

FRESHMEN QUINTET IS PRACTICING HARD

Squad has Promising Men Who Are Competing Keenly for Places.

The freshman basketball team looks like a million dollars, but the men need lots of hard work on team practice. Shy has picked a tentative team so that the men will develop team work. The squad is out working hard every night. Last night the frosh played a practice game with the Varsity. The frosh succeeded in getting six baskets. The men who played against the Varsity were Latham, center; Veatch and Moore, forwards; Beller and Jacobberger, guards.

Some of these men and others who are out for the team are showing lots of class. Beller, the Pendleton star, burns up the floor with speed and shoots baskets unerringly. Francis plays a good game at guard and with Vincent Jacobberger at the other guard position ought to make it hard for the O. A. C. rooks to score. "Trink" Callison is making a strong bid for one of the guard positions. "Trink" is a big husk and seems to be gaining more speed every day.

At center, Marc Latham, a big six-footer from Salem high school, is doing wonders. Latham's playing is a surprise, as he is one of the fastest men out for the team. Marc pulls shots that show considerable basketball experience. There is considerable competition for the forward positions. Veatch and Moore form a good combination at forward. Both men are fast and after the ball all the time.

The contest for places on the team is keen, and every man out is going to have to do lots of hard work to win a place. "Shy" will probably pick his frosh team some time this week, so that they can work out together for the first game. The O. A. C. contest will certainly be played within the next few weeks.

MISS UPLEGER IN MANILA

Acting as Librarian in the University of the Philippine Islands.

Miss Margaret C. Upleger, former reference librarian at the University of Oregon, has recently accepted a position in the University of the Philippines at Manila. She began as assistant librarian of the Bureau of Sciences, and assistant professor of the Library of Science, and now holds also the position of librarian in the college of Liberal Arts, School of Education and Business Mens' library.

In a letter to M. H. Douglass, librarian of the University of Oregon, she writes:

"I have had a fine trip and even got in a typhoon. The Orient is certainly fascinating. Money is easy to get but workers and buildings are at a premium."

Miss Upleger was with the University of Oregon for six years, leaving in the spring of 1918.

EXTENSION HEAD TO LECTURE

John C. Almack, director of the University extension division, will lecture at Cottage Grove next Friday evening. This will be the last of a series of four extension lectures scheduled for Cottage Grove. The schedule has been somewhat delayed because of the ban on public meetings.

GREGORY ON EXTENSION TRIP

C. A. Gregory, professor of education, will make the extension trips to the Elmira, Crow, Thurston and Creswell high schools this week.

CLASS TIME SET

Miss Elizabeth Hogg will meet classes in typewriting at 2 o'clock on Wednesday and Friday afternoons.

JUNIOR CHALLENGE

The junior class challenges any or all other classes in the University for a basketball game, dates to be arranged.

Y. W. BIBLE STUDY PLANS UNDER WAY

Faculty Women Chosen to Lead Different Groups of Girls.

Several Bible classes for University women are starting this week on the campus. Each group of women is to have a class which is to meet once a week under the direction of a leader, but plans have not yet been entirely completed for work in all groups. It is hoped by Miss Tirza Dinsdale, general Y. W. C. A. secretary, that all classes will be organized by next week.

Miss Mary Perkins is to instruct two Bible classes, one at the Pi Beta Phi house, and the second at her home on Ferry street. Upperclassmen who are willing to take in their turn groups of freshmen to instruct will be admitted to Miss Perkins' select group. Mrs. Mable Holmes Parsons will be instructor of the Kappa Alpha Theta class and will begin work tomorrow night. Mrs. E. E. ReCou will be leader at Alpha Phi and Miss Gladys German, at Kappa Alpha Theta. Professor A. R. Sweetser is to have a class on the campus, but definite arrangements have not yet been made for this. This week he will speak to the young women of Hendrick's Hall on the subject "Evolution and the Bible." Miss Dinsdale is to be instructor for the Hendricks Hall upperclassmen, Miss Gertrude Talbot for the sophomores, and the freshmen will have young women from Miss Perkins' class for instructors.

Plans for the other groups are being made, but are not yet ready to be announced. There are to be classes, for town girls, and these are being arranged by a special committee which is now at work getting the schedules of girls who want to enter such a class.

FACULTY TO DECIDE ON YEAR SCHEDULE

Merits of Term and Semester Plan to be Discussed Tomorrow.

The faculty will decide at a special meeting in Guild hall at 4 o'clock Wednesday the question of keeping the three term plan of schedule or returning to the semester schedule.

The term plan, instituted in the University as a war measure, meets the general approval of approximately two-thirds of the faculty members according to Dr. Boynton, chairman of the faculty Schedule Committee.

Questionnaires were sent out to the members of the faculty to obtain their views on the subject, and as a result of the replies the majority of the committee on year schedule approve of the term plan as far as their personal class work is concerned, Dr. Boynton said.

Term Plan More Intensive. The majority report holds that the three-term schedule with its more intensive work and minimizing of interruptions at the recesses more than offsets the more frequent registrations.

This form of schedule, the majority holds, fits the works in most of the departments better than the semester plan. It is also felt that this plan has not as yet had a fair trial. For these reasons the majority recommends that a careful study be made during the rest of the year of this plan as regards the number of students entering at the beginning of the winter term, the number of students leaving at the end of the winter term, and the attitude of the high schools toward it.

Objections to Term Plan.

The main objections to the three term plan as stated by the minority committee is that it interferes with the high school schedule and as a result the high school students are likely to enter other colleges where the schedule better suits their convenience. The term plan also makes it very difficult for the University students taking practice teaching work in the high schools. The minority committee also holds that this schedule necessitates the expenditure of a week's extra time in purely mechanical process of registration and examination. This plan also limits the number of courses given particularly in the smaller departments.
