

# PHYSICAL EDUCATION TO BE TOPIC OF FOUR

**Women Will Have Opportunity  
to Hear Lectures in Summer School**

Four prominent men have been chosen to give lectures to the women attending the physical education summer school at the University. They are Dr. Calvin White, a prominent Portland physician who will lecture on "The Opportunities of a Physical Education Teacher from the Physical Standpoint;" Dr. E. S. Conklin, a member of the University faculty, who will speak on "Physical Education Activities from the Point of View of a Psychologist;" W. R. Rutherford, superintendent of the Eugene city schools, "The Problem of Centralized Health Work in the Small School System;" and Bishop Walter T. Sumner, who will lecture on "Directed Physical Activities a Social Safeguard." These are four of the special lectures which will be given during the summer sessions by men who are experts in their particular lines of work. Other lecturers will be secured later.

**To Perfect Classes Early**  
Letters telling of the courses to be offered by the women's physical training department in its summer school have been sent out to county superintendents and supervisors and already cordial replies are coming to Miss Mabel Cummings, head of the department. It is hoped that the organization of the summer school classes will be perfected before the beginning of sessions, so that the condensed program provided may start on the very first morning without any delay.

Courses offered to teachers of physical education include practically every form of physical education that may be in demand. If there is a demand for things not provided in the program, the need will be met, as it is the object of the summer school this year to give the most condensed and valuable course that it possibly can. Word has been received that the new state course of study for physical education will be completed by the beginning of the summer term. This will aid the department in further planning its summer work.

During the term, graduates of the physical education department will give a demonstration of interpretive dancing. No class in aesthetic dancing will be formed unless there is a demand. There will be an exhibit of various physical examination forms and in connection with this a demonstration of the Leslie-Moshier Schematograph, an instrument for tracing faulty posture. A series of posture tracings will also be on exhibition.

**Experience to be Gained**  
Practical teaching experience will be obtained when classes of children will be taught playground games, folk-dancing and swimming. This will be under the supervision and criticism of Miss Cummings. Two hours a week of this work will be required.

This week, information leaflets are being sent out by the department in conjunction with the men's physical training department. Anyone desiring them may make application to Miss Cummings.

**ORCHESTRA GIVES CONCERT**  
Musicians Offer Program Requiring Exceptional Skill

The University orchestra gave a program in the Villard hall at the University Sunday afternoon, which showed the ambition of the players to be able to play those selections composed by the best masters. The best number of the program was the ballet music from Faust, played in light, delicate rhythm.

A feature of the program was that Professor Robert Louis Barron conducted the whole program without a score, a thing rarely attempted with an amateur musical organization.

Miss Eleanor Lee's singing was characterized by a full rich tone, her interpretation of the selection from Samson and Delilah being especially effective, though the support in the accompaniment was not all it should have been.

The cello solo by Harrison Devereaux, though good, was overtopped by the volume of the orchestra accompaniment, which, however, in places harmonized beautifully with the leading instruments, showing the possibilities of the selection.

The last number on the program, and one which always charms an audience, was the selection from William Tell, for the flute notes which come out so clearly in the middle of the piece as played by Frank Badollet gave the atmosphere of the mountains and wooded hills.

## Society

Now that Lent is over even more social activity may be expected on the campus. Socially, the campus has been rather quieter than usually during the Lenten season, but the rest of the year is crowded full of all sorts of social events. Every week-end is busy, even more so than in former years. Students are studying during the week and devoting the week-ends to pleasure.

A prominent guest on the campus is Mrs. Vesta Lockwood Watson, grand secretary of Chi Omega. Mrs. Watson, whose home is in Washington, D. C., is on a trip of inspection through the west and will leave in the morning for Corvallis, where she will be a guest at the O. A. C. chapter of Chi Omega.

Lillian Boylen, ex-'19, left for her home in Pendleton Sunday after spending several days on the campus. While here she announced her engagement to John Bull, ex-'18, a member of Kappa Sigma.

Gladys Conklin, '18, who is teaching in Eugene, entertained at a delightful Easter breakfast at her home last Sunday morning. Sweet peas and lilies of the valley decked the table, while bunnies marked the guest's places.

Those invited to this beautiful party were Lucile Stanton, Helen Anderson, Gene Geisler, Marguerite Hamlin, Marian Conklin, Joe Trowbridge, Glen Stanton, Leith Abbott, Estes Brosius, Harold Conklin and Morris Morgan.

Yesterday afternoon members of Chi Omega entertained at a charming tea in honor of their visiting grand officers, Mrs. Vesta Lockwood Watson, who is their guest. The rooms were decorated simply in cut flowers. Mrs. P. E. Snodgrass and Mrs. Harold Cockrill presided at the tea table during the afternoon, while Dean Louise Ehrmann, Miss Nancy Calhoun Johnson, Mrs. Vesta Lockwood Watson, Mrs. Roy Stickle, Mrs. F. M. Wilkins and Nellie Reidt were in the receiving line. Guests at this delightful affair were half a hundred prominent towns and college folk.

Mr. and Mrs. Larue Blackaby were in Eugene for several days last week. Mr. Blackaby graduated from the University in the class of 1918 and is a member of Alpha Tau Omega.

Eric Hauser, former student of the University, spent the week-end at the Phi Gamma Delta House of which fraternity he is a member.

The juniors of Delta Tau Delta entertained Sunday a dinner. The guests were: Mr. and Mrs. Hyde, Katherine Wilson, Margaret Gray, Celeste Foulkes, Edna Howd, Nell Gaylord, Frances Tate and Margaret Whitton.

Mrs. R. L. Tegar, Ella Dews and Rachel Parker were Sunday dinner guests of Sigma Nu.

# NEW WORK CUT OUT FOR CAPT. M'CLURE

**Oregon Graduate Hears He is to  
be Athletic Officer of  
First Division**

Captain Walter McClure, graduate of the University of Oregon in the class of 1913, at present at the head of a company in the 26th infantry, on the Rhine, in a letter received yesterday by his mother, Mrs. O. Bennett, of Eugene, writes that he has heard he is to be detailed as athletic officer of the first division, but is hoping to be allowed to remain with his company.

"I am detailed, I hear," the letter says, "as division athletic officer in Montauban, to leave in the morning. I will try to get out of it, as I don't want to leave my company, and want to tour the battlefield. I am to have a Cadillac car and a motion-picture machine to help make the history of the First division."

"I am enclosing an order that I want you to save, as it's my authority for wearing two wound stripes. I guess I will get authority for another if I ask for it, but two are enough on my right arm."

"I may get in shape and run, as there is to be a big meet in Paris. At any rate I'll see the races."

In a letter dated March 22, written to his sister, Miss Nellie McClure, Captain McClure says he has been attending an officers' school for two weeks at Montauban and feels sure that he has passed the examinations. His battalion, he said, had been moved from outpost duty and was in reserve, where they had better billets and less guard work. He will have three months' leave in November, which he is hoping to spend at his home here.

## 5 OFFICERS NAMED IN OREGON R. O. T. C.

**Attendance at Drill Saturday  
Better; Extra Equipment  
Arrives**

Lieutenant Colonel Baird, assistant professor of military science and tactics, has announced five of his officers for the R. O. T. C. on the campus for the remainder of the term. The men selected are: cadet major, Estes Brosius, Wayne T. Laird, Arnold Koepke, John Gamble; first lieutenant, Evon Anderson. Colonel Baird will appoint the rest of the battalion officers as soon as the men show sufficient qualifications. A selection of non-commissioned officers will also be made in the near future.

Ninety-five R. O. T. C. men reported for drill Saturday morning, which was a lot better showing than has been made so far this term, according to Colonel Baird.

Several men, he said, came to him after drill Saturday and told him that they found Saturday morning drill more satisfactory than the three one-hour periods through the week. Colonel Baird believes that interest is growing in the organization and that each drill will see a better attendance.

Additional equipment, consisting of 199 pairs of army shoes and 110 shirts, have arrived at the barracks. A motion picture film from Washington, D. C. has been received which will be shown in the near future, according to Colonel Baird. Every stage of the

Browning Automatic rifle in operation will be covered. Sand tables are being constructed. These will be used in the class room for making relief maps of the topography of a given section of country.

**PHILIPS IN PORTLAND POSITION**  
Norman Y. Philips, a junior in the University last year who left to become a lieutenant in the field artillery has been mustered out and has accepted a position as shipping clerk with the Portland Seed Company. Mr. Philips is uncertain whether or not he will return to school next fall.
