FRENCH GIRL COMES TO WED EUGENE MAN

College Women Try Talking to Mile. Bremont. Who Speaks no English.

University girls who are studying French are having the experience of entertaining the first French girl to arrive in Eugene and at the same time are getting some practice in talking with a native of France. Miss Amelie Bremont, from Dax, near Bordeaux, France. arrived in the United States ahead of her soldier fiance and is now staying at the home of her betrothed's mother, Mrs. Anna Peterson, 856 Twelfth avenue east. She was a guest at the Y. W. C. A. bungalow Thursday afternoon.

Miss Bremont met Harold O. Peterson of the 20th Engineers when the regiment was stationed at Dax nine months ago. When orders came that his company was to return to the United States, he had little difficulty in persuading her to go also as her home was broken up, having lost her father, two brothers and many cousins in the war. After sending Ballet Music from Faust. Part I her over on one steamer while he expected to follow immediately on another, his regiment was ordered to stay in France, and he sends word that he does not know when he will be home.

Knows Bitterness of War. Since her arrival in the states about four weeks ago, Miss Bremont has picked up several English words. She kept in touch with the Red Cross on her way across the continent and they also helped her out in New York and Chicago. Her English pronunciation, when she can be persuaded to talk is very clear and it will probably not be many months before it will be difficult to distinguish her from Vaudeville Stunts will be Part ants from the Valley. Silverton has dean American girl. Her appearance is already in favor, as she has light brown hair which she wears fluffed around her small face, a fair complexion and large blue eyes which can smile very sweetly but with a touch of sadness lingering in them, for this young girl has suffered much from the war. While the men of her family were at the front, she did her bit by working in a munition factory as did all the girls of her acquaintance. Miss Bremont made her home with an aunt,

American engineers. Miss Bremont says she likes America and has no desire to return to her native land. She has become an ardent movie fan. She insists on calling the movies "cinemas" however.

BASKETBALL TEAMS STILL TO BE PICKED

Members of High School Tournament not Yet Decided: All Busy on Plans.

The teams which will enter the state interscholastic basketball tournament to be held next week-end at the University have not yet been determined, according to Shy Huntington. Several of the schools have not been heard from and in many of the districts, the teams which will enter the tournament have not yet been determined.

Willamette University is staging a basketball tournament for the high schools of the Willamette Valley this week-end, and it is thought that the valley champions may be determined there, although it is not thought that Silverton and Eugene will send teams to that tour-

will not wind up until March 14. Lincoln, now leading the league, is thought | check." to have the best chance to send a team to the tournament, although many last minute surprises may happen in the Portland league.

Hood River and Bend will battle for the basketball championship of Central Oregon on March 12. It will not be uer, has received a month's leave of known definitely until then who will represent that district, as the championship appears to lie between those two high schools.

In the Willamette Valley, Silverton leads the field in point of percentage, but it is possible that other teams may be allowed representation in view of the fact that several of the games, only one point decided the winner. Salem and Eugene appear as other likely contestfeated both of these teams once, by one point, and thereby bases her claim. Salem won once from Eugene by one point, and lost by one point, although she has been beaten by Silverton.

Ashland appears to be the most likely representative from Southern Oregon, although nothing has been heard from that district. Most of the southern towns put up good teams, and the contest is usually close.

Nothing has been heard from lower Columbia district. Astoria, Clatskanie, and Ranier usually fight it out in that district where basketball is the big sport

Pendleton, Baker, and LaGrande seem to be staging a close contest in the Eastern Oregon district, and the school which will represent that section in the tournament as yet is not determined. Nothing has been heard from the Coos Bay region but it is almost certain that some team will represent that section.

INCOME TAX TO BE TOPIC

School of Commerce will Cooperate in Series of Portland Lactures.

Under the auspices of the University school of commerce and the American Institute of Banking a series of lectures will be given next week in the commerce extension rooms, 421 Oregon building, Portland, on the various phases of the income tax law and its application by the deputies of Milton Miller, internal revenue collector there.

Bank clerks will be present at the meetings and will be prepared to help the men fill out the tax blanks and answer questions. No fee will be charged be retained for the purpose of making affidavits to returns. In doing this the banks are rendering a great service to the public, as most men know very little about the intricacies of the income taxx, according to Dean D. W. Morton, of the school of commerce.
