

CHANGE IN O. T. C. PROGRAM PLANNED

Progressive Field Work to Be Held on Tuesday Afternoon.

A few changes have been made in the program for the O. T. C. this week. The progressive field work which was announced for Tuesday morning will be held Tuesday afternoon. Alma D. Katz, civilian aide to the U. S. adjutant general, and his committee, composed of J. A. Cranston, E. D. MacNaughton and C. F. Adams, arrived in Eugene today and will hold the examinations on Wednesday.

Last evening out on No Man's Land

between the trenches, the long deferred tug and camp fire was held. Each company had a stunt of songs. Company A started the fest with four peppy stunts, one on the captain of the machine gunners, Captain C. T. Haas, and the second a take-off on the French professor. The other two were songs.

Take Off Machine Gunners

Company E. had a take-off on the machine gunners, Captain Parker of Company B was the originator for most of this company's stunts.

The trench battle started this afternoon at 3 o'clock, when the men went into the trenches. Just what the outcome will be cannot be determined until tomorrow morning. The public are allowed to see the battle by standing on the sidewalks outside of the lines. In the first camp at the trench battle, the missiles in the form of eggs and soft tomatoes were used, but a ban was placed on such dangerous weapons. It may be that a new ammunition will be discovered this evening.

Mess in the Trenches

The men had mess this evening in the trenches. Any one having enemies was warned to be careful, for he might suddenly lose his cats. But what method, no one knew.

Wednesday afternoon will come the gas chamber drills. One of the trenches will be filled with gas and anyone wishing to go through may do so. They will be accompanied by a guide.

The machine gun exhibit will be held Friday morning under the command of Capt. C. T. Haas. The public are invited to all of these events.

Lt. Willis K. Clark has received his orders to report to Camp Pike, Arkansas, November 5. Lt. Clark was the secretary for the third and fourth Liberty loan drives in Portland. His home is in Newberg, Oregon. He goes to the infantry central O. T. C. at Camp Pike.

ALUMNI DO NOT GET PAPER

Emerald No Longer Able to Send Copies to Men in Service.

The Oregon Emerald is not being sent to the old Oregon men in the service or to other alumni who are not actual subscribers, contrary to the general supposition on the campus that the former custom of sending all alumni an Emerald once a week is still in vogue. Funds for this purpose have now been given toward an alumni publication and the Emerald is no longer able to send the paper at its own expense.

Have you a friend in the service you can think of during the "Save The Emerald" campaign?

Y. W. HOSTESS HOUSE

(Continued from page one.)

Young women of the University in their plan.

Plans would be worked out to establish an information bureau in the association office, where relatives and friends of men in the University camps could make plans to meet the men they came to see. It is thought that it may be possible to work out a system of military orderlies whose duty it would be to go and find the desired men and bring them to the Bungalow. Information in regard to places where board and room could be obtained near the campus would also be obtained at the office.

Party Every Saturday Night.

Entertainment in the form of a party every Saturday night will be furnished if the hostess house plan materializes. Open house would be observed on Sunday afternoon, when tea would be served by members of the association, and in the evening a musical program would be given.

INFLUENZA IS RETREATING

Few New Cases on the Campus; None Are Serious.

The influenza germs are retreating farther away from the campus each day, and health conditions still continue to improve.

The number of persons reported ill

has dropped from 105 to 79 over the week-end. Eight new cases have been added to the list quite recently but none are at all serious, being but slight attacks of colds.

FIRST TEAM BEATS SECOND; SCORE, 29-0

Scrubs Hold Regulars Away From Line in First and Last Quarters.

The regimental first team handed it to the second string men in a good, snappy game of football on Kincaid field Saturday afternoon. The final score was 29 to 0. The second team squad were able to hold the first string men scoreless in the first and fourth quarters. In the backfield for the "scrubs" were two of the lightest candidates for the team, Eddie Durno and Skeet Manerud. Both of these midgets played good football and used headwork in the pinches.

For the first team the work of the two ends, Hauser and Wilson caused comment. They look to be about the best pair in their field that have roamed around the northwest in late years. Both showed up well in receiving passes and holding the opposition.

Pass Brings First Score.

The first touchdown of the game was scored in the second quarter when Hauser crossed the line after having received a pass from F. Jacobberger. F. Jacobberger scored the next touchdown after making an 85-yard run behind fine interference by Watson, V. Jacobberger, Howard and Hauser. The first score of the contest was scored by F. Jacobberger on a drop kick from the 42-yard line.

F. Jacobberger scored again in the third quarter, and V. Jacobberger put one over in this period also. V. Jacobberger kicked two of the four goals. In the fourth quarter the second squad fought the regulars to a finish and held them a safe distance from their goal line.

Midget Shows Well.

Individual star of the day was probably "Skeet" Manerud who handled the second team, which had never played together in the same organization before. "Skeet" proved to be a clever quarterback and handled his team in a business like manner. He is the lightest man on the squad tipping the beam at only 125 pounds. Sunderleaf, Harding and Tuerck also starred for the second team.

The line-up:

- 1st Team—Hauser.....L.E.....Dunsmore Strachan.....L.T.....Mysinger Gilbert.....L.G.....Brown Callison.....C.....Sharp, Layton Mantz.....R.G.....Dresser Trowbridge.....R.T.....Harding Wilson.....R.E.....Sunderleaf F. Jacobberger... QManerud V. Jacobberger...L.H.....Tuerck Watson.....R.H.....Durno Howard.....F.....Blake
- Referee: "Shy" Huntington. Umpire: "Bill" Hayward.

CALIFORNIA GAME FIXED FOR NOV. 23

Oregon Team to Go South; Shy Huntington Awaits War Work Council Letter.

Oregon's service eleven will clash with the University of California at San Francisco November 23, according to plans being perfected by Graduate Manager Charles Huntington. The national sports secretary of the Allied War Work Council has offered to Oregon the opportunity to meet the University of California and has made a similar offer to Andy Smith, coach and manager. Both have accepted the offer.

In the telegram, which Huntington received from the War Work Council, no details were given and a letter was said to follow. "Shy" is now awaiting the arrival of this letter and a telegram granting the date of November 23.

The plan is, as "Shy" understands it, to have a series of games during the next month throughout the United States for the benefit of the drive. The strongest and most representative teams of the district will be matched against each other and all receipts over and above the actual expenses will be devoted to war work.

Andy Smith wired to Huntington accepting the offer, and "Shy" wired back that he had also sent in his acceptance. California has not forgotten how Oregon handed it to her last year and will try to win back her laurels on the San Francisco field.

It is probable that the Oregon team will have a few words to say during the argument.

Don't make them hunt you down.

ALL WOMEN WANTED AS MEMBERS OF Y.

Committee Out After Girls Not Yet Wearing That Blue Triangle.

Are you a wearer of the blue badge of the Y. W. C. A.? If not, you must remember to bring your dollar in your pocket, for those in charge of the membership campaign say that every girl on the campus is to have an R. S. V. P. invitation to join and the only acceptable answer is "yes."

The campaign for membership opened Saturday night and will run at high speed until Wednesday evening at 6:00, when the committee will meet at the Bungalow to make the final reports. "Every girl in the University a member of the Y. W. C. A." is the motto of the workers. Organization work consists of a girl from each unit in Hendricks Hall as well as several assigned to the different floors, a number to solicit among town girls, and a girl in each sorority whose duty it is to secure the membership of every one in her house for the association.

Following are the newly chosen campaigners:

- Hendricks Hall—Hallie Hart, Marie Badura, Beulah Keagy, Alice Sullivan, Renalda Cameron, Marita Howard, Marian Bowman, Elizabeth Peterson, Ami Lagus, Laurel Canning. Town girls—Ruth Flegal, Velma Rupert, Mary McCormack, Harriett Garrett, Mary Moores, Marian Anderson.

Carl Mantz Loses His Fraternity Pin; Rumors Are Afloat

The incredible has happened.

Two days ago, Carl Verner Mantz, confirmed and inveterate woman-hater, "lost" his fraternity pin. To cover up the fact, so the story goes, he borrowed another pin from one of his brothers. But there is still more to the story. Strangely, the second pin disappeared.

To the best of all knowledge, Carl has never been pigging since he arrived in Eugene, a small and bashful freshman, despite the efforts of his friends, both men and women.

Then suddenly and without warning the astounding fact broke forth. He appeared at roll call one morning without his pin. Insistent questions brought forth evasive answers. He didn't know where or how he had lost it, but he was positive in his assertions that he had not "planted" it.

The report spread throughout the length and breadth of the campus, that Carl Mantz had at last succumbed to female blandishments. Almost distracted, he finally managed to persuade one of his brothers to loan him a pin, and proudly brought it forth. But, wonder of wonders, he was gone that night, and reported at reveille the next morning, minus pin number two.

The dopesters are puzzled. They are divided in the opinion as to whether he gave away both pins, or only one.

More puzzling yet, yesterday he blazed forth wearing a pin. It is number three, and will it go the way of the others, or is it his original pin?

Carl claims that it is his one and only pin, and that he merely mislaid it. But his friends wink carefully, and recall the saying about all being "fair in love and war."

Y. M. HUT STARTED

(Continued from page one.)

ity to 750. A canteen will probably be in the hut but that is undecided as yet.

Those present at the meeting were John H. Vogel, associate secretary of the Northwestern War Work Council of Seattle; President Campbell; D. Walter Morton, dean of the School of Commerce; William E. Vance, University Y. M. C. A. secretary; W. O. Heckart, contractor; the faculty and the student body Y. M. C. A. officers. Mr. Vogel, who is going around to all colleges getting the building of these Y. M. C. A. huts started, arrived here from Corvallis Saturday morning at 11, expecting to remain over Monday to finish up the work.

Everything being in readiness, he was able to leave the city the same day at 5:25 p. m. with all contracts signed. The University, he said, is getting this thing in advance of any other institution where a hut had not been already started, and he came here with instructions to give the University of Oregon all the preference possible. "This shows how you stand with the committee in New York," said Mr. Vogel.

TO OUR FRIENDS AND PATRONS

In keeping with requests from Dr. Seth Kerron, County Health Officer and Mrs. A. L. Ingales of the State Council of Defense, we will hereafter accept no merchandise for return or exchange and will send out no merchandise on approval. This measure we will strictly enforce during the present epidemic.

That we may in a small measure help to hasten the end of the present terrible epidemic we will make no appeals for business and will not advertise special sales of any except essential merchandise.

We suggest that customers order merchandise by phone wherever possible and that shopping be confined to the morning hours when service is better and fewer people are in the stores; this is important for your safety as well as the safety of our employees.

All advertising should cease except of most necessary items and we will therefore advertise nothing except things that are essential to the health of the citizen such as sanitary blankets, comforts, sheetings, muslins, Brighton Carlsbad sleeping garments, sanitary wool and cotton underwear, proper hosiery, rain coats, etc. It is most important that people dress properly to avoid colds.

We ask our customers and friends to co-operate with us in these particulars that the dangers of the Spanish influenza may be reduced to the minimum and that we may soon stamp out this danger in our community.

PREMEDICS TO END WORK IN ONE YEAR

Courses Intensified; Men to Finish in Four 12-Week Terms.

Dr. John E. Bovard, professor of zoology has just received from the government a new plan whereby freshmen pre-medic students may finish their course in four terms of 12 weeks each. The change is radical in that heretofore pre-medic students were required to have a two years' University course before entering the medical school. The new plan is for a one-year course, so the entering students this year will graduate next October and will be sent direct to medical school, probably the University of Oregon Medical school in Portland.

Chemistry Work Intensified.

This will necessitate the doubling up of chemistry. There will be five lectures a week with two laboratories. The other subjects to be taken in the new course are biology, war aims and 11 hours of military training. This will make the men in the S. A. T. C. carry 53 hours, the same as the other S. A. T. C. members are now taking and the same as the pre-medics have been taking. They have been required to take English composition and modern language and it is by dropping these that they will be able to double up on chemistry.

This new course applies to all entering freshmen in the S. A. T. C. Whether the other students will be able to take advantage of this is not yet known.

Procedure for Freshmen.

The course goes into effect Monday, November 4. On Wednesday, October 30, all the freshmen pre-medics will go to the Registrar's office and obtain a card especially prepared for them. They will then take their change of enrollment card to their adviser and get his signature. Monday the courses will be changed.

Dr. Bovard has 50 freshmen in his department who will be affected by this change. There will be a printed schedule issued the end of this week showing the hours the new classes will be scheduled.
