friendly hall are being put into first-class shape. The Y. M. has taken over the piano that belongs to the men of Friendly hall, and it has been kept busy since the first students arrived. A billiard table has been loaned by T. C. Luckey of the Club Cigar store and is installed in one of the rooms.

It is hoped by the officers of the campus Y. M. that a "hut" will be built here such as is found in the other cantonments of the country. Herald White and Alexander G. Brown left the campus yesterday afternoon, for Portland, where they will place the plea of the Y. M. before a committee in the hope of getting not only a "hut" but also a war secretary.

Magazines Are Contributed.

Several of Eugene's patriotic citizens have come to the front and offered to help provide magazines. The following firms and individuals have been listed, each contributing at least one magazine each issue: Allen's Drug Store, Church and School Publishing company, Jim the Shoe Doctor, A. R. Goodside, Schwarzschild's Book Store, Coe News company, J. F. Allan and Fred Ludford.

CAN TRY FOR WEST POINT

Competitive Examinations will be Held October 12, Announcement.

Special competitive examinations to obtain registration of all eligibles for special appointment to West Point are authorized, to be held at the University in a telegram received by President Campbell from Ronald C. Glover of Salem. The examinations are to be held October 12 and will be open to all qualified applicants. The successful candidate will receive his appointment for West Point the first of November.

The candidate must be a resident of this congressional district, between 17 and 22 years old, and able to pass both the physical and mental tests. Those desiring to take the examination are asked to notify the president's office at once.

PEP TEST IS PROMISED

A student body rally will be held in Villard hall Wednesday morning at ten o'clock in place of the usual assembly.

Paul Spangler, '19, who has been elected vice-president of the student body at the joint meeting of the Student Council and the executive board to fill the office left vacant by George Taylor will be installed at this time.

It is not known whether Charles Comfort, president-elect will be installed or not. It is not definitely known whether he can even accept the position offered him as he is not yet registered in University work. "Chuck" is so busy instructing O. T. C. in military drill that he has but two hours during the day for regular class work, and these come in the afternoon. Sadly enough, after a long interview with Dean Straub, he has discovered that there are just two courses at these times: One in accounting and one in domestic arts. "Chuck" doesn't know at which to spend his time in order to be considered a University student and thereby fall heir to the honors offered him.

Along the installation there will be a song fest, filled with good old Oregon spirit and talks from the faculty. "Bill" Hayward and "Shy" Huntington are expected to appear with some peppy information in regard to the prospects of our nineteen-eighteen football squad.

Ed. Durno defeated Leith Abbott by one vote for presidency of the sophomore class this afternoon

NEW MEN JOIN FACULTY

Additions both in faculty and in space have been made in the home economics this year with the home economics department. Miss Helen Rhodes, instructor in the art department, is also associated this year with the home economics department and is instructor in the class in the home and home decoration. Miss Antoinette Shumway, as graduate of the University of Washington, is assistant to Miss Lillian Tingle both in the textiles and sewing classes and in the cooking classes.

Criticism Course Offered

A course in criticism is to be offered again this year by Professor Mabel Holmes Parsons, in place of the course in current war themes that was scheduled to be given. The class will meet Tuesday and Thursday at 9 o'clock. There was not a heavy enough registration in the war themes class to warrant its continuation, and many were eager to take up the work in criticism.
