

# COL. LEADER AIDS O. T. C. EXTENSION

## Military Men Meet in Portland to Plan for 10,000 Citizens to Train.

Plans for the extension of the Oregon State Officers' Training Camp throughout the state were formulated at a meeting of military men this week in Portland, at which Lt. Col. John Leader, Commandant of the Oregon State O. T. C., was present.

There are over 10,000 men in the state who have asked to take advantage of the Oregon State O. T. C. This is to be accomplished by dividing the state into four areas, and dividing these four areas each into twenty-five sub areas, thus making 100 sub-areas. By splitting the state into the small areas each sub-area can be under the command of a graduate from the Oregon State O. T. C. at the University of Oregon.

**Each Area Supervised**  
Each area will be under the supervision of a military man who will be directly responsible to them. They will be inspected as constantly as possible by the members of the Oregon State O. T. C.

The course will be for the period of six months and at the beginning the applicants will be sworn in as members of the Oregon State Officers' Training Camp. There will be penalties inflicted for absence at parades, etc. All of those who receive certificates will be recommended to one of the three central Officers' Training Camps. If vacancies occur in the National Guard in the state, members of the Oregon State O. T. C. will be given a second lieutenantcy.

**\$5.00 Covers Course**  
There is a fee of \$5.00 for the six months course. This is necessary to pay for the traveling expenses of the inspectors from the O. T. C. staff at the University of Oregon. There is also a fifty-cent fee, half of which goes to the local organization and half to the commanding officer at the University of Oregon.

Three evenings a week of two hours each, Saturday afternoon and a few hours on Sunday are required as the necessary work.

The high schools throughout the state may take advantage of this course. The details for the high schools have been worked out with E. L. Carleton, assistant state superintendent of public schools. Mr. Carleton made the trip from Salem in order to have a conference with the military authorities at Eugene.

The uniforms for the extension O. T. C. will be khaki colored and may be either coveralls or a two piece uniform.

Canvas gaiters and the campaign hat will be worn. There will be the Oregon seal and medallion on the collar of the uniform.

The subjects taught at these training camps are listed in the following: Military, which will be gotten through the Home Guards, field engineering, trench construction, trench warfare, tactics and strategy, signalling, musketry, bayoneting, bombing, French, military organization, mathematics, principles of campaigning, camouflage, physical training, topography, law, administration, gas school, machine gun school, first aid and officers' school.

# COMFORT URGES SUPPORT FOR ALL CAMPUS ACTIVITY

(Continued from page 1.)

football work and urged men to turn out for both. He explained that all will have a chance to show their worth, and that there is a big need for everyone to try out.

**Health Reports Required.**  
Those who do not hand in health reports are to be sought out, according to the report of Captain John F. Bovard, chairman of the campus health committee. For those people who have no means of reporting the condition of their health as organizations, there are to be health cards presented to them at their morning classes. These are to be filled out and handed to the professor in charge of the class, or the person will be traced down.

"It is absolutely essential that we know the condition of every student's health in order that we may meet the inquiries that come to us," stated Captain Bovard. "We are trying to find the centers of trouble so that we may stop the trouble at its source."

It was announced that the band men would stand the same chance as other men in the S. A. T. C., when it comes to recommendations. Many have inquired about this point before agreeing to sign up in the band work. President Campbell assured those who wished to take up the work that every chance will be given them to make good.

**Student Tickets Out.**  
Student body tickets are on hand at the registrar's office, and may be had if registration fees have been paid, according to an announcement of Dean Walker.

Lyle McCroskey led yells for the different speakers and a final "oskie" to instill spirit. The yells which were weak at first swelled to a creditable volume, as soon as the freshmen caught on to the swing of them.

## NEW INSTRUCTOR IS HERE

Miss Elizabeth Hogg, formerly of the Belnke-Walker business college, of Portland, has arrived at the University and will take charge of new sections in shorthand and typewriting on Friday. Miss Hogg was with the Portland school for three and a half years. Dean D. W. Morton, of the school of commerce asks all students wishing to take these courses to make arrangements at his office Friday morning.

# DR. SHELDON OFF ON EXTENSION TOUR

## New Plan Adopted to Devote One Faculty Member to Lecture Trips.

Dr. H. D. Sheldon, dean of the school of education, left Tuesday for an extended tour of the southeastern counties of Oregon. While away he will visit and speak at the county school institutes and make extension lectures. Following is Dr. Sheldon's institute itinerary: Enterprise, October 9-11; Heppner, October 13-15; Condon, October 16-18; Madras, October 21-22; Burns, October 24-25; Lakeview, October 28-30; Hillsboro, November 5-6; Pendleton, November 25-27.

This is the beginning of a new plan recently adopted by the school of education which provides that each quarter one member of that department shall make all the extension trips throughout the state, teaching no classes at the University. Instead of the old plan of different persons making the trips, causing confusion in his classes at the University, as well as not always giving satisfaction at the extension places.

This term Dr. Sheldon has charge of the extension work and will not teach classes at the University. Professor C. A. Gregory will take the extension lectures during the winter term, and Dr. B. W. DeBusk the spring term.

In addition to his regular extension work, Dr. Sheldon will also speak for the Northwest division of the Red Cross on "What the Teachers of the State Can Do for the Army."

## ALL WILL GET EMERALDS

**Circulation Causes Trouble; Missing Papers Will Be Delivered.**

Due to inability to perfect the delivery system of the Emerald because of difficulty in securing reliable delivery boys, Harris Ellsworth, business manager, has made arrangements whereby Emerald subscribers who do not get their papers may obtain them by calling at either the University office of the Emerald or the Eugene Guard editorial rooms.

Ellsworth enacted something new in the annals of Emerald business managers when he was compelled to deliver part of the Emeralds of the Tuesday evening edition on his own bicycle.

## CAN TAKE WEST POINT TEST

**McArthur Wires S. A. T. C. Multnomah Boys May Take Examinations Friday.**

Oregon student members of the S. A. T. C. whose home address is within Multnomah county will be eligible to take examinations for entrance to West Point Friday morning at 10 o'clock, according to word received by the military authorities here from Representative "Pat" McArthur, of Portland. The examinations will be held at the High School of Commerce, Portland.

## FLARING POSTERS WARN

Posters in bright orange with flaring black headlines warning everyone to "Prevent Influenza" have been put up in prominent places all over the campus, with directions on how to prevent the spread of the malady.

Every member of the faculty, furthermore, beginning today, has been directed to fill out a complete health report for each member of his classes who is not reported from some housing group. In this way a complete check of health condition is kept.

## Red Cross to Remain Open Under Special Permission

The local chapter of Red Cross by a special permit from the health officers will remain open to a limited number of workers. This is arranged to permit the local chapter to finish their quota of surgical dressings. As only a limited number are permitted, it is urged that the trained workers respond and all finished knitting will be received, those knitters from out of town may send their work the same as before, but anyone suffering from illness or the slightest cold are requested to stay away.

## Liberty Day Sing Program For Friday Is Called Off

Because of the danger of spreading Spanish influenza incident upon public gatherings at this time, the Liberty day sing, which was scheduled to be held in the armory Friday evening, has been called off.

# ORCHESTRA STARTS WORK MONDAY NIGHT

## Mr. Barron Wants 30 or 40 Musicians; All Urged to Turn Out.

One of the college activities which has resumed its work for the year is the University Orchestra, which meets every Tuesday and Thursday from 7-9.

The orchestra this year is under the direction of Professor Robert Barron, instructor in violin, who takes the place of Miss Winifred Forbes. Professor Barron is a student of Listemann and Max Fischel, and has taught for five years in the Sherwood Music School in Chicago. He has also had intensive concert experience.

Professor Barron is very anxious to have a large orchestra, 30 or 40 pieces if possible. He has already a pianist, two cellists, string bass, and bass violin, with six firsts and eight seconds. Everyone who has an instrument or is interested in the orchestra is urged to come out. Professor Barron will be in his studio in the Music hall every school day from 10:00 a. m. to 4:00 p. m. and will be very glad to meet any applicants at that time.

The orchestra is rightly called the University Symphony Orchestra, and will form the nucleus for the Eugene Symphony Orchestra, which organization will also be under the direction of Professor Barron.

Monday evening at 7:30 there will be a meeting in Professor Barron's studio in the Music hall of all the music teachers in Eugene, at which time the Eugene Branch of the Oregon State Music Teachers' Association will be formed.

# OUTLOOK GOOD FOR WOMEN'S GLEE CLUB

## Miss Eleanor Lee of Pomona is Director for This Year.

Tryouts for the Women's Glee Club for this year were held this afternoon at 5 o'clock in Miss Eleanor Lee's room in the music hall, and will be held again tomorrow afternoon at the same time.

The prospects for the club this year are unusually good, as there are a greater number of girls registered in college than ever before. There is also a rather large nucleus of old members with which to build up the association. At least ten places are to be filled for the new club, but if a large amount of good material shows up, it may be that the usual number of twenty-four members will be increased. There are vacancies in all the sections, so first and second sopranos and first and second altos are needed.

Melba Williams is president of the club this year and Emma Stephenson secretary.

Miss Eleanor Lee is director this year and is very enthusiastic over the prospects for a good club. "There is a fine showing of old girls out and I'm sure that when we have our new members we will have a better club than ever," said Miss Lee. She is a new instructor at the University, coming from Pomona, California, the same school at which Dean Lyman, former glee club director, is now teaching. All girls are urged to try out.

## HELP ASKED FOR Y. W. C. A.

**Government Wants Hostess Houses Built Near Cantonments.**

Hostess house advertising materials in the form of numerous attractive advertising posters, pamphlets and stickers bearing the blue triangle, sign of the Y. W. C. A., and prepared especially to be pasted on writing paper, were received Tuesday at the Y. W. C. A. bungalow, hostess house for the S. A. T. C. and Officers' Training Camp. "Put your dollars and your faith in the girls in America's great second line of defense," is the message on one of these printed slips. "War calls women and girls, as well as men, into service," declares another. One folder contains material answering the question, "What is a hostess house?"

"In spite of this constructive attitude toward the social life of the camp," says the pamphlet, "it is impossible for the government to provide for such a specialized need. It is therefore asking the work council of the Young Women's Christian Association to erect and conduct hostess houses within or in the immediate neighborhood of cantonments which will serve as one center of home life available to all men in the camps."
