

OREGON BEATS O. A. C. 13 TO 6

JAZZ POURED OUT FOR OREGON IN BIG SERPENTINE RALLY

Noise, Fireworks, Pee-rade, Speeches, Put Pep Into Student Body.

DEAN MORTON URGES ALL STUDENTS TO BACK TEAM

Oregon's Tradition to Beat O. A. C. Must Be Preserved Today.

Ziz-zagging through the streets of Eugene in a gigantic serpentine, the University last night gave vent to its feelings on the eve of the O. A. C. game. Clad in pee-jams or other ornamental costumes, over five hundred students paraded around the campus, past the various sorority houses, and then through the streets of Eugene, leaving such a noise in their wake as has probably never been heard in the town before.

In the business section, and later, on Kincaid Field, fireworks were set off. The noise was not cheap; it cost \$150—but there was plenty of it.

The omens have been seen, and the auspices read, and, if the gods do not lie, the game should go to Oregon. The crowd was gathered at Willamette and Eighth street, when, lo! the "O" burst into a marvelous light of emerald, foretelling that the heavens smiled on the University.

Serpentine Noisy Affair.

The serpentine creased its dizzy way down Willamette street, through the theatres, and around the station, making such a thundering noise, that dispatches from Corvallis say that the Aggies trembled in fear.

From the center square, the pee-rade wound its way to Kincaid Field, where another big celebration was held.

Despite a mean drizzle, the fireworks celebration was marvelous. A gigantic "mandarin" composed of ten thousand fire crackers, was set off in front of the center of the grandstand. Giant rockets, Roman candles, red fire, sparklers, and every imaginable fireworks, was in the list.

Dean Walter Morton was the first speaker to be introduced by Herald White, president of the student body, at the rally. Dean Morton is backing the team strongly and urged every man and woman in the University who could possibly do so, to get behind the team and go to Corvallis to help the men bring back the scalps and bacon of the Aggies, who he says, "are no mean foe."

Student Body Must Help.

"It is an Oregon tradition to defeat O. A. C.—usually, and if we are going over to win tomorrow it is up to you, the student body to do your part and keep up the spirit," said Dean Morton. "Go over and yell—yell with all your might."

L. L. Goodrich, Oregon alumnus, of the First National bank of Eugene, said: "I saw the first Oregon-O. A. C. game 20 years ago and we beat them 38-0. I would like to see another score like that one. But the team cannot do it all. It is the spokesman for the college. The students must get behind it and back it up—strong." Mr. Goodrich spoke of the great part the college men played in winning the war. He said, "It takes college men to lead and without college men, America and the allies could not have defeated the Huns."

Coach Promises Hard Fight.

Coach "Shy" Huntington gave a brief talk and concluded with the promise that Oregon would do everything in her power to win the game by fair means.

Then came the outburst. Everywhere noisy, wicked, lively fireworks flashed, followed by cheers and yells for "Shy" and the team, led by Nick Carter, yell leader, and Johnnie Houston, newly appointed assistant.

"Bill" Hayward gave it to the students strong. "You haven't been supporting

Company A Urged To Be Respectful To Russian Rifles

The troubles of A company have begun Wednesday afternoon, following drill, the company was issued its supply of rifles. The Russian rifles used by the various Officers' Training Camps, were those assigned.

Men who have been in the training camps spent last night and this morning in glibful recounting to the rookies, of the many burdens of the army rifle. The sore shoulder, the broken right toe, and the cracked head, were all dwelt on. The horrors of cleaning the rifle for inspection, were also retold. Four hours of hard labor, will hardly be sufficient to spend on the rifles, according to them.

To pass inspection, a rifle must be absolutely spotless. Every particle of rust must be removed; the barrel must be clean, the stock oiled but not oily; every nick and corner of the gun free from dust; its throat swabbed to prevent its catching cold; its joints oiled (Witch Hazel and Sloan's Lintiment are taboo); it should be manicured and barbered at least every other day; and last but not least, it is an offense punishable by anything short of the firing squad, to let a gun drop to the floor. The gun must always be treated with proper respect, and swearing at it, is not allowed. No private is permitted to talk back at his gun, but must address it politely and promptly whenever it makes a request.

Great things are prophesied for the first time that the company drills with the rifles. It is rumored that extra cots are being rushed to the infirmary, and that a large supply of head casts have been ordered, for the first time that squads right about, or by the right flank, is attempted by the men.

PRESIDENT TO SPEAK AT NEXT ASSEMBLY

Will Return From Chicago on Tuesday; to Tell of His Trip and Work.

President P. L. Campbell, who has been attending meetings in Chicago of the American Council on Education and the National Association of Presidents of State Universities will return to the University Tuesday. He will speak to University students and faculty in assembly hall Wednesday morning about his trip and the work accomplished at the meetings.

President Campbell, who is the vice-president of the National Association of Presidents of State Universities, addressed that body this week on the advisability of creating a national department of education, whose secretary should have a seat in the cabinet. The idea was heartily endorsed by those at the meeting and a strong resolution was passed to be presented to congress, urging that the new department be created. President Campbell telegraphed Mrs. Campbell yesterday. Members of the mission of British educators now visiting in the United States, were present at the meeting and spoke in favor of the plan. The American Council on Education, of which President Campbell is secretary, has been pushing plans for the creation of this new department for some time. It is their wish to make the appeal to congress nationwide.

CLARK'S WORK PUBLISHED

Second Edition of War Encyclopedia Contains Research of Professor.

Dr. R. C. Clark, professor of history, will have some work in the second edition of a war encyclopedia to be published by the committee on public information. This work was done by Professor Clark while in Washington, D. C., this summer.

The encyclopedia is a general reference book on all topics connected with the war. The members of the S. A. T. C. will be required to have a copy of it to use in their course in War Aims. It contains between five hundred and six hundred pages dealing with the causes, the conduct, events, and biographical material of the war.

FROSH AND SOPH FOOTBALL CONTEST SET FOR SATURDAY

Track Meet and Cageball to Be Other Features; O. A. C. Soccer Team Wanted.

Next Saturday will be another big field day, with even more attractions than the previous inter-company meets. Oregon Varsity football team is scheduled to play the University of California eleven in San Francisco on that day, and the object of the field day is to have all the University men together when the returns come in from the game. The game will be reported play by play by quarters to the men at the meet. The main attraction of the day will be the freshman-sophomore football game. The classes are arranging their teams now and will be out at practice next week. Lieutenant Radcliff will have charge of the meet; but if he is not here, Lieutenant R. S. Zimmerman will have charge of the events. Saturday there will be a relay race and a cross country race in which Companies A, B, and C will have teams. "Hank" Foster will manage the A track team, while the B team will be headed by "Bill" Lyle, and Montgomery will have charge of the "Gob" team.

Twenty Men in Team.

The cross-country race of three miles will be for long-distance men. Each team will be composed of twenty men. The relay race teams will be composed of eight men on a team, who will run a quarter of a mile each. In the past meets these relays have proved very interesting and the heads of the teams have a large number of men out. If the weather is not too bad Saturday there will be a cageball contest with twenty-five men on a side. Cageball is a new game in the University. The heads of teams have not yet been appointed. The heads of Varsity athletics are trying to arrange a soccer game with O. A. C. for next Saturday. Riley has the Varsity soccer team in trim and is eager to play a game at that time.

Basketball Next Week.

The basketball season will open next week with contest between the platoons of each company. All Varsity men are barred from these games. After the platoon games have been completed inter-company basketball will start. This will give "Bill" Hayward a chance to get a line on any prospective candidates for the Varsity team. The leaders of the company basketball teams will be Nish Chapman for Company A; F. Jacobberger, Company B, and "Jiggs" Leslie, the Navy. Ned Fowler will have charge of all the inter-company basketball games.

Other sports will start soon. Swimming will probably begin in the course of the next few weeks. Jeff Harbke will lead the B team, "Bill" Morrison the A team, and Si Star will pilot the "Gobs." Boxing and wrestling will begin as soon as the company fund has been appropriated. These sports will probably occupy most of the attention of the S. A. T. C.

GLEE CLUB TRYOUT NOV. 18

Eleven Vacancies in Girls' Organization This Year.

The Girls' Glee club will have its try-out Monday evening, November 18, at 5 o'clock in Recital Hall in the Music Building. A date was previously set for the tryout, but on account of the influenza epidemic, then prevalent on the campus, it was indefinitely postponed.

Since only fourteen old members are back this year, there will be a number of parts to be filled by new members. The club membership has usually been about twenty-five, and the vacancies left, states Miss Eleanor Lee, director of the club, are varied, ranging from first soprano to second alto, therefore giving all of the students, wishing to try out, a good chance of making the club.

Miss Lee reports that the material this year is unusually good, and she is expecting that the competition for the positions to be filled will be unusually keen.

OREGON'S QUOTA FOR WAR DRIVE NEARLY RAISED

Only \$200 More to Reach Apportionment; Schools of State Pledge \$15,000.

The pledge of the University of Oregon to the United War Work drive lacks but little of being subscribed, according to the latest reports from the committee in charge. The total amount pledged now is \$5250, an increase of \$637 over the last report, and only \$200 is needed to complete the quota.

This total includes the sum of \$358 from the Eugene Bible University, whose quota was \$700 to be included with the pledges of the University of Oregon. But because of the inroads of influenza at the Bible school they were not able to raise the full amount and the University is asked by the committee to fill this quota also.

Team One Ahead.

Among the teams, team one, under Captain Adelaide Lake, is ahead with an increase of \$52 since last report. The total pledges of the women of the University now is \$1,411.50, and of the men, \$1,360, also showing an increase from last time of \$20.

The faculty now has to their credit \$1720 and will probably reach the quota of \$1600 assigned them, as a few more members are yet to be seen. A total number of contributors to the fund from the University is 968. There are about five more pledges to come in from the Bible University and a few more persons, such as girls living in town and men not in the S. A. T. C., to be solicited and those, according to the committee, will probably finish the quota.

Campaign Goes Well.

A letter received on the campus from Miss Tirza Dinsdale, the Y. W. C. A. secretary who is in Portland in charge of the student work in the state for this drive, says: "The campaign goes as well as could be expected, considering the epidemic. I have heard fine things of the work on the campus. Over \$15,000 has been pledged thus far from schools of Oregon."

Compared with other colleges of the northwest, the University of Oregon is near the top. Oregon Agricultural college had at the latest state report a total of \$5,500 with the University a close second with \$5250. Albany college has pledged \$121, and the Oregon State Normal school at Monmouth has pledged \$174.

Pullman Raises \$3665.

In Washington the state college at Pullman has raised \$3665. The University of Washington drive has just begun because of the length of time they have been closed. The University of Idaho at Moscow has raised \$2,268.

BARNETT GOING IN JAN'Y

Dean Hope to Take Over Courses During His Absence.

Dr. James D. Barnett, professor of political science, who has taken a leave of absence from the University for the second and third terms in order to fill the place left vacant by Dr. J. Allen Smith at the University of Washington, expects to leave here during the latter part of January.

Dr. Edward W. Hope, dean of the school of law will continue the course in international law now given by Dr. Barnett during the latter's absence, and will also give a course in business law which Dr. Barnett had arranged to begin next term, before he decided to take the position offered him at the University of Washington.

On account of the prevailing war conditions only a few students enrolled in the law school at the beginning of this term and consequently most of the law work was discontinued. It is expected now, however, that with the war at an end, students will drift back into law and political science, although no plans for an increased enrollment in that department have been made as yet.

LIGHT VARSITY TEARS THROUGH HEAVY AGGIES

Aggies Score Early in First Quarter and Hold Lead Until Third, When Varsity Tallies Six; Victory Comes in Final Period

(Special to The Emerald from Corvallis.)

Five thousand people saw Oregon's football warriors redeem themselves for the first defeat in ten years in Portland, last year, when the Lemon-Yellow eleven this afternoon smashed their way through their heavy O. A. C. opponents and won by a score of 13 to 6, on the Corvallis gridiron.

The Aggies got the jump early in the game and scored during the first quarter, while Oregon lost its two chances to score in this period on fumbles.

In the second quarter "Shy's" warriors started their march down the field soon after the whistle blew, following an exchange of punts in which Oregon gained five yards. The Aggies held and secured the ball on their own 10-yard line, however.

No details regarding the play in the third and fourth quarters are available up to the time of going to press, but it was ascertained over long distance telephone that the score stood 6 to 6 at the end of the third period and Oregon's winning score came in the last frame.

Between halves the rooters serpented over the field, the Oregon aggregation led by the University band.

FIRST QUARTER

Powell kicked off. Oregon lost the ball on the 30-yard line after several attempts to carry the ball. O. A. C. advanced the ball to the 21-yard line, from where Badly went through for the first touchdown. Badly failed to kick goal. Powell kicked off and Oregon started to rip through the Aggie line for repeated gains and carried the ball rapidly down to the O. A. C. 10-yard line, where the Aggies recovered a fumble. Hadler kicked to Jacobberger and Oregon again started its onward march, but was held for downs on the O. A. C. 10-yard line, where the quarter ended with the ball in the possession of the Aggies. Score: O. A. C. 6; Oregon 0.

SECOND QUARTER

O. A. C. started carrying the ball from the whistle and worked their way down to the Oregon 15-yard line, where they were held for downs. Here an exchange of punts gave Oregon the ball on their own 20-yard line. Time was taken out here for F. Jacobberger, but he stayed in the game. The Aggies were forced to kick having been pushed back to their 10-yard line. F. Jacobberger returned the kick 10 yards. Badly intercepted an Oregon pass and gained 20 yards before being downed. O. A. C. worked the ball to the center of the field before the half ended.

At the end of the second half the slippery field had been threshed into a slick mush-like surface. Badly up to this time was the outstanding star for O. A. C. Oregon had made yardage four times and O. A. C. nine times. Oregon passes up to this time had not been getting started to any advantage.
