GRADUATES FILL 80 TEACHING POSITIONS

University Appointment Bureau Finds Demand Greater Than Supply

The appointment bureau of the university of Gregon nas filled a total of 80 vacancies in the schools of the northwest for the present school year, according to the latest reports from that office. Calls for teachers have been coming in since last February, many of which the appointment bureau was unable to fill because the demand for instructors is larger than the supply.

Of those who have obtained appointments, 44 were members of the 1918 graduating class and the remaining 36 were graduates of other years who had pleed their names with the appointment bureau here. Calls have come in from the schools of Oregon, Washington, California, Montana, Idaho, and Wyoming. Teaching appointments have been mde for every call as long as there were people for the places but many of the positions could not be filled from here.

The following report, which is based on the latest available information, is a list of the elections to teaching positions of the graduates of the university who have registered with the appointment bureau:

Clip Out These Songs and Learn 'Em

Do you know the words to Oregon songs, freshmen? Or do you merely hum in an animated manner when words fail you? Taking it for granted that you do hum, judging you, to tell the truth, by uupper classmen, the following words are printed with the suggestion that you clip them and preserve them close at hand for reference, or better memorize them

MIGHTY OREGON

"Oregon, our alma mater, We will guard thee on and on. Fellows, gather round and cheer her. Chant her glory, Oregon. Roar the praises of her warriors; Sing the story Oregon; Down the gridiron urge the heroes Of our mighty Oregon."

MARCH, MARCH ON DOWN THE

FIELD. "March, march on down the field, Fighting for Oregon, Plow through the Aggies' line Their strength we defy. We'll give a long cheer for Shy's men. We're out to win again; O. A. C. may fight to the end, But we will win."

ON, OREGON

On, Oregon; On, Oregon, Plow right through that line; Put the ball clear round O. A. C. Touch down sure this time. On, Oregon; On, Oregon, Fight on for her fame. Fight, fellows, fight, fight, fight! We'll win this game.

MORE TAKING JOURNALISM, now meets twice a week instead of three times a week

Classes Are Divided Because of Large Enrollment.

The journalism classes at the university this year have had to be divided because of the large enrollment in them. This branch of study seems popular and a great many students are majoring in this department. At present the enrollment in the elementary and advanced classes is 50, of whom 40 are women. At the beginning of this year it was thought that the elementary and advanced newswriting classes could be handled together but the enrollment was so much larger than was expected LOST-A black fox fur, at Armory or that they had to be separated in order

Buy Only What You Need

BUT BE SURE WHAT YOU BUY IS CORRECT.

865 WILLAMETTE ST.

It is so easy to compromise with yourself when an inferior garment is shown you and say, "Well, I suppose it isn't as good as what I have been getting, but then, these days condi-tions have changed."

Conditions HAVE changed-have changed so much that it is your duty to buy only the garments you can actually use. But this is no reason for accepting inferior quality, careless workmanship and indifferent styles.

In spite of the scarcity, and difficulty of obtaining good merchandise, you will find here a collection of splendid garments to choose from all-wool garments, highest standard of style and workmanship. Plan to purchase this week while you are yet able to get the quality and style you desire.
