

Y. W. OBTAINS 210 MEMBERS IN DRIVE

287 Enrolled in Association; Number Increased 81 Over Last Year.

A membership of 309 University girls in the Y. W. C. A. for this year, exceeding by 103 the membership at its largest last year, was reported Wednesday night at the final meeting of the campaign committee, which gathered at the Bungalow for supper and to give the reports. Two hundred and ten of these memberships were obtained during the campaign, which extended from Saturday night of last week to Wednesday. The other 99 members enrolled in the association at the time of registration.

Group percentages will not be announced until later, said Miss Dorothy Collier, acting general secretary, last night. This decision was made because some of the girls are still ill with the influenza and for this reason have not been solicited by the group captains. Mary Spiller hall is the only group reporting 100 per cent Y. W. C. A. membership, and Kappa Kappa Gamma and Pi Beta Phi are running close for the next place. Captains from Hendricks hall last night declared their intention of securing 100 per cent membership from the entire hall of residence.

A recognition service for new members is being planned for next Thursday afternoon at 4 o'clock at the Bungalow and will be held if the ban on public gatherings is lifted. Essie Maguire, president of the association, will preside at the recognition meetings.

FARMERETTES DIG SPUDS

Hendricks Hall Freshmen Work for War Fund.

Freshman farmerettes were busy this morning harvesting the crop of potatoes grown on the University golf links as a result of the efforts of University women who planted an acre on the links last spring. The tubers are fat and healthy, and the girls of Hendricks hall who did the planting and cared for the growing crop in the early weeks of the summer are proud of their efforts.

The upperclass women conceived the altruistic design of allowing the freshman girls a share in their agricultural triumph, and it was decided that this could well be earned by the digging of the tubers. So the younger girls are out there this morning in their old clothes and aprons, excavating merrily with a potato fork.

The crop will be sold to Hendricks Hall for table use and the proceeds donated to some war work fund.

WAR PLAY TO BE PRODUCED

Dramatic Interpretation Class Plans O. T. C. Entertainment.

The Dramatic Interpretation class, under the direction of Miss Charlotte Banfield and Miss Ruth Dorsey, is planning to present a play for the men of the Officers' Training Camp which will begin November 2. As the entertainment is primarily for the members of the O. T. C., a play which will meet with their full appreciation is being sought by the directors. "Face Front" is under consideration, but no definite plans have been decided upon. This entertainment was originally designed for the men of the present O. T. C., but the influenza epidemic made it necessary to abandon those plans. The play will be presented to the public about the middle of December, and the proceeds from it will be devoted to some war relief work.

SICK LIST DOWN TO 50

Fifty cases of illness, with no serious ones, is the latest report from the office of Dr. Bovard. This is a decrease of fifteen from the last list given forth. Only one new case is reported. President Campbell and members of the health committee are still urging strict observance of the regulations, however, to prevent a relapse of the epidemic.

LIBRARY GETS CAMP PICTURE

A panoramic picture of Camp Cody, New Mexico, has been lent to the library by Edward Day, assistant camp librarian. It has been placed on the bulletin board near the entrance of the library. The camp library, Liberty theatre, Y. M. C. A. and Knights of Columbus huts are in the foreground of the picture each one being marked by a large sign. Camp Cody is a very large camp accommodating infantry and artillery divisions.

MISS TINGLE ON THRIFT

As a member of the committee on Thrift in the National Council of Education, Miss Lillian Tingle, director of the Home Economics department, has written an article entitled "Text Books for Thrift Teaching." It has been published in a small pamphlet called "Thrift" gotten out by this same committee who are giving hints as to financing the war through thrift, and reconstruction through conservation.

Dreaded Exams Fail to Stifle Songs of O. T. C.

Examination time for the average University student is the most serious time of the college year, and they slip into their places with notebook in hand hoping that for some reason the examination will be delayed a few moments and they would like so much to look again at the one point, or the whole book perhaps, on which they are hazy, but there is no chance, and the student hands in his exam. book to be examined while he takes a hurried survey of the questions and decides if he has any chance to "get by."

But, not so with the O. T. C. species of soldier-students. Thursday morning they burst into song while waiting for the questions to be handed out as though they had not a care in the world, much less a two-hour examination hanging over their heads. The solution of the phenomena offered, is that these men were not depending on the check from father to carry them through the school year, and his subsequent wrath if they failed to make their hours, for these men are business men, some of them millionaires and senators, and father hasn't the control which he once had.

But when they came out of the classroom they had learned over again the meaning of examinations, for one man was heard to make the time worn remark, common to students, as they pass out of the door, "I flunked flat, did you?"

OREGON SCORES 13-0 DURING FIRST HALF

(Continued from page one.)

F. Jacobberger and Horton both kicked for an average of 45 yards. In the last of the first half Horton fumbled on the 4-yard line but recovered. Just as the whistle blew F. Jacobberger and Hauser pulled a 30-yard pass. The first half ended without any further scoring.

PRELIMINARY GAME IS TIE

High School Holds Substitute Eleven to 6-6 Score.

A mixture of the second and third team met the Eugene high school this afternoon on Kincaid field as a curtain raiser to the game between the first team and the Foundation aggregation from Portland. The game started off fast with the Oregon men carrying the ball down the field with straight line plunges. During the first quarter no one scored, both teams making good gains by straight line plunges and end runs.

A fumble in the first period lost to Oregon a chance to score and in the first of the second quarter the high school lost a trick play. The play was a series of passes, Schafer to Bassonette, to Hill to Thompson. Thompson carried the ball over and Schafer missed the goal. Hill ended the second quarter with a pretty 20-yard run around left end but was nabbed a few yards from the second team's goal.

In the third quarter Johnny Brook broke up a kick behind the high school line and Jensen fell on the ball behind the line, tying the score. The quarter ended without any further score. Neither team crossed the line during the last quarter the final score being 6 to 6. Fred Chess, coach of the University team announced that he hoped to play the Franklin high school of Portland on November 23. He is also trying to get the season extended two weeks giving at least two more games on the local field.

LIEUTENANT NOBLE ALIVE

A telegram was received from Senator Miles Poindexter on October 29 to the effect that Lieutenant Elmer Noble, a former University of Washington athlete, whose death in France was recently reported, is safe in France. Senator Poindexter investigated the report at the request of Lieutenant Noble's father-in-law, who resides at Wallace Idaho.

OREGON CAN HANDLE 100 IN PRE-NURSING

Cooperation in Training Asked by Head of Students' War Service Board.

The University of Oregon is prepared to handle 100 students in its pre-nursing course, established at the opening of the present term, according to information sent by Miss Mabel L. Cummings, head of the department of physical education for women, to Robert L. Kelly, campaign director of the commission on students' war service of the American Council on Education. Mr. Kelly had written asking if the University could not cooperate in the work of training nurses. The work of the Army Schools of Nursing, he wrote, has been seriously interrupted by the influenza epidemic, which has taken the students away from their regular work to cope with the plague.

Needed by Surgeon General. The request made by Mr. Kelly is in response to a demand of the U. S. Surgeon General's office for the enrollment, throughout the country, of 2,000 student nurses for the first term, 4,000 for the second, and 5,000 for the third.

"It is our policy," wrote Mr. Kelly, "not to take into this nursing unit students who are already enrolled in college, but to appeal to recent college graduates and to high school graduates who have not entered college this fall."

The University at present has ten students in its pre-nursing, or reconstruction course, but, owing to the building up of a hospital-infirmiry system the influenza epidemic is now equipped to handle one hundred, Miss Cummings says.

Ten Students Now in Course. The ten students already in the course are prepared already for work in massage and remedial exercises, which has been found of value in cases of digestive and nervous trouble, defective mobility of joints owing to accident or to rheumatism, and in local paralysis cases. The department is sending out to physicians of Eugene invitations to send such cases to the University clinic for this sort of treatment. The facilities will be enlarged as required. Later on, Miss Cummings plans, the students will be sent out on such cases, but at present all will be expected to come to the University clinic at set hours.

Miss Esther Banks, one of the students in the course, is now awaiting a call to Camp Lewis, where she will continue her work in the camp hospital.

MISS TINGLE WINS HONOR

Office in National Women's Council Given Faculty Member.

Miss Lillian Tingle, of the department of home economics, has been appointed vice-president of the National Council of Executive and Administrative Women in Education for the state of Oregon. Her appointment has just been received from the president of the council who has headquarters at Pittsburg, Pa.

The general outline of the year's work is to be on health with constructive teaching and publicity on health and sanitation. "Health" is to be the slogan of the council.

Miss Tingle will speak on domestic science subjects before the State Teachers' association in Portland on December 28th. She will also conduct special meetings there at that time.

90 ENTER NEW CLASSES

S. A. T. C. Men Flock Into Typewriting and Stenography.

Ninety is the total number thus far enrolled in the typewriting and stenography classes for S. A. T. C. men under Herbert Decker, new instructor from Portland, in the School of Commerce. Forty started Monday in the typewriting class, which meets on Monday, Wednesday and Friday from 7 to 8 a. m., with more enrolling all the time. The stenography class has fifty enrolled and some are still signing up for the course. The class meets on Monday, Tuesday, Thursday and Friday at 9 a. m.

"There will probably be another section at 10 a. m. on the same days," said Mr. Decker. "Keen interest and rapid progress is being made, besides much outside work is being done, although not required." This course will end on February 1.

SPECIAL TICKETS REQUIRED

Student Cards Must Be Presented to Tiffany Before O. A. C. Game.

Students will be required to present their student body tickets to A. R. Tiffany, registrar, and obtain a special ticket for the Oregon-O. A. C. game to be played Saturday, it was announced this morning by Coach Huntington. Student tickets are paid for by the government in case of S. A. T. C. men and no charge will be made for the special tickets for Saturday's game. The requirement is made in order to keep check on the number of student admissions because of a contract with O. A. C. that twenty-five cents be paid them for each student admission, the same rule holding for the game at O. A. C. the week following, when Oregon will receive one-half the O. A. C. student admission.

SCHOLARSHIP IS OPEN

The library has received a scholarship from the American School of Correspondence of Chicago. Any student who is interested in securing such a scholarship may see M. H. Douglass, the librarian.
