

WORK OF S. A. T. C. TO GO ON; CHANGES IN ROUTINE COMING

President Campbell Brings Word to Assembly From Head of Corps.

CAMPUS LIFE TO TAKE ON NORMAL APPEARANCE

Academic Work to Replace All Military Courses Except Drill.

That the S. A. T. C. will be continued at the University of Oregon until June from the present plan of General Rees, officer in command of the S. A. T. C., was the message of President Campbell to the students at the assembly Wednesday morning...

The men in training will go on with their work and be paid by the government in the same way, the president said. However, there will be this difference: Courses of military technique for which there will be no particular need now will be dropped and work along the lines that the men are preparing for will be taken up again.

President Campbell returned Tuesday from a meeting of the National Association of Presidents of the State Universities held in Chicago. At that time General Rees, said that he could make no absolute announcements in regard to the future of this organization, a great deal depending on the proclamation of the president concerning the demobilization of the army...

Normal Work to Be Resumed The second term, to begin in January, will thus find a great deal of the normal work resumed, is the belief of President Campbell. The work will be back almost on the old basis with the exception of drill and discipline. The men will be allowed to make their own selection of studies as far as possible.

President Campbell spoke of the opportunity of the men now here to go on with their work with their expenses paid. He emphasized that the new motive now must be for academic work as a preparation for the competition of the period following the war, that of great national development.

Great National Development Coming. "In order to enter into the competition of the new era opening up, and the period of national development coming, we must do our part here wholeheartedly, patriotically, and enthusiastically," said President Campbell.

"A period of great national development is at hand. We are to see soon an era of development such as the country has never known before. Energy will be roused and released to accomplish splendid things. This work of development will probably go on for ten years.

"We are entering upon a period of readjustment that will call for wisdom, self-control, and the finest sort of preparation."

President Campbell spoke further of the mission of British Educators which is now in this country as to the standing of the American colleges and their courses. They declared that the science courses were ahead of theirs and that our schools of law and medicine were the best in the world. This mission will probably visit the west while on their trip.

Singing Led By Y. M. C. A. Director. His talk was concluded with a plea to put over the year and make it the best the University has ever known.

Howard E. Pratt, Y. M. C. A. musical director for the western division, was a visitor at the assembly and led the students in a group of songs ranging all the way from "America" to "Wednesday, noon-oop." He aroused much enthusiasm at the singing.

William F. Vance, secretary of the campus Y. M. C. A., gave a scriptural reading.

S. A. T. C. Clothing Begin to Arrive; Laces Hearten Men

At last. Some of the equipment is here. After many months of weary waiting, the S. A. T. C. has been rewarded. It seemed as though all hope was gone, but it was not so. The quartermasters' department, in its infinite wisdom, has sent on the shoe laces, and the puttee laces, and they have arrived.

About the middle of last week, the story that they had come, started as a fake "war rumor" down at the Delta Tau house. And a few days after the story had been started, the laces actually did arrive. Then the true story started around the campus, but no one believed it. It is doubtful if there are ten people in the University who really believe that the laces are here, but they are.

A cylindrical package about four feet long, and a few inches in diameter, contain the laces for the whole S. A. T. C. How this lone package ever got separated from its brothers and sisters, and wandered into Eugene, no one can tell. But its arrival has cheered up the authorities. At least part of the uniforms are here now and there is a chance that the rest may some time arrive.

PROF. R. L. BARRON WILL GIVE RECITAL

First of Series of Concerts Offered by School of Music at Eugene Theatre.

An attempt is being made by the school of music to give a series of Sunday afternoon recitals at the Eugene theatre. The first recital of this series is to be given by Prof. Robert L. Barron, instructor of violin on December 8th, and the outline of his program is as follows:

- Concerto in E minor.....Nardini
Allegro Moderato.
Andante Cantabile.
Allegretto Giacoso.
II.
(a) Aria.....Tenaglia
(b) Gavotte in G.....Mozart-Auer
(c) Cradle Song.....Schubert-Elman
(d) Caprice No. 14.....Paganini-Brown
III.

Concerto No. 1 in G Minor..Max Bruch
Allegro Moderato.
Adagio.
Allegro Energico.
(a) Chant Negre....A. Walter Kramer
(b) Humoresque.....Felix Borowski
(c) Melody.....Charles G. Dawes
(d) Polish Dance.....Earl R. Drake
Miss Aurora Potter is to accompany Mr. Barron.

It is hoped that the students will give this movement their ardent support as concerts and joint concerts by Mr. Arthur Faguy-Cote, Mr. Robert L. Barron and Miss Eleanor Lee for the entertainment of the college students are being planned.

A University string quartet has been organized, and is composed of Mr. Robert L. Barron, first violin; Alberta Potter, second violin; Mary DeBar-Taylor, viola, and Mr. Harry Devereaux, cello, and they are planning to give a public entertainment soon.

Another organization which has come into existence lately is the University Trio, which is Mr. Barron, violinist; Mr. Devereaux, cellist, and Miss Aurora Potter, pianist, and they will appear soon in one of the Sunday afternoon entertainments.

DEBATE COUNCIL TO MEET

Non-Supporting Activities to Get No Financial Aid.

Since the student body will be unable to finance any activities which are not self-supporting this year, a new arrangement for debate work is necessitated, according to R. W. Prescott, professor of public speaking. The debate council will call a meeting at an early date, the purpose of which will be to determine its future policy. In all probability the usual intercollegiate debate with O. A. C. scheduled for the first term will be postponed, inasmuch as it is doubtful whether or not even any interstate debates can be held with the University of Washington and British Columbia

LAW SCHOOL WILL RESUME REGULAR WORK NEXT TERM

Advanced Courses to Be Given; Also Special Work in Business Law.

The law school will resume its regular work at the beginning of the second term, in January. Dean E. W. Hope announced yesterday. The first term was given over to military law for members of the S. A. T. C.

The regular courses in the law of contracts, sales or bills and notes totaling from fourteen to fifteen credit hours in law will be begun in the school at the opening of the second term. For the balance of this school year these courses may be taken by freshmen, or those holding a high school certificate of graduation—those entering as "partial" students.

Other advanced courses may be given, such as evidence and the conflict of laws, if there is sufficient demand for them. The second and third terms of the first year's law work will be fully cared for.

A special course on the elements of business law has just been begun for the S. A. T. C. It is to take the place of the course in military law which has been dropped in accordance with governmental permission. This course will probably be continued on through the second and third terms, and is now and will be then open to all University students. The course is not necessarily confined to members of the S. A. T. C.

The law school is open to men and women alike and all students who desire to begin or resume their law studies should get into immediate communication with Dean Hope, whose office is in the law library on the second floor of the education building. Dean Hope's office hours are from 10 to 12 mornings and 4:30 to 5:30 afternoons.

JENKINS TELLS OF CAMP

British Teachers at Hancock Praised by Oregon Man.

Oran A. Jenkins ex-19, Sigma Chi who was a second lieutenant of company A in the University battalion last year and who is now a second lieutenant in the machine gun battalion at Camp Travis, San Antonio, Texas, in a letter to Karl Onthank tells of the training received by the men at Camp Hancock. Extracts from his letter follow:

"We received a great deal of training under the British mission at Camp Hancock. We found them excellent teachers and very smart soldiers but none of them had the wonderful personality and leadership of Colonel Leader."

"I think all of the Oregon students who transferred to the machine gun school received their commissions. I feel safe in saying they owe this good record to the splendid training they received at the University under Colonel Leader."

Mr. Jenkins had received his order of assignment to the fourth O. T. C. and would have been a member of that body had it been held. He has just received his appointment at Camp Travis and writes of it:

"I am very much pleased with my new assignment to the 52nd Machine Gun Battalion of the 18th division. The 52nd is a motorized outfit attached to the division and is any machine gunner's first choice."

VACATION PARTY PLANNED

Annual Thanksgiving Affair to Be Given for Girls.

A party for the girls of the University who plan to remain in Eugene over Thanksgiving will be given on Wednesday evening, November 27, at the Y. W. C. A. bungalow. Mellie Parker, chairman of the social committee, is at the head of arrangements.

The Thanksgiving party is an annual affair and has met with success in former years, as there are always a number of girls who do not make the trip home for Thanksgiving. An evening around the fireplace with attending comfortable pastimes is usually the order of events for this party.

TO RESUME EXTENSION WORK

Dr. John Landsbury will go to Portland Friday to resume his extension courses. These classes have not been held for several weeks owing to the influenza situation in that city

DEAN WALKER TO RETURN TO HIS OLD POST AS MANAGER

Expects Discharge From Camp in Two Weeks; to Handle Intramural Sport.

Dean Walker, former director of intramural athletics and graduate manager of the University activities, who went to Camp Zachary Taylor, Louisville, Kentucky, October 26, to enter the field artillery officers' training school, will probably receive his discharge from the camp in two weeks, according to word received from him this morning at the president's office. He expects to return at once to the University.

Walker will then take up his duties as director of intramural athletics and graduate manager. The athletic council and executive committee of the student body gave him a leave of absence as graduate manager. Coach "Shy" Huntington is now serving in the graduate manager position.

At least 25 of the 40 men of the S. A. T. C. who went to Camp Taylor November 9 will return to the University taking advantage of the ruling by the heads of the Students' Army Training Corps that they may be transferred to the S. A. T. C. units, provided they return at once. Dean Walker talked with the men at the camp and telegraphed President Campbell this morning the number he expected to return to the University.

Word had evidently not been received at Camp Taylor, when Mr. Walker telegraphed that the work in the Students' Army Training Corps units would be modified next term and that the men could choose their own courses, provided that they include eleven hours of military drill. Mr. Walker telegraphed that "the men want full college course undisturbed" and so hesitated about returning to the S. A. T. C. organization here. President Campbell wired him this morning of the new conditions of the work for next term and expects that nearly all of the forty men will return to the University when they realize that they can get full preparation for the professions they wish to follow.

The men have the option of transferring back to the S. A. T. C. units or of being discharged.

EUTAXIANS ADD MEMBERS

First Meeting This Term Will Be Last Until January.

The first meeting of the Eutaxian literary society since the lifting of the ban on all public meetings, was held Tuesday evening at 7:00 o'clock in Dr. Schaffer's room in the library. At this meeting it was decided not to hold any more meetings this term. The first meeting of the winter term was set for January 8.

A member of the society is to be appointed by the president to take charge of the programs.

A new office has been created, that of corresponding secretary, and Grace Hammerstrom was elected to serve in that capacity. The University of Wisconsin has written to all the literary societies of the universities of the United States asking for reports of the work done by them. In order to supply this information the new office was created. No outline has been made for the coming year's work, as yet.

It was decided to sell the Liberty bond which the society purchased during the first drive because there are too few members now to finish paying for it. Besides this business a number of new members were taken in. They are Marion Andrews, Dorothy Wootton, Mabel Weiler, Mrs. Katherine Johnson, Ostrid Mork, Louise Davis, Laura Montes, Lois Laughlin, Stella Sullivan, Leona Marsters, Beulah Keagy and Elva Bagley.

DESIGN COURSE OFFERED

Discontinuance of War Work Makes Room for New Class.

A course in structural design will be given next semester by the school of architecture. It was announced yesterday by P. P. Adams, professor of graphics. "The department considered putting in structural design at the beginning of the school year, but owing to the war plans the idea was given up," said Professor Adams. Since the discontinuing of the war courses this work will be given as originally planned."

Where Is Blackie? Friendly Dog Gone; Did Aggies Get Him?

"Blackie" is no more. "Blackie" was a little black dog of indescribable proportions and undeterminable ancestry, who wiggled his way into favor at all the barracks.

Many disputes were held as to just what family of dogs "Blackie" belonged to. One of his chief admirers contended that he was the best living example of the Russian Sniff Hounds, but another one, after "Blackie" had spent a peaceful hour on his bed, stoutly maintained that the dog was the original Mexican Flea hound.

"Blackie's" ever cheerful and happy disposition made him a great favorite at the different barracks. He was always ready for a frolic, and always jolly, no matter how adverse the circumstances.

Last Saturday "Blackie" made his final bow to Eugene. When the men marched to the special train for Corvallis, "Blackie" joyfully followed them, and embarked with the rosters. On the trip over, he frisked about the train, decorated with the Oregon colors, and having the time of his life.

It was his love of a good time that led to his downfall. At the game, he was betrayed by the friendly advances of some of the "Aggie" men, and was whisked away by them. What has become of him, no one knows. Some one heard a report that the O. A. C. contingent was going to paint him Orange and Black and turn him loose. But what his final disposition has been, it is impossible to say. One thing alone is certain: "Blackie" is more than homesick for Eugene.

SONG FEST TONIGHT OPEN TO EVERYONE

Howard E. Pratt, Y. M. C. A. Music Director, Will Lead at Villard Hall.

University students and townspeople are invited to a big song fest tonight from 8 to 9 in Villard hall. Howard E. Pratt, director of music for the western division of the Y. M. C. A., will lead the singing. National anthems, latest war songs, old ballads and nonsense ditties will all be included in the program. The words of the songs will be thrown on the screen.

Men of the S. A. T. C. will attend the sing, in a body, being excused from study hour by Colonel Bowen so that they may have this extra practice under Mr. Pratt.

Mr. Pratt, who came to the University Tuesday afternoon, will be here this week, organizing group singing among the men of the S. A. T. C. He is making a tour of the colleges in the western division, organizing the singing. He was out with the men at drill hour yesterday and will be every day this week. Yesterday's song hit was "K. P." a parody on "K-K-K-Katy." Mr. Pratt says he has any number of new songs and parodies which he is teaching the men. He is emphasizing the importance of rhythm and the marching cadence.

Mr. Pratt, whose headquarters are in San Francisco, came here from Portland. He will leave Saturday for Pullman, Wash., where he will spend next week.

TWENTY-SIX GIRLS IN BAND

Meet Once a Week to Learn Art of Tooting and Drumming.

Twenty-six blowers and drummers, who constitute the girls' band, meet every Wednesday night from 7:30 to 9 with Professor Albert Perfect to learn the art of blowing and drumming in harmony. The clarinet and cornet are the most popular instruments, each having six players.

Following are the members of the band classified in the order of the instruments they play: Cornet, Rita Ridings, Dorothy Dickey, Margaret Wells, Loeta Rogers, Grace Tigard, Frances Wiles; Clarinet, Florence Riddle, Mary Moore, Eva Hansen, Terressa Cox, Isla Gilbert, Mary McArthur; alto horn, Marion Bowen, Evelyn Smith, Elizabeth McHaley; trombone, Patty French, Lela Barnum, Alys Sutton; tuba, Lucile Parson; baritone, Mrs. Peale, Martha Overstreet; saxophone, Marie Holden; drums, Beulah Keagy, Frances E. Baker, Katherine Baker; piccolo, Katherine Dobby.

The drums used by the band are borrowed from the drum corps boys of Eugene, and all instruments have been supplied with the exception of one cornet.

OREGON TEAM OFF FOR CALIFORNIA TO SKIN GOLDEN BEAR

Lineup of Lemon-Yellow to Be Much as in Game With O. A. C.

HOME FANS MAY SEE CONTEST IN THEATRE

Tussle to Be Shown, Play by Play; Berkeley to Be Scene of Clash.

Bound for the sunny south, where they will tackle the University of California Saturday, for the benefit of the allied war work drive, the University of Oregon service eleven left Eugene last night at 11:55 on the San Francisco Express. Accompanying the squad of 17 players were Coach "Shy" Huntington, Trainer "Bill" Hayward, Manager Herald White and Leith Abbott.

The game will be served to the Oregon fans at the Eugene theatre play by play. Those who remember the scene at the same place two years ago, when the Oregon team played in the south, declare that it is almost as much fun as being at the game. Whether this is true or not this is the only way Oregon fans will have to get the dope on the contest.

News from the south regarding the strength of the California eleven has been very meager. The California scribes apparently have hoped that they might spring a surprise on the gang from Oregon by keeping mum on the true strength of the California team.

California Team Strengthened.

One report, which even omitted names, said that two members of the California team who had been sick all season were now back in uniform and would be seen in action against the Mossbacks (which is the name they have hung on the Oregon crew). These two men are members of the last year's California team and are said to be ace high in the football world in the south.

The Oregon team appeared to be in pretty fair condition yesterday, although Joe Trowbridge is still suffering from a Charley horse. The rest of the line seems to have recovered from the game last Saturday with O. A. C. and will be in fine shape by Saturday. Vine Jacobberger is the only backfield artist who is any the worse for wear, but he is not out of the running by any means.

In the backfield "Shy" Huntington has picked "Nish" Chapman, Eddie Durno, and John Watson to make the trip in case anything should happen to any of the quartet. F. and V. Jacobberger, Brandenburg and Blake. The same backfield line-up that started against O. A. C. will probably start the game on the Berkeley oval next Saturday.

No Change in Line.

On the line there will be Callison at center, Mautz and Harding at guards, Trowbridge and O'Rourke at tackles, and Wilson and Howard at ends. The sub in this department will be St. Starr, "Stuffer" Dresser, and "Sooty" Strachan. The line will be just the same as started last week-end at Corvallis and, if they do as good work as they did at the cow college, California is in for some contest.

The game will be called at 2:30 on the oval in Berkeley. Instead of in San Francisco as previously announced. The Berkeley field is a grass one and is about as fast as any in the country. This should be to Oregon's advantage, but it remains to be seen just what the fate of the Lemon Yellow will be. The Oregon team is a long way from home, as a strange field and will have the rosters all against them.

GLEE TRYOUTS CONTINUE

Preliminaries Ended; Second Tests to Be Furnished Next Week.

The women's glee club tryouts are being continued throughout this week and probably will not be finished before the end of next week. The preliminary tryouts have been finished. The second tryouts are to be held this week and next.

The second tryout for first soprano was held Wednesday night in the music building at 5 o'clock.
