

GAUZE MASKS MAY BE WORN BY ALL

Nurses Are Wearing Them and S. A. T. C. Men Will if Necessary.

Gauze masks for use by nurses and attendants of University influenza patients have been made by the dozen during the past week by a group of faculty wives and other interested women under the direction of Mrs. Eric W. Allen. The masks consist of a double or quadruple thickness of gauze made to cover the nose and mouth and supplied with four strings at the back to secure the mask in place.

A noticeable spread of the disease among the young women caring for those afflicted with influenza has perhaps been due to lack of the simple precaution of keeping the mouth and nose covered, according to Mrs. Allen. This precaution is thought so necessary that in some cities all persons going out upon the street are compelled to wear their masks and are liable to be accosted by a policeman if the masks are lacking. San Francisco is using the gauze mask scheme as are a number of eastern cities, whose health officers believe this to be an effective move in the control of the influenza germ which is carried by the breath through the nose and the throat.

16 Dozen Masks Made.

About 16 dozen masks have already been made by the women who have worked for several afternoons, and more will be made if the need arises. Dr. John F. Bovard, head of the student health committee, has charge of the distribution of the masks, and it is the present plan to use those for University nurses and attendants, although the women working under the direction of Mrs. Allen have expressed their willingness to make any number of the masks as they are needed.

Following are the names of some of the women who have given their time to making the masks:

Mrs. Percy Adams, Mrs. A. E. Caswell, Mrs. Warren B. Smith, Mrs. C. H. Edmondson, Mrs. Brown, Mrs. Andrew Fish, Mrs. A. R. Sweetser, Mrs. F. L. Shinn, Miss Helen Shinn, Mrs. E. L. Knapp, Mrs. R. C. Clark, Mrs. J. H. Gilbert, Mrs. E. P. Lyons, Mrs. Packard, Mrs. Rider, Mrs. West, Mrs. Hubbard and Mrs. Allen.

S. A. T. C. Men May Wear Them

Members of the S. A. T. C. here were ordered to wear gauze masks during the influenza epidemic if the situation seemed to warrant it, in a telegram received yesterday morning from S. A. T. C. headquarters at San Francisco. Colonel W. H. C. Bowen, after consultation with Dr. W. B. Neal, contract army surgeon, in charge of the influenza cases among S. A. T. C. men, decided that such steps were not necessary at the University at this time.

"The epidemic is practically over as far as the Students' Army Training Corps men are concerned," said the Colonel this morning.

The telegram read in part: "Members of this command at station where influenza exists in epidemic form will wear suitably constructed gauze masks while in close contact with comrades or other persons. Organization commanders will see that each member of his command is provided with three masks and that they are kept in proper sanitary condition. The existence of influenza in epidemic form and the termination of such epidemic are to be determined by local commanding officers in consultation with medical officers."

PHI BETA KAPPA WANTED

University Applies for Chapter of Scholarship Society.

The University has applied for a chapter of Phi Beta Kappa to the senate of the fraternity which will meet and give its decision in March, 1919. If the senate's recommendation is favorable, and the grand council, which meets in October, 1919, upholds the senate's decision, the University will be granted the chapter.

Men of the faculty who are members of Phi Beta Kappa met yesterday with President P. L. Campbell to fill out blanks giving the requirements of the University regarding entrance, number of credits required for graduation and details of the courses here as well as of the different departments and schools.

Five endorsements are necessary for each chapter applying. The University of Oregon has the endorsements of the Universities of California, Washington, Colorado, Kansas, Colorado College, Colgate University, New York, and Grinnell, Iowa.

The University sent in its first application in 1916, but it reached the senate too late for consideration. The senate and council meet once every three years.

SOCIETYNOTES

Announcement has been made of the coming marriage of Paula Linn to Charles Dundore, Saturday, October 26. The ceremony is to be held in Miss Catlin's School in Portland, where Miss Linn was a student two years ago.

Both were students at the University last year. Miss Linn was a member of Kappa Alpha Theta and Mu Phi Epsilon. Mr. Dundore of Portland, and a member of the Kappa Sigma fraternity. He is a flying cadet in the Mather Field School, Sacramento, Cal.

Mr. and Mrs. R. U. Steelquist and children, of Albany, motored to Eugene Sunday, spending the day with the latter's mother, Mrs. M. M. Davis of this city. Mrs. Steelquist is a graduate of the University and a member of Chi Omega sorority.

Mr. and Mrs. Dean Walker were dinner guests at the Pi Beta Phi house Wednesday evening.

Elmo Madden is spending the week at his home in Seattle while recovering from the influenza.

Helen Nelson returned Wednesday from Pendleton.

Emma Wootton Hall, who has been ill with the influenza, is reported to be much better.

Lucile Evans has returned to the campus from her home in Portland.

Marcile Carlock and Eva Hutchison left for their homes in Portland, where they will spend the week.

Dinner guests at the Kappa Alpha Theta house Wednesday evening were Miss Spafford and Miss Mildred Brown.

Margaret Kubli has returned from Portland, where she spent the weekend recovering from the influenza.

Mrs. Tom Campbell Jr. and Myrtle Ross have returned from Portland, where they spent the week.

Helen Case has returned to her home in Tillamook. She will not return this term.

Margaret Jones has left for her home in Orofino, Idaho, where she will spend several weeks.

Margaret Mansfield returned this morning to her home in Portland for a short visit.

Ruth Nash has been discharged from the infirmary and is back at the Delta Gamma house.

Helen Wells, '17, who is teaching mathematics in the Oakland high school, is spending the week with her aunt, Miss Mary McCormack.

Ray Dunn, who enlisted in the navy last year and is now stationed in Bremerton, was in Eugene Monday and Tuesday on business.

Captain R. L. Russell was a dinner guest of Kappa Kappa Gamma last night.

Elsie Bain, ex-'15, is on the campus today en-route to Astoria, where she will be this winter in the First National Bank. She has been teaching school in Montana. She is a member of Kappa Alpha Theta and a sister of Lyle Bain, a junior.

PRAYER WEEK NOV. 10 to 16

Y. W. C. A. World Over to Unite in Movement.

A world fellowship week of prayer under the direction of the missionary committee is to be observed by the Y. W. C. A. from November 10 to 16. This is a nation-wide movement among the women and a calendar has been issued by the Foreign Department of the National Board of Young Women's Christian Associations with a definite outline for united prayer.

This calendar says: "Prayer accomplishes more than work. It is the greatest force in the world today, and the least used."

Sunday, November 10, the women take up a discussion of the World's Young Women's Christian Association, and are asked to pray for 1—a deeper sympathy between women of all classes and lands, 2—all women that they may know their best friend, Jesus Christ, 3—the World's Executive Committee and the secretaries.

Monday the subject of "Africa" and prayers are asked for all women in all forms of work; women in the fields, women in professions, industries, schools and colleges, business, homes, Christian work, and for women who are tempted, sad, unfortunate and lonely and for the little sisters.

Tuesday the subject is "The Americas," Wednesday "Asia," Thursday "Aus-

tralia," Friday "Europe," and Saturday the women are asked to pray for all men in battle, men in hospitals, men convalescing, men who are tempted, men who are lonely, and men who do not know the Great Friend.

No definite plans have yet been formulated by the missionary committee with Ami Lagus as chairman, but leaders for each day will be appointed and announced later.

UNIVERSITY TO HELP ENTERTAIN SOLDIERS

Slides, Lectures and Concerts Will Amuse Spruce Division Men.

Major T. A. Mills, who is in charge of the Lyceum section of the spruce division in the Northwest has requested the Extension Division of the University of Oregon to provide film and slide service for the 30,000 men in the spruce camps of the Northwest.

There are about 120 sets of slides and films available at the Extension Division and they have asked the National Bureau of Economics at Washington, D. C. to furnish more slides and films for the entertainment of the men in the spruce divisions.

The school of music and department of dramatic interpretation have been asked by the Extension Division to cooperate in providing entertaining programs of music and speaking. According to Dr. J. J. Landsbury of the School of Music no definite plans have yet been made as to what the School of Music will do but they expect to send out a ladies trio under the chaperonage of Mrs. Beck or the Woman's Glee Club.

She will also lead the men in community singing during one-half of the program.

The Extension Division also plans to send out lecturers from the University whose expenses will be borne by the Y. M. C. A. A complete list has not yet been compiled but the following professors of the University will probably be asked to go, according to J. C. Almack, acting head of the Extension Division: Dr. J. H. Gilbert, Dr. H. D. Sheldon, Dr. E. S. Conklin, Dr. B. W. DeBask, Dr. E. S. Bates and Professor Peter Crockatt.

COLLINS IS TO INSTRUCT

Russell E. Collins, ex-'16, student instructor in the school of architecture in 1914, has recently received a captain's commission in the balloon observation corps at Fort Sill, Oklahoma, where he has been an instructor in aviation. He expects to be assigned to a camp in California soon. Mr. Collins is a member of the Sigma Nu fraternity.

Leslie Blade's first novel, "Claire," was begun in serial form in the October 4 number of the All-Story Weekly. It will be published in book form by Doran & Company this spring. Blade graduated from the University in the class of '16 and took his M. A. in '17.

OLD EYES

Are a Serious Handicap to Young People.

Eyes are prematurely aged when drugs are used in testing them. Besides, a drugged eye does not see naturally. The muscles are paralyzed, the optical adjustment destroyed.

WATCH AND EYE ADJUSTMENTS

Suppose your watch required regulating. Would any jeweler take out the main-spring and balance in order to test its timekeeping qualities? It is equally absurd and doubly harmful to paralyze the eye mechanism in testing the sight.

WE DO NOT HARM EYES TO HELP THEM—WE JUST HELP THEM.

Ten thousand pleased patrons certify to our success.

CATHARINE HEILIG PNEUMONIA VICTIM

First Fatality Among Women; Military Guard Escorts Body to Train.

Catharine Heilig, 20 years old, of Portland, sophomore in the University, died of pneumonia, following an attack of influenza, Tuesday evening at the Mercy hospital, making the first fatality among the girls at the University. Her parents, Mr. and Mrs. James C. Heilig, were at her bedside, having come from Portland Monday, when Miss Heilig's condition became serious. She had been ill only a week, and her condition Tuesday afternoon was thought to be improving, but she soon relapsed.

Miss Heilig was popular with her classmates, prominent in campus and social activities. She was a member of the Chi Omega sorority.

Her father is auditor of the Heilig Theater in Portland.

She leaves two brothers, John, now in the service in France, and James, who is at home in Portland.

The body was escorted to the Oregon Electric train for Portland at 1:40 o'clock yesterday afternoon by a military guard of S. A. T. C. officers and men. Funeral services will be held in Portland.

ABRAHAM ROSENBERG BACK

Abraham Rosenberg returned yesterday from a week's furlough spent in Portland following his release from hospital where he was confined with the Spanish influenza.

The Architectural Department is in need of young men who will pose for the Life Class on Tuesday and Thursday evenings from 7 to 10 p. m. Will pay fifty cents an hour. Apply Professor Schreff's studio.
